Johnston, Jane, Charter, Mark, Bell, Derek, 2002-01-01 What is good teaching and learning in the primary school How can teachers manage the whole curriculum and still educate the whole child and raise standards How can teachers be in critical dialogue with each other and with the curriculum in their search for improvement What is the role of the teacher in the new primary curriculum This wide ranging book seeks to address these questions and to provide a comprehensive overview of the whole primary curriculum It aims to develop teaching throughout primary education and to support teachers in the effective delivery of the curriculum There is a particular focus on recent changes in primary education The contributors consider how teaching methodologies need to adapt to these changes to meet the needs of children and raise standards in school

Throughout the book emphasis is placed on effective teaching and learning methodologies the importance of quality interaction in the classroom the role of the teacher in teaching and learning and the experience of the child Exemplars of good teaching are provided in each chapter as well as thought provoking ideas for good practice **AI with Intention** Tony

Frontier, 2025-05-16 Make sure your tech initiatives put students first with this robust guide for teachers and school leaders With new artificial intelligence tools sweeping into districts and schools educators must be able to assess the tools benefits and limitations and determine if and how they might serve students Teaching and leadership expert Tony Frontier provides the insight and knowledge necessary to use these tools effectively and responsibly AI with Intention presents guiding principles and action steps that address both the issues and the opportunities that come with artificial intelligence School leaders will learn how to cultivate a schoolwide understanding of AI implement student centered practices that support academic integrity and ensure that effective teaching and learning remain the school's top priority Teachers will learn how to efficiently and effectively use AI tools to help their students engage in the productive struggle necessary for learning New and evolving technologies can be exciting but as Frontier points out how we respond to innovation is more important than the innovation itself This book is a roadmap for all educators looking to better understand and incorporate AI in ways that support rather than undermine effective teaching and learning Learning Elementary Biology for Class 8 S.
