

EXAMPLE OF ROMAN NUMBER OUTLINING

Creation of a Nation

(An outline always has a title that tells you what the outline is about)

I. The American Revolution (1776 –1783)

A. The Early Years of the War

Use Roman numerals for each main topic. Write each main topic in the same way. Write in sentences or phrases, but capitalize the first word. A main topic is a very important idea and is comparable to the headings in textbooks. Use a capital letter before each subtopic: A,B,C, etc. Indent subtopics under the main topics. Subtopics give more information about the main topic. Use an Arabic numeral for each detail under subtopics: 1,2,3,etc. Indent details under subtopics. A detail is an extra piece of information that helps make the subtopic clearer.

1. Americans Divided

- a. 40-50% Patriots
- b. 20-30% Loyalists
- c. Thomas Paine

(1) Common Sense

d. Continental Congress in Philadelphia

2. Creating an Army

- a. George Washington (CINC)
- b. Four Major-Generals Selected
- c. Continental Army

(1) 17,000 total at any one time in uniform

3. Struggle for the Middle Colonies

- a. British led by General William Howe
- b. Battle for New York

Notice it is not written in complete sentences; but instead it reflects a paraphrasing approach.

Sentences should be clear, concise and to-the-point and not more than SEVEN words in any one line.

Notice how the headings go from very broad topics to narrow details; also, watch the consistencies of the indenting.

Notice how the indentions are lined up under each other.

Lower case letters and numbers in parenthesis indicate facts, details, specifics, etc.
