**Official Gazette** Vietnam, 2015-07 **Jamaica** International Monetary Fund. Western Hemisphere Dept., 2015-09-24

This paper discusses Jamaica's Ninth Review Under the Arrangement Under the Extended Fund Facility and Request for Modification of Performance Criteria PC. Macroeconomic indicators are improving but growth remains sluggish. Growth has been revised down to 1.4 percent for FY2015/16 as drought continues to impede agricultural growth for a second year in a row. The program is on track. All the quantitative PCs were met and structural reforms are broadly on schedule. The transition of the retail repo contracts to a trust-based framework has been completed. Based on continued strong program implementation and the authorities' policy commitments, the IMF staff recommends completion of the ninth review.

Management of Animal Care and Use Programs in Research, Education, and Testing Robert H. Weichbrod, Gail A. (Heidbrink) Thompson, John N. Norton, 2017-09-07. AAP Prose Award Finalist 2018. 19. Management of Animal Care and Use Programs in Research Education and Testing. Second Edition is the extensively expanded revision of the popular Management of Laboratory Animal Care and Use Programs book published earlier this century. Following in the footsteps of the first edition, this revision serves as a first-line management resource providing for strong advocacy for advancing quality animal welfare and science worldwide and continues as a valuable seminal reference for those engaged in all types of programs involving animal care and use. The new edition has more than doubled the number of chapters in the original volume to present a more comprehensive overview of the current breadth and depth of the field with applicability to an international audience. Readers are provided with the latest information and resource and reference material from authors who are noted experts in their field. The book emphasizes the importance of developing a collaborative culture of care within an animal care and use program and provides information about how behavioral management through animal training can play an integral role in a veterinary health program. Provides a new section on Environment and Housing containing chapters that focus on management considerations of housing and enrichment delineated by species. Expands coverage of regulatory oversight and compliance assessment and assurance issues and processes including a greater discussion of globalization and harmonizing cultural and regulatory issues. Includes more in-depth treatment throughout the book of critical topics in program management: physical plant, animal health and husbandry. Biomedical research using animals requires administrators and managers who are knowledgeable and highly skilled. They must adapt to the complexity

of rapidly changing technologies balance research goals with a thorough understanding of regulatory requirements and guidelines and know how to work with a multi generational multi cultural workforce This book is the ideal resource for these professionals It also serves as an indispensable resource text for certification exams and credentialing boards for a multitude of professional societies Co publishers on the second edition are ACLAM American College of Laboratory Animal Medicine ECLAM European College of Laboratory Animal Medicine IACLAM International Colleges of Laboratory Animal Medicine JCLAM Japanese College of Laboratory Animal Medicine KCLAM Korean College of Laboratory Animal Medicine CALAS Canadian Association of Laboratory Animal Medicine LAMA Laboratory Animal Management Association and IAT Institute of Animal Technology , **Code of Federal Regulations** ,2015 Special edition of the Federal Register containing a codification of documents of general applicability and future effect with ancillaries *The Political History of American Food Aid* Barry Riley,2017 American food aid to foreigners long has been the most visible and most popular means of providing humanitarian aid to millions of hungry people confronted by war terrorism and natural cataclysms and the resulting threat often the reality of famine and death The book investigates the little known not well understood and often highly contentious political processes which have converted American agricultural production into tools of U S government policy In *The Political History of American Food Aid* Barry Riley explores the influences of humanitarian domestic agricultural policy foreign policy and national security goals that have created the uneasy relationship between benevolent instincts and the realpolitik of national interests He traces how food aid has been used from the earliest days of the republic in widely differing circumstances as a response to hunger a weapon to confront the expansion of bolshevism after World War I and communism after World War II a method for balancing disputes between Israel and Egypt a channel for disposing of food surpluses a signal of support to friendly governments and a means for securing the votes of farming constituents or the political support of agriculture sector lobbyists commodity traders transporters and shippers Riley s broad sweep provides a profound understanding of the complex factors influencing American food aid policy and a foundation for examining its historical relationship with relief economic development food security and its possible future in a world confronting the effects of global climate change Digital technologies in the grain sector of Ukraine Prikhodko, D., Sikachyna, O., Pedersen, E., Sylvester, G., Rybchynshyi, R.,2022-08-29 Comprising 30 percent of agricultural output and with an area of 15 million hectares the grain sector is a pillar of Ukraine s agriculture In 2020 Ukraine exported USD 9.4 billion worth of cereals the second largest exporter after the United States of America making Ukraine a major contributor to global food security Using extensive interviews the report assesses the extent to which Ukrainian farmers have adopted digital technologies the many barriers to them doing so and the considerable opportunities these technologies present while offering sharp insights into their potential contribution and how best to sustain them The report also considers the level of interest larger farmers have in adopting precision agriculture technologies and their benefits in terms of improved productivity lower costs and reduced

greenhouse gas emissions despite the relatively high initial investment required It concludes with a list of recommended actions calling on four groups to embrace digital technologies and thus develop and transform Ukraine s grain sector the private sector financial institutions the public sector and international organizations This publication is part of the Country Investment Highlights series under the FAO Investment Centre s Knowledge for Investment K4I programme Agricultural Situation in India ,2015
