Buckle Down Aims:

Ready? Fire! Aim Later. Thomas Stepkoski, 2020-04-11 Tom Stepkoski helps you understand the intricacies of self development through his research of the most successful individuals in the world He coordinated their extremely easy habits 16 in all into a simple collection for you to remind yourself about These are reminders in the sense that you have seen them before but sometimes do not apply them regularly When applied regularly it is like creating a super hero from scratch with 16 must have super powers like self discipline doing needle moving activities embracing change being the best version of yourself using your grit as opposed to your skills being aware of naysayers and many more Each chapter is a lesson in itself with a description of the super power examples of how it is used and reasons why people sometimes have a difficult time incorporating them PLUS a story of his two fictitious characters Joe and Frank in each chapter a call to action for the reader and extra room at the end for your notes

Cold Aim Janice Cantore, 2019 Includes an excerpt from Crisis shot the first book in the Line of duty series

Escape Fire Donald M. Berwick, 2010-12-17 Spanning a decade 1992 2002 these speeches echo the theme that our health care system needs fundamental change and a revolutionary new design Throughout the book Berwick identifies innovations and ideas from a number of surprising sources a girls soccer team a sinking ship and the safety standards at NASA Escape Fire takes its title from the 1949 Mann Gulch tragedy in which thirteen young firefighters were trapped in a wildfire on a Montana hillside The firefighter s leader Wag Dodge devised a creative solution for avoiding the encroaching fire He burned a patch of grass and lay down in the middle of the scorched earth His team refused to join him and most perished in the fire Dodge survived Berwick applies the lessons learned from the catastrophe to our ailing health care system we must not let ingrained processes obstruct life saving innovation Not content to simply define the problems with our flawed system Berwick outlines new designs and suggests practical tools for change name the problem build on success take leaps of faith look outside of the medical field set aims understand systems make action lists and the most fundamental of all never lose sight of the patient as the central figure
