Jkuat Law Fee Structure:

Sustainable Finance, Digitalization and the Role of Technology Bahaaeddin Alareeni, Allam Hamdan, 2022-07-13

This book constitutes the refereed proceedings of the International Conference on Business and Technology ICBT2021 organized by EuroMid Academy of Business Technology EMABT held in Istanbul between 06-07 November 2021. In response to the call for papers for ICBT2021, 485 papers were submitted for presentation and inclusion in the proceedings of the conference. After a careful blind refereeing process, 292 papers were selected for inclusion in the conference proceedings from forty countries. Each of these chapters was evaluated through an editorial board and each chapter was passed through a double-blind peer review process. The book highlights a range of topics in the fields of technology, entrepreneurship, business administration, accounting, and economics that can contribute to business development in countries such as learning machines, artificial intelligence, big data, deep learning, game-based learning, management information system, accounting information system, knowledge management, entrepreneurship, and social enterprise, corporate social responsibility, and sustainability, business policy, and strategic management, international management and organizations, organizational behavior, and HRM, operations management, and logistics, research, controversial issues in management and organizations, turnaround, corporate entrepreneurship, innovation, legal issues, business ethics, and firm governance, managerial accounting, and firm financial affairs, non-traditional research, and creative methodologies. These proceedings are reflecting quality research contributing theoretical and practical implications for those who are wise to apply the technology within any business sector. It is our hope that the contribution of this book proceedings will be of the academic level which even decision makers in the various economic and executive level will get to appreciate. *Rural Development Abstracts*, 2007 **Cyber**

Law in Kenya Isaac Rutenberg, 2019-03-22. Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical guide to cyber law, the law affecting information and communication technology (ICT) in Kenya, covers every aspect of the subject, including intellectual property rights in the ICT sector, relevant competition rules, drafting and negotiating ICT-related contracts, electronic transactions, privacy issues, and computer crime. Lawyers who handle transnational matters will appreciate the detailed explanation of specific characteristics of practice and procedure. Following a general introduction, the book assembles its information and guidance in seven main areas of practice: the regulatory framework of the electronic communications market, software protection, legal protection of databases or chips, and other intellectual property matters, contracts with regard to software licensing and network services, with special attention to case law in this area, rules with regard to electronic evidence, regulation of electronic signatures, electronic banking, and electronic commerce, specific laws and regulations with respect to the liability of network operators and service providers, and related product liability, protection of individual persons in the context of the processing of personal data and confidentiality, and the application of substantive criminal law in the area of ICT. Its succinct yet scholarly nature, as well as the practical quality of
