

A dramatic mountain landscape at sunset or sunrise. The sky is a deep orange-brown, and a thin crescent moon is visible in the upper center. The mountain peaks are dark and rugged, with some snow or light-colored rock patches. The overall mood is serene and majestic.

 A study of the historic World War II naval battle the first involving aircraft carriers and first in which neither warship was in
 sight of the other By the beginning of May 1942 five months after the Pearl Harbor attack the US Navy was ready to
 challenge the Japanese moves in the South Pacific When the Japanese sent troops to New Guinea and the Solomon Islands
 the Americans sent the carriers Lexington and Yorktown to counter the move setting the stage for the Battle of the Coral Sea
 In this book historian Robert C Stern analyzes the Battle of the Coral Sea the first major fleet engagement where the
 warships were never in sight of each other Unlike the Battle of Midway the Battle of the Coral Sea has received remarkably
 little study Stern covers not only the action of the ships and their air groups but also describes the impact of this pivotal
 engagement His analysis looks at the short term impact as well as the long term implications including the installation of
 inert gas fuel system purging on all American aircraft carriers and the push to integrate sensor systems with fighter direction
 to better protect against enemy aircraft The essential text on the first carrier air campaign Scratch One Flattop is a landmark
 study on an overlooked battle in the first months of the United States engagement in World War II His research into sources
 on both sides is exhaustive and he has used Japanese translators where necessary and appropriate to best illuminate
 materials His effort has taken years of meticulous scholarship and it shows Highly recommended Lisle A Rose The Northern

No One Wins Alone Mark Messier, Jimmy Roberts, 2021-10-26 Everybody has value and should be made to feel that way. That was one of our fundamental tenets, and we all bought into it completely. We believed that if you've built the right culture, a culture of inclusion, then an important contribution could just as likely come from a guy who says he's keeping his fingers crossed to hang on with the team as from one of the stars.
