## **Archaeology At Monticello Monticello Monograph Series:**

*Archaeology at Monticello* William M. Kelso, 1997 Jefferson was a pioneer in the principles and methods of modern archaeology The excavations outlined in this book reveal a great deal about Jefferson the African American community on Mulberry Row and the development of Monticello s landscape By William M Kelso Director of Archaeology at Monticello from 1979 to 1993 with foreword by University of Virginia professor James Deetz      **The Jeffersons at Shadwell** Susan Kern, 2010-09-21 Merging archaeology material culture and social history historian Susan Kern reveals the fascinating story of Shadwell the birthplace of Thomas Jefferson and home to his parents Jane and Peter Jefferson their eight children and over sixty slaves Located in present day Albemarle County Virginia Shadwell was at the time considered the frontier However Kern demonstrates that Shadwell was no crude log cabin it was in fact a well appointed gentry house full of fashionable goods located at the center of a substantial plantation Kern s scholarship offers new views of the family s role in settling Virginia as well as new perspectives on Thomas Jefferson himself By examining a variety of sources including account books diaries and letters Kern re creates in rich detail the daily lives of the Jeffersons at Shadwell from Jane Jefferson s cultivation of a learned and cultured household to Peter Jefferson s extensive business network and oversight of a thriving plantation Shadwell was Thomas Jefferson s patrimony but Kern asserts that his real legacy there came from his parents who cultivated the strong social connections that would later open doors for their children At Shadwell Jefferson learned the importance of fostering relationships with slaves laborers and powerful office holders as well as the hierarchical structure of large plantations which he later applied at Monticello The story of Shadwell affects how we interpret much of what we know about Thomas Jefferson today and Kern s fascinating book is sure to become the standard work on Jefferson s early years      **New Life for Archaeological Collections** Rebecca Allen, Ben Ford, 2019-05-01 New Life for Archaeological Collections explores solutions to what archaeologists are calling the curation crisis that is too much stuff with too little research analysis and public interpretation This volume demonstrates how archaeologists are taking both large and small steps toward not only solving the dilemma of storage but recognizing the value of these collections through inventorying and cataloging curation rehousing artifact conservation volunteer and student efforts and public exhibits Essays in this volume highlight new questions and innovative uses for existing archaeological collections Rebecca Allen and Ben Ford advance ways to make the evaluation and documentation of these collections more accessible to those inside and outside of the scholarly discipline of archaeology Contributors to New Life for Archaeological Collections introduce readers to their research while opening new perspectives for scientists and students alike to explore the world of archaeology These essays illuminate new connections between cultural studies and the general availability of archaeological research and information Drawing from the experience of university professors government agency professionals and cultural resource managers this volume represents a unique commentary on education research and the archaeological community      *Murder at Montpelier* Douglas Brent

Cordell,Kent Lightfoot,Francis McManamon,George Milner,2008-12-30 The greatness of America is right under our feet The American past the people battles industry and homes can be found not only in libraries and museums but also in hundreds of archaeological sites that scientists investigate with great care These sites are not in distant lands accessible only by research scientists but nearby almost every locale possesses a parcel of land worthy of archaeological exploration Archaeology in America is the first resource that provides students researchers and anyone interested in their local history with a survey of the most important archaeological discoveries in North America Leading scholars most with an intimate knowledge of the area have written in depth essays on over 300 of the most important archaeological sites that explain the importance of the site the history of the people who left the artifacts and the nature of the ongoing research Archaeology in America divides its coverage into 8 regions the Arctic and Subarctic the Great Basin and Plateau the Great Plains and Rocky Mountains the Midwest the Northeast the Southeast the Southwest and the West Coast Each entry provides readers with an accessible overview of the archaeological site as well as books and articles for further research      *Slavery behind the Wall* Theresa A. Singleton,2016-10-05 A significant contribution in Caribbean archaeology Singleton weaves archaeological and documentary evidence into a compelling narrative of the lives of the enslaved at Santa Ana de Biajacas Patricia Samford author of Subfloor Pits and the Archaeology of Slavery in Colonial Virginia Presents results of the first historical archaeology in Cuba by an American archaeologist since the 1950s revolution Singleton s extensive historical research provides rich context for this and future archaeological investigations and the entire body of her pioneering research provides comparative material for other studies of African American life and institutional slavery in the Caribbean and the Americas Leland Ferguson author of God s Fields Landscape Religion and Race in Moravian Wachovia Singleton s enlightening findings on plantation slavery life will undoubtedly constitute a reference point for future studies on Afro Cuban archaeology Manuel Barcia author of The Great African Slave Revolt of 1825 Cuba and the Fight for Freedom in Matanzas Cuba had the largest slave society of the Spanish

colonial empire At Santa Ana de Biajacas the plantation owner sequestered slaves behind a massive masonry wall In the first archaeological investigation of a Cuban plantation by an English speaker Theresa Singleton explores how elite Cuban planters used the built environment to impose a hierarchical social order upon slave laborers Behind the wall slaves reclaimed the space as their own forming communities building their own houses celebrating gambling and even harboring slave runaways What emerged there is not just an identity distinct from other North American and Caribbean plantations but a unique slave culture that thrived despite a spartan lifestyle Singleton's study provides insight into the larger historical context of the African diaspora global patterns of enslavement and the development of Cuba as an integral member of the larger Atlantic World

*Thomas Jefferson* Francis D. Cogliano, 2008 An exceptionally well researched and persuasively written book that asks who Jefferson was in new and exciting ways This is a book that needed to be written and happily is one that was undertaken by an exceedingly thorough judicious open minded and creative historian Andrew Burstein University of Tulsa author of *Jefferson's Secrets Death and Desire at Monticello* Francis D Cogliano's splendid book demonstrates that history is indeed an argument between past and present about the future Offering formidable research deployed with grace and skill in the service of a powerful and well crafted argument this study will be essential reading It illuminates in myriad ways the history that Jefferson made and historians ongoing struggles to figure out what to make of Jefferson Further it enriches our understanding of the interactions between history and memory in American culture It deserves a wide and enthusiastic readership not just for the moment but for years to come R B Bernstein New York Law School author of *Thomas Jefferson* Thomas Jefferson continues to enthrall excite and enrage academics students and members of the American public This book provides a useful study of Jefferson's construction of his own historical image and the reconstructions of that image that have occurred over the past half century Simon Newman University of Glasgow In *Thomas Jefferson Reputation and Legacy* Francis D Cogliano looks at both the impact Jefferson had on his historical moment and the considerable lengths to which he went to secure his legacy Beginning by locating Jefferson's ideas about history within the context of eighteenth century historical thought Cogliano then considers the efforts Jefferson made to shape the way the history of his life and times which he thought crucial to the success of the republican experiment would be written The second half of the book reflects on the mixed results from his time to the present of Jefferson's efforts to shape historical writing through his careful preservation of most of his personal and public papers and through the institutions he left behind his home Monticello and the University of Virginia Engaging with recent scholarship's attention toward Jefferson's views on race class and gender *Thomas Jefferson Reputation and Legacy* is a must read for anyone interested in Jefferson in his own time or the legacy he worked so hard to create Francis D Cogliano is a Reader in History at the University of Edinburgh He is author of *Revolutionary America 1763-1815 A Political History* *Jeffersonian America* *Native American Log Cabins in the Southeast* Gregory A. Urofsky, 2001 Although the Levys literally saved

Monticello from ruin not once but twice in the nineteenth century and actually owned the property longer than Jefferson the family's vital contributions to preserving Thomas Jefferson's home have been largely ignored or minimized In a story filled with drama irony political wrangling and legal battles Professor Melvin I Urofsky corrects the misconception that a century of ruin and neglect marked Monticello between Jefferson's death and the creation of the Thomas Jefferson Foundation

From the moment Governor Thomas Jefferson handpicked a young soldier named James Monroe to serve as an aide during the Revolutionary War a vital friendship and political alliance was born Both men served as governor of Virginia minister to France secretary of state and president for two terms Their lives overlapped even more clearly through shared friendships with individuals such as James Madison shared interests such as the creation of the University of Virginia and shared missions including the completion of the Louisiana Purchase      *Monographs on Industrial Archaeology* Mary A. Burstein,2002 The letters of a person form the only full and genuine journal of his life noted Thomas Jefferson who wrote nearly 20 000 letters in his own lifetime Andrew Burstein invites readers to rediscover Jefferson through an exploration of his most enduring public and private writings Among the public documents examined are two of Jefferson s best known contributions to American history the Declaration of Independence and his first inaugural address On a more personal level we read the written dialogue between Jefferson and his dying wife Martha as well as tender letters written to his daughters and grandson Also included are thought provoking letters written to friends and fellow thinkers highlighted by extracts from the famous correspondence between the aging Jefferson and John Adams Burstein s lively analysis confirms Jefferson as a writer of both style and substance In his letters we see a writer whose words at once convey the eighteenth century world in which he lived and yet still speak to the modern world with powerful relevance and wisdom      **Rediscovering Raritan**
