**Handbook of Anti-Environmentalism** Tindall, David, Stoddart, Mark C. J., Dunlap, Riley E., 2022-03-22 This thought provoking Handbook provides a theoretical overview of the wide variety of anti environmentalisms and offers an integrative research agenda for future research on the topic Probing the ways in which groups have organized to oppose environmental movements and pro environmental policies in recent decades it examines those involved in these countermovements and studies their motivations and support systems This Handbook explores core topics in the field including contestation over climate change wind power mining forestry food sovereignty oil and gas pipelines and population issues *Against Doom* Jeremy Brecher, 2017-04-15 While the world's people suffer the apocalyptic torments of floods fires droughts heatwaves desertification disease vectors food shortages forced migration ecosystem collapse extinction and other effects of uncontrolled climate change the world's governmental and political leaders continue to accelerate our wild ride to climate doom Is there any way for the rest of us to put on the brakes Climate insurgency is a strategy for using people power to realize our common interest in protecting the climate It uses mass global nonviolent action to challenge the legitimacy of public and corporate officials who are perpetrating climate destruction A global climate insurgency has already begun It has the potential to halt and roll back the fossil fuel agenda and the global thrust toward climate destruction *Against Doom A Climate Insurgency Manual* tells how to put that strategy into action and how it can succeed It is a handbook for halting global warming and restoring our climate a how to for climate insurgents *The Palgrave Handbook of Global Sustainability* Robert Brinkmann, 2023-04-04 The field of sustainability continues to evolve as a discipline The world is facing multiple sustainability challenges such as climate change water depletion ecosystem loss and environmental racism The Handbook of Sustainability will provide a comprehensive reference for the field that examines in depth the major themes within what are known as the three E's of sustainability environment equity and economics These three themes will serve as the main organizing body of the work In addition the work will include sections on history and sustainability major figures in the development of sustainability as a discipline and important organizations that contributed or that continue to contribute to sustainability as a field The work is explicitly global in scope as it considers the very different issues associated with sustainability in the global north and south **Handbook on Inequality and the Environment** Michael A. Long, Michael J.

Lynch, Paul B. Stretesky, 2023-06-01 This innovative Handbook provides a comprehensive treatment of the complex relationship between inequality and the environment and illustrates the myriad ways in which they intersect Featuring over 30 contributions from leading experts in the field it explores the ways in which inequality impacts three of the most pressing contemporary environmental issues climate change natural resource extraction and food insecurity **Bearing Witness**

Andrea Nicholson, 2022-09-29 Since the 1990s modern slavery has been recognized as a global problem with campaigners around the world providing assessments of its nature and extent its drivers and possible solutions for ending it However largely absent from the global antislavery movement s discourse and policy prescriptions are the voices of survivors of slavery themselves Survivors authentic voices are underemployed vital tools in the fight against modern slavery in all its forms Through close readings of over 200 contemporary slave narratives Andrea Nicholson repositions the history of the genre and exposes the conditions and consequences of slavery and the challenges survivors face in liberation Far from the trope of capture enslavement escape she argues that narratives are rich and vitally important sources that enable the antislavery community to be gain important insights and build more effective interventions **The Defiant** Dawson Barrett, 2018-05-08 The history of the United States is a history of oppression and inequality as well as raucous opposition to the status quo It is a history of slavery and child labor but also the protest movements that helped end those institutions In this book Dawson Barrett calls our attention to the post 1960s period in which he posits that US economic cultural and political elites turned the tide against the protest movement gains of the previous forty years and reshaped the ability of activists to influence the political process Amazon com **The Oxford Handbook of Energy and Society** Dr. Debra J. Davidson, Dr. Matthias Gross, 2018-07-11 The Oxford Handbook of Energy and Society offers a collection of contemporary sociological research highlighting the growing instability and disruptions associated with fossil fuel dependence and the emerging challenges and innovations associated with a transition away from fossil fuels Regional case studies of different energy resources from around the world are featured as are the roles of politics markets technology social movements and consumers all contributing to a complex systems perspective on the uncertain future of energy society relations *We the People* Thomas Linzey, Anneke Campbell, 2016-11-24 *We the People* offers powerful portraits of communities across the United States that have faced threats from environmentally destructive corporate projects and responded by successfully banning those projects at a local level We hear the inspiring voices of ordinary citizens and activists practicing a cutting edge form of organizing developed by the nonprofit law firm the Community Environmental Legal Defense Fund CELDF Their methodology is an answer for the frustrations of untold numbers of activists who have been defeated time and again by corporate political power and legal entitlement Instead of fighting against what we don t want this book can teach us to create from the ground up what we do want basing our vision in local control and law By refusing to cooperate with the unjust laws that favor corporate profit over local sustainability communities can show the way forward driving their rights

into state constitutions and eventually into the federal Constitution In communities from New Hampshire to Oregon new forms of local organizing have sprung up to fight fracking mining dumping of toxic waste and industrial agriculture among other environmental assaults These communities have recognized that the law has legalized the damaging actions of corporations while providing no recourse against harm and they have therefore decided to create a new system of law that makes local control and sustainability legal Starting small this process has spread from rural Pennsylvania to larger cities and towns and has resulted in the creation of state networks seeking to amend state constitutions This work is about finishing the American Revolution by giving up the illusion of democracy and forging a system of true self governance In addition this is about recognizing in law for the first time in history that nature possesses legally enforceable rights of its own

*Indigenous Legalities, Pipeline Viscosities* Tyler McCreary, 2024-04-02 *Indigenous Legalities Pipeline Viscosities* examines the relationship between the Wet suwet en and hydrocarbon pipeline development showing how colonial governments and corporations seek to control Indigenous claims and how the Wet suwet en resist Tyler McCreary explores pipeline regulatory review processes reviews attempts to reconcile Indigeneity with development and asks fundamental questions about territory and jurisdiction In the process he offers historical context for the continuing influences of colonialism on Indigenous peoples Throughout McCreary demonstrates how the cyclical movements between resistance and reconciliation are affected by the unequal relations between Indigenous peoples colonial governments and development operations This sophisticated analysis invites readers to consider the complex realities of Indigenous and Wet suwet en law as well as the politics of pipeline development

**Locating Nature** Usha Natarajan, Julia Dehm, 2022-09-29 For those troubled by environmental harm on a global scale and its deeply unequal effects this book explains how international law structures ecological degradation and environmental injustice while claiming to protect the environment It identifies how central legal concepts such as sovereignty jurisdiction territory development environment labour and human rights make inaccurate and unsustainable assumptions about the natural world and systemically reproduce environmental degradation and injustice To avert socioecological crises we must not only unpack but radically rework our understandings of nature and its relationship with law We propose more sustainable and equitable ways to remake law s relationship with nature by drawing on diverse disciplines and sociocultural traditions that have been marginalized within international law Influenced by Third World Approaches to International Law TWAIL postcolonialism and decoloniality and inspired by Indigenous knowledges cosmology mythology and storytelling this book lays the groundwork for an epistemological shift in the way humans conceptualize the relationship between law and nature

**Re:imagining Change** Patrick Reinsborough, Doyle Canning, 2017-10-01 *Re Imagining Change* provides resources theory hands on tools and illuminating case studies for the next generation of innovative change makers This unique book explores how culture media memes and narrative intertwine with social change strategies and offers practical methods to amplify progressive causes in the popular culture *Re Imagining Change* is an inspirational inside look at the

trailblazing methodology developed by the Center for Story based Strategy over fifteen years of their movement building partnerships This practitioner s guide is an impassioned call to innovate our strategies for confronting the escalating social and ecological crises of the twenty first century This new expanded second edition includes updated examples from the frontlines of social movements and provides the reader with easy to use tools to change the stories they care about most

**Smoke on the Water** Dario Fazzi, 2023-10-31 The U S government military and industry once saw ocean incineration as the safest and most efficient way to dispose of hazardous chemical waste Beginning in the late 1960s toxic chemicals such as PCBs and other harmful industrial byproducts were taken out to sea to be destroyed in specially designed ships equipped with high temperature combustion chambers and smokestacks But public outcry arose after the environmental and health risks of ocean incineration were exposed and the practice was banned in the early 1990s Smoke on the Water traces the rise and fall of ocean incineration showing how a transnational environmental movement tested the limits of U S political and economic power Dario Fazzi examines the anti ocean incineration movement that emerged on both sides of the Atlantic arguing that it succeeded by merging local advocacy with international mobilization He emphasizes the role played at the grassroots level by women migrant workers and other underrepresented groups who were at greatest risk Environmental groups for their part gathered and shared evidence about the harms of at sea incineration building scientific consensus and influencing international debates Smoke on the Water tells the compelling story of a campaign against environmental degradation in which people from marginalized communities took on the might of the U S military industrial complex It offers new insights into the transnational dimensions of environmental regulation the significance of nonstate actors in international history and the making of environmental justice movements

Lets delve into the realm of top-selling books, exploring the engaging narratives that have captivated audiences this year. A Line In The Tar Sands Struggles For Environmental Justice : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. A Line In The Tar Sands Struggles For Environmental Justice : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. A Line In The Tar Sands Struggles For Environmental Justice : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papan, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
