

What is English Language Paper 1 Section A?

Paper 1, unlike Paper 2, focuses on **fiction** texts, so you will be looking at how writers use language and structure to engage the reader and have particular effects on them when they are reading the texts.

In the exam there are four reading questions and one writing question. In total you have 1 hour and 45 minutes to complete the whole exam paper.

Challenge: Highlight all the key words in AO1, AO2 and AO4.

Extra Challenge: What skills will you need to show for each question?

Mega Challenge: How is AO4 different AO2? What exactly does it mean to **evaluate** rather than to **explain**?

Read carefully through the AOs for Section A above.

Q1 assesses you for AO1.

Q2 assesses you for AO2.

Q3 assesses you for AO2.

Q4 assess you for AO4.

AO3 is not assessed in Paper 1.

AO	What it means:
AO1	To pick out key information that can be explicit or implicit. Also, be able to select evidence from different texts to support ideas.
AO2	To explain and analyse how language and structure is used by writers to affect readers. In explanations students will use subject-specific terms to help back up ideas.
AO3	To compare ideas and attitudes across texts and how writers get across these ideas to their readers
AO4	To evaluate different texts, look at them critically and support interpretations with quotes and references.

Language Development and Social Integration of Students with English as an Additional Language

Michael Evans, Claudia Schneider, Madeleine Arnot, Linda Fisher, Karen Forbes, Yongcan Liu, Oakleigh Welply, 2020-07-16

Given the current context of the experience of migration on schools in England and Europe and the competing policies and approaches to social integration in schools there is a need to understand the connection between language development and social integration as a basis for promoting appropriate policies and practices This volume explores the complex relationship between language education and the social integration of newcomer migrant children in England through an in depth analysis of case studies from schools in the East of England The authors set this evidence against the background of policy debates in the wider international setting including a critical discussion of assumptions underlying national narratives of mainstreaming and assimilation In the light of an absence of national guidelines for appropriate practice in schools the authors outline a model of inclusive pedagogy for English as an additional language EAL and a framework of home school communication to promote effective EAL parental engagement in schools
