and Practice is designed to prepare fire inspectors to ensure the highest standards of fire and life safety in their communities. The National Fire Protection Association NFPA and the International Association of Fire Chiefs IAFC are pleased to bring you Fire Inspector Principles and Practice, a modern integrated teaching and learning system for the fire inspector. This textbook meets and exceeds the job performance requirements for level I and II fire inspectors from Chapters 4 and 5 of NFPA 1031 Standard for Professional Qualifications for Fire Inspector and Plan Examiner 2009 Edition. Fire Inspector Principles and Practice is built on a solid foundation of the basics: building construction, fire growth, and types of occupancies. This fundamental knowledge is presented in a concise, understandable writing style that is easy to digest and recall. The solid foundation of fire and building knowledge then branches out to show the fire inspector how abstract concepts and codes will be concretely applied on a daily basis. This is the text that truly prepares fire inspectors for the real world.

Introduction to Business and Industrial Security and Loss Control Raymond P. Siljander, 2008. This book presents a treatise on the topic of business and industrial security and loss control as it applies to the protection of assets and personnel. The material in this thoroughly revised and updated second edition will enable law enforcement officers, security loss control personnel, and business managers to view security loss control needs from a broad perspective and thus devise security measures that will reflect a well-thought-out systems approach. The book contains a wide range of information and is presented in terms that will be meaningful to readers that do not have formal training or experience in the field of security and loss control. The information is of a practical nature which, if applied in a variation that is consistent with specific needs, will tailor a program that will result in a well-understood, balanced systems approach. Through further understanding, the effectiveness of police and security personnel is enhanced as they perform crime prevention duties and assist local businesses in upgrading security measures. Replete with numerous illustrations and tables, the author provides a security loss control survey for businesses plus an overview of security for both businesses and industries. Specialized chapters on executive protection, fire dynamics, and hazardous materials security.
