

Our "Best Ever" Troy-Bilt

Troy-Bilt Tillers are made to last and give gardeners the most value for their money. Models are priced and sized for every garden...Please see some of the most exciting highlights below.

The JUNIOR...For Small, High Yield Gardens!

At last, here's really good news for people who have felt their gardens were too small for a Troy-Bilt. The JUNIOR is smaller, lighter, and less than half the cost of our larger models. It will handle all the important jobs our larger models will, but is designed to be especially easy to maneuver (and store) — for folks with limited space.

The PONY...Our Popular Mid-Sized Tiller!

The improved PONY model is all the tiller most folks with averaged size home gardens will ever need. It will till as deep as 8 inches, bust sod, and even power compost cornstalks. With its 2" wider tilling path and bigger tractor tread tires the PONY will cover more ground faster than the JUNIOR...

allowing you to comfortably handle a garden up to 3,000 square feet.

Plus...the PONY's rugged 5 HP Briggs and Stratton engine now comes standard equipped with a solid state Magnetron[®] Ignition system. This means no more points, condensers or conventional tune-ups.

Our Brand New "PTO" HORSE & "PROFESSIONAL" Models!

Not since we first introduced the Troy-Bilt Horse over 22 years ago have we made such a dramatic design and engineering improvement to our most popular model line! Now with its fabulous new PTO capability...you can turn it into a dozen work and time saving machines in one...from a powerful log splitter to a handy portable generator!

And the great thing is that we were able to do all this without compromising the "in-the-garden" tiller performance of our Horse & "Professional" models one bit. In fact, they're even stronger than ever.
