Smucker, 2006-01-01 No detailed description available for *The Sociology of Mennonites, Hutterites and Amish*. **SummerHill Secrets : Volume 1** Beverly Lewis, 2007-10-01 5 in 1 Edition of a Beloved Series Over 500,000 copies sold in the series. [Amish Sweethearts \(Neighbors of Lancaster County Book #2\)](#) Leslie Gould, 2016-01-26 Can These Two Friends from Opposite Worlds Find Love? They've been best friends for years, but as high school ends, Zane Beck can't help but look at his Amish neighbor Lila Lehman with different eyes. Her controlling father sees only one future for Lila, though, and arranges for her to be courted by an upstanding young Amish man. When Zane sees the two together, his plans for the future crumble, and he impulsively enlists in the Army, following in his father's footsteps. However, the passing of years and the distance between them isn't enough to halt their now-hidden feelings for each other. If being together used to be difficult, it's now impossible, especially with the Amish opposed to war. Zane's service takes a dramatic turn when he's sent to Afghanistan. Being on the front line and the reality of taking a life has him questioning whether he can continue to serve or not. But all choices have consequences, both his and hers. With Lila preparing to marry another, will these one-time sweethearts ever find the life together that they both still long for. *Fooling with the Amish* Dirk Eitzen, 2022-09-13 And for readers interested in the Amish, it tells how the ex-Amish star of *Amish Mafia* got involved in the show and the impact that involvement had on their lives. *Reading Romans within Judaism* Mark D. Nanos, 2018-06-28 Over fifty years ago, Vatican II's *Nostra Aetate* 4 drew from Romans 11 to challenge the way Paul's voice has been used to

negatively discuss Jews and Judaism The church called for Catholics to conceptualize Jews as brothers in an everlasting covenant and many other Christian organizations have expressed similar sentiments in the years since Nevertheless the portrayal of Jews as branches broken off hardened without faith disobedient and enemies of God whom Christians have replaced as true Israel are among the many ways that readers encounter Paul s views of Jews and Judaism in today s translations and interpretations of this chapter and throughout the letter as well In the chapters in this volume Nanos shows why these translations and interpretive decisions among others do not likely represent what Paul wrote or meant Each essay offers challenges to the received view of Paul from the research hypothesis that Paul and the Christ followers to whom he wrote were still practicing Judaism a Jewish way of life within subgroups of the Jewish synagogue communities of Rome and that they understood Paul to observe Torah and promote Judaism for their communities

Religion and Knowledge Elisabeth Arweck, 2016-04-15 Religions have always been associated with particular forms of knowledge often knowledge accorded special significance and sometimes knowledge at

odds with prevailing understandings of truth and authority in wider society New religious movements emerge on the basis of reformulated often controversial understandings of how the world works and where ultimate meaning can be found Governments have risen and fallen on the basis of such differences and global conflict has raged around competing claims about the origins and content of religious truth Such concerns give rise to recurrent questions faced by academics governments and the general public How do we treat statements made by religious groups and on what basis are they made What authorities lie behind religious claims to truth How can competing claims about knowledge be resolved Are there instances when it is appropriate to police religious knowledge claims or restrict their public expression This book addresses the relationship between religion and knowledge from a sociological perspective taking both religion and knowledge as phenomena located within ever changing social contexts It builds on historical foundations but offers a distinctive focus on the changing status of religious phenomena at the turn of the twenty first century Including critical engagement with live debates about intelligent design and the new atheism this collection of essays brings recent research on religious movements into conversation with debates about socialisation reflexivity and the changing capacity of social institutions to shape human identities Contributors examine religion as an institutional context for the production of knowledge as a form of knowledge to be transmitted or conveyed and as a social field in which controversies about knowledge emerge
