ARCHITECTES DE SION

*La conception par les sionistes allemands
de la colonisation juive en Palestine (1896-1919)*

Depuis la création du sionisme organisé dans les dernières années du XIX^e siècle et la fin de la Première Guerre mondiale, ce sont des Juifs allemands qui ont joué un rôle dans le mouvement et dans les projets pour la colonisation de la Palestine ottomane. Ce livre vise à montrer que le sionisme peut être étudié du point de vue des architectes allemands. Il propose une histoire des plans élaborés par les sionistes allemands et met en lumière leur empreinte dans un assez long intervalle d'après-guerre. Par leur travail de collecter et de diffuser des idées de type sioniste sur la Palestine, par leur défense de leur place sur la scène internationale par leur implication dans l'association et leurs débats sociaux, ils élargissent les représentations à l'heure pour les idées allemandes de leur temps.

Olivier Baisez est ancien élève de l'Ecole nationale supérieure de Lyon, agrégé d'allemand, doctor en études germaniques, et maître de conférences à l'université Paris-Dauphine.
