The ABC's of Science Giuseppe Mussardo,2020-11-05 Science with its inherent tension between the known and the unknown is an inexhaustible mine of great stories Collected here are twenty six among the most enchanting tales one for each letter of the alphabet the main characters are scientists of the highest caliber most of whom however are unknown to the general public This book goes from A to Z The letter A stands for Abel the great Norwegian mathematician here involved in an elliptic thriller about a fundamental theorem of mathematics while the letter Z refers to Absolute Zero the ultimate and lowest temperature limit 273 15 degrees Celsius a value that is tremendously cooler than the most remote corner of the Universe the race to reach this final outpost of coldness is not yet complete but similarly to the history books of polar explorations at the beginning of the 20th century its pages record successes failures fierce rivalries and tragic desperations In between the A and the Z the other letters of the alphabet are similar to the various stages of a very fascinating journey along the paths of science a journey in the company of a very unique set of characters as eccentric and peculiar as those in Ulysses by James Joyce the French astronomer who lost everything even his mind to chase the transits of Venus the caustic Austrian scientist who perfectly at ease with both the laws of psychoanalysis and quantum mechanics revealed the hidden secrets of dreams and the periodic table of chemical elements the young Indian astrophysicist who was the first to understand how a star dies suffering the ferocious opposition of his mentor for this discovery Or the Hungarian physicist who struggled with his melancholy in the

shadows of the desert of Los Alamos or the French scholar who was forced to hide her femininity behind a false identity so as to publish fundamental theorems on prime numbers And so on and so forth Twenty six stories which reveal the most authentic atmosphere of science and the lives of some of its main players each story can be read in quite a short period of time basically the time it takes to get on and off the train between two metro stations Largely independent from one another these twenty six stories make the book a harmonious polyphony of several voices the reader can invent his her own very personal order for the chapters simply by ordering the sequence of letters differently For an elementary law of Mathematics this can give rise to an astronomically large number of possible books all the same but then again all different This book is therefore the ideal companion for an infinite number of real or metaphoric journeys Abc's of Ministry David E. Holt,2008-08 Holt provides practical steps and proven techniques to strengthen a person s life in ministry A bonus how to section pertaining to weddings baby dedications baptisms and funerals is included **Abc's = about Basic Child Care** Enrique G. Show, 1961-10 **The Innocence Commission** Jon B. Gould, 2009-11 Beyond Exonerating the Innocent Author on WAMU Radio Convicted Yet Innocent The Legal Times Review Choice Outstanding Academic Title for 2008 DNA testing and advances in forensic science have shaken the foundations of the U S criminal justice system One of the most visible results is the exoneration of inmates who were wrongly convicted and incarcerated many of them sentenced to death for crimes they did not commit This has caused a quandary for many states how can claims of innocence be properly investigated and how can innocent inmates be reliably distinguished from the guilty In answer some states have created innocence commissions to establish policies and provide legal assistance to the improperly imprisoned The Innocence Commission describes the creation and first years of the Innocence Commission for Virginia ICVA the second innocence commission in the nation and the first to conduct a systematic inquiry into all cases of wrongful conviction Written by Jon B Gould the Chair of the ICVA who is a professor of justice studies and an attorney the author focuses on twelve wrongful conviction cases to show how and why wrongful convictions occur what steps legal and state advocates took to investigate the convictions how these prisoners were ultimately freed and what lessons can be learned from their experiences Gould recounts how a small band of attorneys and other advocates in Virginia and around the country have fought wrongful convictions in court advanced the subject of wrongful convictions in the media and sought to remedy the issue of wrongful convictions in the political arena He makes a strong case for the need for Innocence Commissions in every state showing that not only do Innocence Commissions help to identify weaknesses in the criminal justice system and offer workable improvements but also protect society by helping to ensure that actual perpetrators are expeditiously identified arrested and brought to trial Everyone has an interest in preventing wrongful convictions from police officers and prosecutors who seek the latest and best investigative techniques to taxpayers who want an efficient criminal justice system to suspects who are erroneously pursued and sometimes convicted Free of legal jargon and written for a general audience The Innocence Commission is instructive informative and highly compelling reading *ABC's of the*

Human Body, 1987 Discusses the major systems of the body in a question and answer format Empire: William S. Paley and the Making of CBS Lewis J. Paper, 2025-04-26 A detailed exploration of how Bill Paley 1901 1990 took a fledgling radio network in 1927 and built it into one of the major media empires of the 20th century Relying on primary source materials and interviews with past CBS employees including legendary CBS President Frank Stanton and ousted CEO Tom Wyman reporters and other observers like David Halberstam former CBS entertainers like Jackie Gleason and George Burns Paley's former wife and Paley himself the author explains how Paley used his considerable family wealth talent often developed on the rival NBC network and business ingenuity in a single minded effort to maneuver CBS into a powerhouse position often without regard to the consequences to his employees and his own family It is the story of a paradoxical man whose ultimate goal was to enjoy life to the fullest Born in 1901 in Chicago the son of Russian Jewish immigrants William Paley first encountered broadcasting in its infancy while placing radio advertising for his father's cigar company In 1928 at 26 he bought a controlling interest in what soon became the Columbia Broadcasting System Balanced well researched and highly readable the biography provides a portrait of an American businessman and his leadership of an enterprise that has transformed national life Never an innovator Paley built CBS out of shrewd bargaining heavy investment and good timing A charming driven man of exquisite personal taste he focused above all on programming where quality was important but high ratings essential This deserves a high place among the essential books on TV Publishers Weekly the most penetrating biographical look thus far at a complex man whose CBS boots are still firmly on Washington Post Paper's book is an anecdotal delight and a starter kit for understanding the American phenomenon that is television Chicago Tribune Paper's mix of broadcast history and anecdotal style serves to flesh out a story of power ambition and influence Duluth News Tribune Herald straightforward and compelling Los Angeles Times a rather fascinating account of the CBS Chairman's life and times Booklist you've gotta read the book Toledo Blade an extraordinary and first rate study of the exercise of power Virginian Pilot Ledger Star Paper writes with balance and good taste as well as with a sharp ear for anecdote Palm Beach Life
