Assessment For Learning And Teaching In Secondary Schools Achieving Qts Series:

Learning and Teaching in Secondary Schools Viv Ellis, 2013-04-17 Linked to the new Teachers Standards this is an essential text for all secondary trainees and PGCE students training at an ITT institution or in a school. The text covers all fundamental issues for learning and teaching in secondary schools. It guides trainee teachers through the professional attributes, skills and knowledge they need, focusing on a range of key topics and summarising important educational research. It examines the curriculum, planning, assessing and SEN, and explores EAL, equality and diversity, and pastoral care. A chapter is included to help support students in their Masters level work at PGCE, and throughout interactive activities make essential links between theory and practice. In all chapters, practical examples demonstrate how all aspects relate to the classroom. About the Achieving QTS Series: All the books in this successful series support trainees through their initial teacher training and guide them in the acquisition of their subject knowledge, understanding and classroom practice. All new titles within the series are linked to the 2012 Teachers Standards and consider the impact of key government initiatives. Viv Ellis is Professor of Head of Education at Brunel University in London, UK, and a Visiting Professor at Bergen University College in Norway.

Learning and Teaching in Secondary Schools Viv Ellis, 2007-06-08 This popular text guides trainee secondary teachers through the teaching requirements for initial teacher training and the Professional Standards for Qualified Teacher Status (QTS). It focuses on a range of key topics, summarises key educational research, and includes both reflective exercises and school-based practical tasks. This third edition has been completely revised and updated to match the new QTS Standards.

Learning to Teach in the Secondary School Susan Capel, Marilyn Leask, 2007-04-11 This best-selling textbook offers a sound and practical introduction to the skills needed to gain Qualified Teacher Status and will help student teachers to develop the qualities that lead to good practice and a successful future in education. Assessment for Learning and Teaching in Secondary Schools Martin Fautley, Jonathan Savage, 2008-01-04 Assessment is central to teaching and learning, yet is one of the most difficult areas of professional practice. This book guides trainee secondary teachers through its complexities and provides practical strategies exemplified by case studies. It examines issues such as diagnosing problems, sharing learning objectives, assessment as a tool for motivation, effective planning, using evidence to adapt teaching, peer and self-assessment, learning through dialogue, and understanding formative assessment. Targeted specifically at trainees, this text links explicitly to the new QTS Standards, and its tasks provide opportunities for reflection and for practising the range of skills involved in assessing pupils. *Successful Teaching Placements in Secondary Schools* Kate Shilvock, Melanie Pope, 2008-09-05 Professional teaching placements are an essential part of secondary teacher training, with trainees spending around two-thirds of their time in schools. This practical handbook helps trainees fully prepare for their school experience, offering the guidance and reassurance to ensure they are confident and successful during placement. It is full of invaluable advice and practical suggestions, with clear links to the Professional Standards for QTS throughout. A Practical Guide to

Teaching Physical Education in the Secondary School Susan Capel, Peter Breckon, Jean O'Neill, 2013-10-30 A Practical Guide to Teaching Physical Education in the Secondary School is written for all student teachers on university and school based initial teacher education courses. It offers a wealth of tried and tested strategies together with practical activities and materials to support both your teaching and your pupils' learning. It is designed for you to dip in and out of to enable you to focus on specific areas of teaching or foci on your course. This second edition is fully updated with the most recent research and developments in the field and includes brand new chapters. Key topics covered include: Understanding your own views about your subject; NEW Lesson planning and schemes of work; Physical Education and Key Skills; Using ICT; Cross-curricular teaching and learning; NEW Safe practice, risk assessment and risk management; Applying theories of learning to your practice; Helping pupils meet intended learning outcomes; NEW Promoting positive behaviour; NEW Overcoming barriers and maximising the achievement of all pupils; NEW Assessing learning; Working with others; Reflective practice and action research. Photocopiable resources offer easy assistance in lesson observation, planning, preparation, delivery and evaluation. An annotated further reading section at the end of each chapter provides advice about selection of the best resources on the web and elsewhere. Illustrated throughout with examples of existing good practice, this highly practical resource offers valuable support and inspiration to all student teachers as well as those in the early years of their teaching career. A Practical Guide to Teaching Physical Education in the Secondary School 2nd edition is a companion to Learning to Teach Physical Education in the Secondary School 3rd edition and can be used to reinforce the basic teaching skills covered in that core textbook. The book can also be used equally successfully on its own.

Developing Reflective Practice: a Guide for Beginning Teachers Debra McGregor, Lesley Cartwright, 2011-08-16 This student-friendly practical guide helps you get to grips with reflective practice in teaching through bite-sized sections that are informative and quickly digestible. The book clearly explains some of the best-known theories on reflective practice and then shows how reflection on and in practice can have a positive impact on classroom performance. The very real problems faced by beginning teachers are brought to life through the use of rich case studies as well as extracts drawn from the reflective journals of those starting their teaching career. The illustrative case studies consider how reflective practice can inform your teaching practice, including: Preparing for teaching; Fitting into your school; Designing lessons; Managing behaviour; Planning for creativity; Assessing effectively; Developing essential teaching techniques; Working effectively with your mentor; Extending your professional practice at Master's level. An additional feature of the book is the inclusion of a number of new suggestions for developing reflective practice based on the authors' experience of training new teachers and supporting beginning teachers. Through reflective tasks based on the real problems that beginning teachers face, you can actively develop your understanding and confidence in this area. This book is essential reading for trainees and newly qualified teachers as well as those supporting new entrants to the profession.
