American Sniper U Michigan:

Imperial Benevolence Scott Laderman, 2018-08-14 This is a necessary and urgent read for anyone concerned about the United States endless wars Investigating multiple genres of popular culture alongside contemporary U S foreign policy and political economy Imperial Benevolence shows that American popular culture continuously suppresses awareness of U S imperialism while assuming American exceptionalism and innocence This is despite the fact that it is rarely a product of the state Expertly coordinated essays by prominent historians and media scholars address the ways that movies and television series such as Zero Dark Thirty The Avengers and even The Walking Dead as well as video games such as Call of Duty Black Ops have largely presented the United States as a global force for good Popular culture with few exceptions has depicted the U S as a reluctant hegemon fiercely defending human rights and protecting or expanding democracy from the barbarians determined to destroy it

Islamophobia in Higher Education Shafiqah Ahmadi, Darnell Cole, 2023-07-03 While Islamophobia was present in our society before 9 11 it has become more pervasive in recent years This is evidenced by the current social and political climate hate speech and hate crimes directed at Muslims and the Supreme Court's upholding of Presidential Proclamation 645 that effectively bans Muslim immigration from coming to the U S What does this mean for Muslim students in college and indeed for institutions of higher education as they navigate law and policy on the one hand and adhere to their mission of achieving inclusive and equitable educational environments on the other Two thirds of Muslims in the U S are vexed with current policy and there has been an alarming increase in reports of bigotry and discrimination against them since the 2016 presidential elections The fear of Islam in general and Muslims specifically not only compels non Muslims to differentially treat Muslims but also trade some of their own civil rights and civil liberties under the guise of national security To address these issues institutions require a nuanced understanding of laws and policies that institutionalize Islamophobia and a greater understanding of the diverse college students that identify as Muslim This book fills what has been a dearth of research that explores the experiences and navigation of Muslim students in colleges and universities and addresses the even less studied domain of the experiences of Muslim students who hold multiple marginalized identities such as race ethnicity and LGBTQ status as well as the intersection of those identities that may create multiple burdens of oppression and discrimination This book begins by critically engaging with how current laws and policies institutionalize Islamophobia and affect the intersectionality and diversity within the Muslim community It includes multidisciplinary voices such as an international human rights attorney a civil rights attorney a criminal law attorney student affairs practitioners and research faculty whose work on this marginalized student population is traditionally not recognized within academic settings and brings the voices of female Muslim scholars to the fore Each chapter includes a critical analysis of the literature a legal analysis when appropriate a set

of recommendations for policy and practice and discussion questions **Woke Army** Asra Q. Nomani, 2023-02-27 From California to the West Bank former Wall Street Journal reporter Asra Q Nomani spans the globe investigating a hidden network of keyboard warriors who hide behind fake identities and pseudonymous Twitter and Facebook accounts These digital trolls launch virulent attacks against Muslim reformers and others who challenge their divisive attempts to destroy American freedoms In *Woke Army* the author moves from being hunted by this network to being the hunter The book uncovers the real identities of the network's members chronicles their secret operations and reveals their impact on American public debate from policing to education in our K 12 schools In doing so Nomani uncovers an unholy alliance between radical Muslims who preach jihad against Western freedoms and far left activists whose divisive ideology turns all of society's issues into a race war The shock troops of this dangerous red green alliance work in tandem using harassment threats and bullying to silence critics and labeling those who speak out as Islamophobic or racist A must read for anyone who fears for America's freedoms *Woke Army* reveals what can happen when activism radicalism and the dark web collide

Krotoszynski, 2019-10-03 Shows that while the Supreme Court enforces some First Amendment rights vigorously it often fails to protect ordinary citizens expressive freedoms **Monstrous Fantasies** Leila K. Norako, 2024-08-15 *Monstrous Fantasies* asks why medieval romances reimagining the crusades ending in a Christian victory circulated in England with such abundance after the 1291 Muslim reconquest of Acre the last of the Latin crusader states in the Holy Land and what these texts reveal about the cultural anxieties of late medieval England Leila K Norako highlights the impact that the Ottoman victory and subsequent massacre of Christian prisoners at the battle of Nicopolis in 1396 had on intensifying the popularity of what she calls recovery romance These two episodes inspired a sense of urgency over the fate of the Holy Land and of Latin Christendom itself resulting in the proliferation of romances in which crusading English kings like Richard I and anachronistic legends like King Arthur not only reconquered Jerusalem but committed genocidal violence against the Muslims These romances which as Norako argues also influenced Geoffrey Chaucer's *Canterbury Tales* conjure fantasies of an ascendant global Christendom by rehearsing acts of conquest and cultural annihilation that were impossible to realize in the late Middle Ages Emphasizing the tension in these texts between nostalgia and anticipation that fuels their narrative momentum *Monstrous Fantasies* also explores how the cultural desires for European and Christian hegemony that recovery romances versified were revived in the wake of the so called wars on terror in the twenty first century in such films as *Kingdom of Heaven* and *American Sniper* **Warriors and Citizens** Jim Mattis, Kori N. Schake, 2016-08-01 A diverse group of contributors offer different perspectives on whether or not the different experiences of our military and the broader society amounts to a gap and if the American public is losing connection to its military They analyze extensive polling information to identify those gaps between civilian and military attitudes on issues central to the military profession and the professionalism of our military determine which if any of these gaps are

problematic for sustaining the traditionally strong bonds between the American military and its broader public analyze whether any problematic gaps are amenable to remediation by policy means and assess potential solutions The contributors also explore public disengagement and the effect of high levels of public support for the military combined with very low levels of trust in elected political leaders both recurring themes in their research And they reflect on whether American society is becoming so divorced from the requirements for success on the battlefield that not only will we fail to comprehend our military but we also will be unwilling to endure a military so constituted to protect us Contributors Rosa Brooks Matthew Colford Thomas Donnelly Peter Feaver Jim Golby Jim Hake Tod Lindberg Mackubin Thomas Owens Cody Poplin Nadia Schadlow A J Sugarman Lindsay Cohn Warrior Benjamin Wittes **Daily Life of U.S. Soldiers** Christopher R. Transnational Film and the US Wars in Iraq & Afghanistan Marzena Sokołowska-Paryż, Marek Paryż, 2025-01-15 This book offers insights into diverse non American national perspectives on the US led military interventions in Afghanistan and Iraq within the generic frames of the war film While the best known films about the post 9 11 wars in the Middle East are American productions various other national cinematographies have responded to these conflicts which is not surprising given the fact that international coalitions were formed to support the US military effort However non American war films about these US instigated interventions have received little attention outside their own national contexts This volume fills in the gap in the existing war film criticism by offering insights into how the Afghanistan War 2001 2021 and the Iraq War 2003 2011 have been represented in popular and documentary filmic productions in Iraq Afghanistan Great Britain Germany Denmark Poland Spain and Australia The contributions prove the need for transnationalism as an eye opening perspective on the war film genre by underscoring nationally specific social political and aesthetic differences alongside important correspondences between cultural productions across nations Transnational film and the US wars in Iraq and Afghanistan will be a key resource for scholars and researchers of film studies media and cultural studies film history war studies literary criticism and sociology It was originally published as a special issue of Journal of War Culture Studies

Long,2017-02-15 Contemporary Anti Muslim Politics provides a succinct but potent critique of the policies of Western nations toward Muslims particularly the aggressive foreign policies of the United States and the exclusionary domestic policies of Europe These policies have already claimed millions of Muslim lives For decades policies that rely on war exclusion and ghettoization have triggered conflict escalation The actions of groups such as the Islamic State and Boko Haram are reactions to this history Their tactics exacerbate negative stereotyping of Muslims generally and Western military strategies cause many Muslims to pursue survivalist politics that enable and strengthen such groups Anti Muslim politics in Western nations takes many forms beyond war and exclusion including racialization stereotyping sacrilegious cultural assaults mass media scapegoating and even tolerance which implies something unpalatable in need of toleration The gridlock brought by pluralism and constitutionalism both in Europe and the United States serves few people well but it has locked Muslims into an especially abusive status quo **How White Men Won the Culture Wars** Joseph Darda,2021-05-25 Reuniting white America after Vietnam If war among the whites brought peace and liberty to the blacks Frederick Douglass asked in 1875 peering into the nation s future what will peace among the whites bring The answer then and now after civil war and civil rights a white reunion disguised as a veterans reunion How White Men Won the Culture Wars shows how a broad contingent of white men
