Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 11: Khayyami Robaiyat: Re-Sewing the Tentmaker's Tent: 1000 Bittersweet Wine Sips from Omar Khayyam's Tavern of Happiness Mohammad H. Tamdgidi, 2024-10-25 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 11th volume subtitled Khayyami Robaiyat Re Sewing the Tentmaker's Tent 1000 Bittersweet Wine Sips from Omar Khayyam's Tavern of Happiness Each book independently readable can be best understood as a part of the whole series In Book 11 having shared the three parts of the Robaiyat attributed to Khayyam in the Books 8 9 and 10 of the series Tamdgidi offers the entire set of the 1000 quatrains including the Persian originals and his new English verse translations for each The poems comprising Khayyam's songs of doubt hope and joy are organized according to the three phased method of inquiry he introduced in his philosophical writings respectively addressing the questions Does Happiness Exist What Is Happiness and Why Does or Can Happiness Exist When Khayyam discussed the three phased method of inquiry in his treatise Resalat fi al Kawn wa al Taklif Treatise on the Created World and Worship Duty he noted an exception to the rule of asking when studying any subject whether it exists what it is and why it exists or can exist He distinguished between things objectively existing independent of the human mind and those created by the human mind The normal procedure applies to the former but for products of the human mind he advised the procedure must be modified to asking first what something is then whether it exists and then why it exists or can exist This is because for products of the human mind such as created works of art we would not know whether something exists and why it exists unless we first know what it is To illustrate his point he used the example of the mythical bird Anqa Simorgh in Persian or the Phoenix in English He argued that only when we know what the metaphor stands for would we be able to say whether it exists say in a work of art or even as a person represented by it and why it exists or can exist Khayyam's elaboration implies that one has to make a distinction between objective and human objectified realities which implies that for some objects such as happiness we in fact confront a hybrid reality where aspects

of it may be externally conditioned but other aspects being dependent on the human will. Once we realize the significance of Khayyam's point then we appreciate that his Robaiyat can also be regarded as a way of poetically portraying and advancing human happiness. Its poetic Wine being not just reflective but also generative of the happiness portrayed. By way of his poetry therefore Khayyam has offered a severe critique of the then prevalent fatalistic astrological worldviews blaming human plight on objective conditions in favor of a conceptualist view of reality in which happiness can be achieved despite the odds depending on the creative human agency itself being an objective force. Tamdgidi further shows that the triangular geometry of the logic governing Khayyam's Robaiyat, the numerical values of whose three sides are proportional to the Grand Tent governing Khayyam's birth chart further supports the view expressed in Khayyam's own quatrains that for him his Robaiyat poetically represented the tent of which he regarded himself to be a tentmaker, revealing another key explanation for his pen name. The geometric structure of a tent proportional to the Grand Tent of Khayyam's chart as well as the metaphor of the Robaiyat as Simorgh songs are hidden in the deeper structure of Khayyam's 1000-piece solved puzzle. The same way he embedded his own triangular golden rule in the design of the North Dome of Isfahan, Khayyam's Robaiyat are his Simorgh's millennial rebirth songs served in his tented tavern as 1000 sips of his bittersweet Wine of happiness.

Pop Culture Matters Martin F. Norden, Robert E. Weir, 2019-03-05 We immerse ourselves daily in expressions of popular culture. YouTube videos, hip hop music, movies, adverts, greeting cards, videogames, and comics to name just a few possibilities, and far too often we pay only scant critical attention to them. The essays in this collection redress this situation by probing a wide range of topics within the field of popular culture studies. Written in engaging and jargon-free prose, contributions critically examine various offerings in film, television, social media, music, literature, sports, and related areas. Moreover, they often pay special attention to the ways in which these pop culture artefacts intersect with issues of race, ethnicity, gender, sexual orientation, age, and ability. Providing a rich mixture of broad perspectives and intriguing case studies, the essays form a compelling mosaic of findings and viewpoints on popular culture. Exploring everything from toxic masculinity in twenty-first-century television programmes to gendered greeting cards and adult colouring books, this provocative volume is essential reading for anyone interested in that fabricated and all-pervasive environment we call popular culture.

Aëtiana IV Jaap Mansfeld, David Runia, 2018-03-12 The articles collected here are based for the most part on papers read at the Colloquium The Placita of Aëtiana Foundations for the Study of Ancient Philosophy held in Melbourne in December 2015. The Placita, a first-century CE collection of systematically organised tenets in natural philosophy ranging from first principles to human physiology, is incompletely extant in several later sources. Its laborious reconstruction and the identity of its author are discussed from various angles. The text of the treatise is further elucidated by a novel statistical exploration of what is extant and what is missing. Its relation to various currents in the history of Greek philosophy and its reliability are also examined in some detail.
