MATH 533 Final Exam Set I

1. (TCO D) PuttingPeople2Work has a growing business placing out-of-work MBAs. They claim they can place a client in a job in their field in less than 36 weeks. You are given the following data from a sample.
Sample size: 100
Population standard deviation: 5
Sample mean: 34.2
Formulate a hypothesis test to evaluate the claim. (Points : 10)
H₀: $\mu = 36$; H_a: $\mu \neq 36$
H₀: $\mu \geq 36$; H_a: $\mu < 36$
H₀: $\mu \leq 34.2$; H_a: $\mu > 34.2$
H₀: $\mu > 36$; H_a: $\mu \leq 36$

Ans. B.

H₀ must always have equal sign, < 36 weeks

2. (TCO B) The Republican party is interested in studying the number of republicans that might vote in a particular congressional district. Assume that the number of voters is binomially distributed by party affiliation (either republican or not republican). If 10 people show up at the polls, determine the following.

What knowledge should a calculus textbook cover Are we able to tell the goals of learning on top of the content from the outline of the textbook After every abstruse definition and theory if there s only one or two simple demonstrations what then is the root cause for students inability to solve those difficult practices a lack of practice or the unfamiliarity of different practice variations If there s an exam starting minutes away what content can be remembered from a closed textbook There are five highlights in this textbook First of all readers can be aware of the learning goals of each chapter from the outline allowing beginners to calculus to have clear understanding of the textbook s structure Secondly before sample practices in each chapter classic question variations are outlined with steps in solutions Hence after practicing readers will be able to fully grasp the concepts and variation through steps of the solutions Thirdly the book contains more than 2 000 samples and each sample is demonstrated with the most thorough solution steps Hence readers will not find themselves confused with skipped steps Fourthly in hopes of allowing readers to understand the book as a whole including relationships between chapters and significance in specific chapters I ve written the textbook as plain and straight forward as possible For instance knowing where and how L H pital s rule will be used in later chapters Finally in contrast with the simple explanations each sample question is answered with great rigor and accuracy Across all sample practices in the book I ve only used Let Then Since Thus and Such that to keep explanations simple and consistent With all the above mentioned I hope to present the most detailed context of calculus to all the readers **Resources in Education** ,1998 *Power, Resistance, and Literacy* Julie

A. Gorlewski,2011-07-01 Students in public schools serving poor and working class students are inundated by the effects of high stakes examinations Teachers are demoralized and students suffer substandard curricular and pedagogical experiences These effects are articulated by students and teachers in the high school that provided the setting for the critical ethnography on which this text is based Teachers resent being judged on the basis of students performance on standardized assessments They are deprofessionalized as their roles are oriented toward working class norms Students feel alienated by content that is meaningless and test based pedagogies that are disempowering While these findings are disturbing critical theory provides a foundation for seeking hope By incorporating inquiry and dialogue this theoretical framework opens a space where resistance can be revealed and examined In this case the study exposed glimmers of resistance spaces in the structure of schooling where students and teachers critique the system and suggest ways of subverting the negative effects of the neoliberal reforms through dialogic empowering culturally responsive pedagogies Collective resistance achieved through dialogic pedagogies that build on understandings of resistance and power can cultivate theoretical and material spaces where a cycle of praxis can enhance possibilities for social justice To that end the conclusion is devoted to the implementation of critical dialogic approaches to literacies approaches intended to interrupt the hegemonic influences that perpetuate social reproduction by capitalizing on the potential for solidarity and collective agency among the students and teachers who populate and educate the working classes This book would interest teacher educators teachers and school administrators
