**Sacred architecture** A. T. Mann, 1996      **Upstate Cauldron** Joscelyn Godwin, 2015-03-06 A guide to the phenomenal crop of prophets cults and utopian communities that arose in Upstate New York from 1776 to 1914 From 1776 to 1914 an amazing collection of prophets mediums sects cults utopian communities and spiritual leaders arose in Upstate New York Along with the best known of these such as the Shakers Mormons and Spiritualists this book explores more than forty other spiritual leaders or groups some of them virtually unknown but all of them fascinating The author uncovers common threads that characterize these homegrown spiritualities including roots in Western esoteric traditions liberation from the psychological pressures of dogmatic Christianity a preoccupation with sex and involvement in the radical reform movements of the day In addition to maps and photographs of surviving buildings and monuments the book also features a gazetteer of sites listing 150 locations connected to these groups which may be used as a helpful travel guide to the region The dean of alternative spiritual history produces one of his central and most thoughtful works in Upstate Cauldron This book is more than a cauldron It is a melting pot into which Joscelyn Godwin blends the diffuse and complex religious movements that once converged in Upstate New York to show how we became a modern civilization indelibly stamped by the experience of spiritual outsiders This is both splendid history and a book of wonders in uncovering lost fragments of our world Throw away your highlighter because you won't know where to stop Mitch Horowitz author of Occult America White House Sances Ouija Circles Masons and the Secret Mystic History of Our Nation What a fascinating book Upstate Cauldron takes a refreshing and new look at the period of time when Upstate New York was the center of the Spiritualist movement in America Joscelyn Godwin has written a book that is very difficult to put down introducing us to the most wonderful and exotic individuals People like Timothy Brown who built one of the most intricate and most photographed homes in Central New York with his own hands and out of his own head Can you say spiritual guidance And we meet Kate and Maggie Fox who may have been America's earliest rap stars The fabulous Fox sisters used secret rapping sounds to convince converts that they were communicating with the other world Anthony Damiani was a spiritual godfather to many young people in the university city of Ithaca He doled out his visions of wisdom on Ithaca's main street and when done raced fifty miles to his job as a New York State Thruway toll taker These are just some of the sometimes incredible sometimes bizarre but always interesting people at the core of Upstate's Spiritualism history Godwin tells the story of a little known historical chapter of the area with insight and great liveliness As the author myself of a half dozen books about Upstate New York I found this book irresistible and absorbing Chuck D Imperio author of Unknown Museums of Upstate New York A Guide to 50 Treasures Destined to become the definitive book on eccentric religion in this geographical area this is a fascinating account of unusual and inventive religious figures and movements Sure handed even tempered and wry Joscelyn Godwin is the ideal guide and his book is one that all readers will want to have in hand as they explore this historically rich and important region What's more it is an

important book for understanding a vital part of American religious history Arthur Versluis author of *American Gurus From Transcendentalism to New Age Religion* **Sacred Geometry** Nigel Pennick,1982 *Inside a Magical Lodge* John Michael Greer,2021-03-24 A must read for members of existing lodges for students of magical traditions such as the Golden Dawn for practitioners of other kinds of group magical work and for all those who have wondered about the hidden world behind lodge doors For centuries magical lodges have been one of the most important and least understood parts of the Western esoteric traditions The traditional secrecy of lodge organisations has made it next to impossible for modern students of magic to learn what magical lodges do and how their powerful and effective traditions of ritual symbolism and organisation can be put to work This updated and expanded edition of *Inside a Magical Lodge* reveals the foundations of lodge work on all levels from the framework of group structure that allows lodges to efficiently handle the practical needs of a working magical group through the subtle approaches to symbolism and ritual developed within lodge circles to the potent magical methods that lodges use in their initiations and other ceremonial workings *The Nation*,1892 **Play Among Books** Miro Roman,Alice\_ch3n81,2021-12-06 How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice\_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science *The Builder*,1898 *The Publisher*,1908 **Library Catalog of the Metropolitan Museum of Art, New York** Metropolitan Museum of Art (New York, N.Y.). Library,1980 *British Books*,1908 **Jesus Christ, Sun of God** David R. Fideler,David Fideler,1993 The early Christian Gnosis did not spring up in isolation but drew upon earlier sources In this book many of these sources are revealed for the first time Special emphasis is placed on the Hellenistic doctrine of the Solar Logos and the early Christian symbolism which depicted Christ as the Spiritual Sun the illumination source of order harmony and spiritual insight Based on 15 years of research this is a unique book which throws a penetrating light on the secret traditions of early Christianity It clearly demonstrates that number is at the heart of being Jesus Christ Sun of God illustrates how the Christian symbolism of the Spiritual Sun is derived from numerical symbolism of the ancient divinities **Architecture, Mysticism and Myth** W.
