Americans Struggle Postwar Issues Guide:

The Americans, 2003 **Reader's Guide to Literature in English** Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study *Wartime Facts and Postwar Problems, a Study and Discussion Manual* Twentieth Century Fund, 1943 *Handbook of Social Movements across Latin America* Paul Almeida, Allen Cordero Ulate, 2015-07-14 This handbook covers social movement activities in Latin American countries that have had profound consequences on the political culture of the region It examines the developments of the past twenty years such as a renewed upswing in popular mobilization the ending of violent conflicts and military governments new struggles and a relatively more democratic climate It shows that from southern Chiapas to Argentina social movements in the 1990s and especially in the 2000s have reached new heights of popular participation There is a lack of research on the politics of this region in the contemporary era of globalization this volume partially fills the void and offers a rich resource to students scholars and the general public in terms of understanding the politics of mass mobilization in the early twenty first century The contributors each address social movement activity in their own nation and together they present a multidisciplinary perspective on the topic Each chapter uses a case study design to bring out the most prominent attributes of the particular social struggle s for instance the main protagonists in the campaigns the grievances of the population and the outcomes of the struggles This Handbook is divided into seven substantive themes providing overall coherence to a broad range of social conflicts across countries issues and social groups These themes include 1 theory of Latin American social movements 2 neoliberalism 3 indigenous struggles 4 women's movements 5 movements and the State 6 environmental movements and 7 transnational mobilizations **Reader's Guide to British History** D. M. Loades, 2003 A masterful attempt to describe the historical secondary literature of the British Isles from prehistory to the present day the set is comprised of substantial essays of 1 000 to 3 000 words each on a wide array of subjects all written by pre eminent scholars in language accessible to beginning students and advanced researchers Each listed essay title is given a thorough annotation The Top 20 Reference Titles of the Year American Libraries May 2004 *The Best American History Essays 2006* Organization of American Historians, 2016-09-23 Ten of the best articles in American history published in 2006 selected from over 300 learned and popular journals Topics range from the general to the specific and cover all aspects of American history from the early days of the republic through the nineteenth and twentieth centuries These are the questions that today's historians are asking *The Routledge Handbook of Architecture, Urban Space and Politics, Volume II* Nikolina Bobic, Farzaneh Haghighi, 2024-11-22 Architecture and the urban are connected to challenges around violence security race and ideology spectacle and data The first volume of this handbook extensively explored these oppressive roles This second

volume illustrates that escaping the corporatized and bureaucratized orders of power techno managerial and consumer oriented capitalist economic models is more urgent and necessary than ever before Herein lies the political role of architecture and urban space including the ways through which they can be transformed and alternative political realities constituted The volume explores the methods and spatial practices required to activate the political dimension and the possibility for alternative practices to operate in the existing oppressive systems while not being swallowed by these structures Fostering new political consciousness is explored in terms of the following themes Events and Dissidence Biopolitics Ethics and Desire Climate and Ecology Urban Commons and Social Participation Marginalities and Postcolonialism Volume II embraces engagement across disciplines and offers a wide range of projects and critical analyses across the so called Global North and South This multidisciplinary collection of 36 chapters provides the reader with an extensive resource of case studies and ways of thinking for architecture and urban space to become more emancipatory Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license
