critiques of nearly twenty biopics Dennis Bingham explores what is at their core the urge to dramatize real life and find a version of the truth within it The genre's charge which dates back to the salad days of the Hollywood studio era is to introduce the biographical subject into the pantheon of cultural mythology and above all to show that he or she belongs there It means to discover what we learn about our culture from the heroes who rise and the leaders who emerge from cinematic representations Bingham also zooms in on distinctions between cinematic portrayals of men and women Films about men have evolved from celebratory warts and all to investigatory to postmodern and parodic At the same time women in biopics have been burdened by myths of suffering victimization and failure from which they are only now being liberated To explore the evolution and lifecycle changes of the biopic and develop an appreciation for subgenres contained within it there is no better source than *Whose Lives Are They Anyway* **The Oxford Handbook of Black Horror Film** Robin R.
