The American Dream Edward L. Pearson, 2017-10-19 Two young men were brought to the American colonies one from England and the other from East Africa Neither was here by choice since they were both brought here as slaves That's right even the one from England At this point life did not offer either of them a

great deal of promise There was no racial distinction only one of class The British noblemen running the show had but one objective and that was to turn the American colonies into their own kingdoms The patriotic sentiments expressed in our founding documents were chiefly those of the peasantry The last thing the ruling class sought was liberty and justice for all Their primary concern was who might serve them in their domains As the events of America s history began to unfold the two young men and their descendants were caught up in the development of our nation The only guiding principle was a belief in freedom and equality The peasants were not prepared for the duplicitous designs of their leaders They went along with the program believing that those in charge had their best interests at heart Today we remain victims of that duplicity It still exists because we are either unaware of it or we have simply resigned ourselves to the inevitable We have been conditioned to blame one another for our losses when in fact we are all victims of the same grand design The good thing is we possess the power In our democratic society we the people are the ultimate overseers Though the American dream may differ somewhat from person to person it is still the guarantee that we will be allowed to achieve our dreams *The 1961-1970: American Film Institute Catalog of Motion Pictures Produced in the United States* American Film Institute,1997 Back in print after more than fifteen years this American Film Institute Catalog covers the decade of the sixties This was the era in which films began to challenge the taboos on sex and violence and treated social issues in a new light Included in this volume are The Wild Bunch Bonnie and Clyde Guess Who s Coming to Dinner and Who s Afraid of Virginia Woolf The decade also produced such all time classics as The Sound of Music To Kill a Mockingbird and The Graduate **Weekly World News** ,2000-07-25 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site
