2014 Post Office Paydays:

Payday Lending in Canada in a Global Context Jerry Buckland, Chris Robinson, Brenda Spotton Visano, 2018-03-29 This book analyzes the highly contentious payday lending industry presenting valuable new data collected during Canada's recent regulatory reviews and demonstrating its relevance to payday lending conversations taking place worldwide. The authors treat the industry with a balanced hand by establishing its importance as an example of financialization and acknowledging the complex impact of payday lending services on low income and credit constrained clients. Up to date data from an interdisciplinary mix of financial, econometric, legal, behavioral, economic and socioeconomic sources all in the context of an established Canadian industry provide both proponents and opponents of payday lending with valuable evidence for their discussions of how much regulation is required to minimize harmful consequences. These insights from Canada expand a US centric conversation and provide a key resource for the growing list of countries in which the industry is present from the UK and Poland to South Africa and Australia.

Payday Lending Carl Packman, 2014-09-16 Payday Lending looks at the growth of the high cost credit industry from the early payday lending industry in the early 1990s to its development in the US as a highly profitable industry around the world.

The New Possible Philip Clayton, Kelli M. Archie, Jonah Sachs, Evan Steiner, 2021-01-26 2020 upended every aspect of our lives. But where is our world heading next? Will pandemic, protests, economic instability and social distance lead to deeper inequalities, more nationalism and further erosion of democracies around the world? Or are we moving toward a global reawakening to the importance of community, mutual support and the natural world? In our lifetimes, the future has never been so up for grabs. The New Possible offers twenty-eight unique visions of what can be if instead of choosing to go back to normal, we choose to go forward to something far better. Assembled from global leaders on six continents, these essays are not simply speculation. They are an inspiration and a roadmap for action. With essays by Kim Stanley Robinson, Michael Pollan,

The Sport and Prey of Capitalists Linda McQuaig, 2019-08-31 Why are we selling off the impressive public enterprises we often battled as a nation to create In the early 1900s thousands of Canadians battled wealthy interests winning control of Niagara Falls and creating a public power company Another popular movement succeeded in creating Canada's public broadcasting system to counter American dominance of the airwaves And a Canadian doctor established a publicly owned laboratory that saved countless lives by producing affordable medications contributing to medical breakthroughs and helping to eradicate smallpox throughout the world But in recent decades we have allowed our inspiring public enterprises to be privatized and our vital public programs downsized leaving us increasingly dominated by the forces of private greed that rule the marketplace In The Sport and Prey of Capitalists Linda McQuaig challenges the dogma of privatization which has defined our political era She argues that now more than ever as we grapple with climate change and income inequality we need to expand not shrink our public sphere It's Not You, It's Capitalism Malaika

Jabali, 2023-10-24 One of The Boston Globe's Best Books of 2023 I'm sitting here in awe trying to wrap my head around how Malaika conjured something so vibrant and timely and fun and even flirty while also being rigorous evergreen and fucking terrifying Damon Young This biting brilliant often hilarious guide to socialism by journalist Malaika Jabali debunks myths centers forgotten socialists of color who have shaped our world and shows socialism is not all Marx and Bernie Bros it's time for all of us to ditch capitalism and try something finer We've all dated someone who took control of the relationship you know someone who makes you feel like you're unhappy because you're just not putting in the work or it's all in your head But

Squires,2017-03-09 Meltdown reveals how the Consumer Financial Protection Bureau was able to curb unsafe and unfair practices that led to the 2008 financial crisis In interviews with key government industry and advocacy groups along with deep archival research Kirsch and Squires show where the CFPB was able to overcome many abusive practices where it was less able to do so and why Open for business in 2011 the CFPB was Congress s response to the financial catastrophe that shattered millions of middle class and lower income households and threatened the stability of the global economy But only a few years later with U S economic conditions on a path to recovery there are already disturbing signs of the re emergence of the high risk high reward credit practices that the CFPB was designed to curb This book profiles how the Bureau has attempted to stop abusive and discriminatory lending practices in the mortgage and automobile lending sectors and documents the multilayered challenges faced by an untested new regulatory agency in its efforts to transform the broken but lucrative business practices of the financial services industry Authors Kirsch and Squires raise the question of whether the consumer protection approach to financial services reform will succeed over the long term in light of political and business efforts to scuttle it Case studies of mortgage and automobile lending reforms highlight the key contextual and structural conditions that explain the CFPB s ability to transform financial service industry business models and practices Meltdown The Financial Crisis Consumer Protection and the Road Forward is essential reading for a wide audience including anyone involved in the provision of financial services staff of financial services and consumer protection regulatory agencies and fair lending and consumer protection advocates Its accessible presentation of financial information will also serve students and general readers *Decisions and Orders of the National Labor Relations Board* United States.
