still risking everything in their pursuit for a better life Crossing boundaries and breaking barriers with every generation their fates are tied to their adopted country s economic and political merry go around After 75 years they still ask where do we belong You may find an answer in this book     The Origin of the Late War George Lunt,1866     *Paul the Letter-writer and the Second Letter to Timothy* Michael Prior,1989-01-01 This study argues for new perspectives on the letters of Paul especially the Second Letter to Timothy It examines striking aspects of Paul s letters especially the fact that many of them are co authored that six of them acknowledge that a secretary has penned the letter and that 1 Timothy 2 Timothy and Titus are the only ones addressed to individuals It investigates the implications of these facts for the concept of Pauline authorship Prior maintains that the received arguments statistical as well as literary which exclude 2 Timothy from the influence of Paul are less than convincing The author suggests an original reading of 2 Timothy arguing it was composed by Paul towards the end of his first Roman imprisonment Contrary to all interpretations of the letter which argue that Paul was about to be martyred Prior claims that Paul was confident that he would be released and was assembling a mission team to bring his proclamation of the Gospel to a completion Timothy s courage and missionary zeal needed rekindling for he and Mark were to be key figures in this new team     **Official Gazette of the Japanese Military Administration of the Philippines** Philippines,1942     *The Origin of the Late War: Traced from the Beginning of the Constitution, Etc* George Lunt,1866     *"I Will Give Them One More Shot"* George Winston Martin,2010 Beginning with the tumultuous events leading to Georgia s secession from the Union *I Will Give Them One More Shot* follows the 1st Georgia Volunteer Infantry Regiment commanded by Colonel James N Ramsey as it travels from its formation at Macon Georgia to Pensacola Richmond Western now West Virginia and the Shenandoah Valley Ramsey s regiment meets with initial success in a minor skirmish in the Allegheny Mountains at Laurel Hill but then is involved in a disastrous retreat and rear guard fights at Kalers Ford and Corricks Ford during which six companies are cut off from the army and become lost in the rugged Alleghenies starving to the point of contemplating cannibalism Serving under General Robert E Lee at Cheat Mountain the regiment finds itself involved in a friendly fire incident then later fights well in the Confederate victory at Greenbriar River Subsequently sent to the Shenandoah Valley to serve under General Thomas J Stonewall Jackson the 1st endures horrible conditions in the winter ice and snow as the regiment march to Bath Hancock and Romney Left in fetid and isolated winter quarters in Romney the army to which the Georgians belong comes near to mutiny The last two chapters review what happened to the soldiers and officers of the 1st after they mustered out in March 1862 concluding with the fate of prominent characters and sites Appendices list the commands under which the 1st Georgia served during major events in its year of service casualties in the unit and a roster of the 1 332 men who served with the regiment     **The 115th New York in the Civil War** Mark Silo,2013-04-30 The 115th New York began as part of the largest surrender of U S troops before World War II and ended as part of the largest successful amphibious landings of U S troops before World War II In between its odyssey through the American Civil War is

unique among Union regiments Not only did it fight mainly in theaters and battles unknown to all but the most seriously well informed but it endured mass arrest and a conspiracy of its own officers against its commander In earning distinction as one of Fox s Fighting 300 Union regiments the 115th fought in campaigns along the Southern coast joined briefly in the famous combat between Grant and Lee in Virginia fought alongside African American units witnessed the liberation of thousands of slaves and captured Union soldiers and ended up with William T Sherman s western army The soldiers of the 115th New York were common men from Saratoga County the Mohawk Valley and Adirondack Mountain areas of New York State The author uses the words and recollections left by 67 of these men and a great amount of source material the result states National Park Service historian John J Hennessy is Truly exceptional both excellent history and engaging narrative

campaigns of 1813 concentrate on the major powers Napoleon's France versus Russia joined successively by Prussia Sweden and Austria and how as in the French catastrophe of 1812 early successes were transformed into ruinous defeat However the smaller German states in Napoleon's alliance system the Confederation of the Rhine or Rheinbund also played an important part Despite its significance there are few books especially in English that explore the Rheinbund's creation evolution and demise This groundbreaking new work seeks to redress this Based on years of research in archives across Germany and France as well as battlefield visits this unprecedented study provides the first comprehensive analysis of the confederation's military campaigns of 1813 culminating in Napoleon's defeat and the collapse of his German alliance Presented in two parts this first volume opens with an overview of the Rheinbund as an institution a summary of its brief history and an overview of the campaigns battles and sieges of 1813 It then proceeds to a detailed examination of the activities of the armies of Saxony and Bavaria in this critical year The second volume continues with an analysis of the forces of Württemberg Baden and Hesse Darmstadt Westphalia and the multitude of smaller states that comprised the Rheinbund Supplemented by more than 100 maps charts and orders of battle this is an essential reference work for any Napoleonic scholar and all those with an interest in the historical development of Germany

**Virtual Communities** Felicia Wu Song, 2009 Does contemporary Internet technology strengthen civic engagement and democratic practice The recent surge in online community participation has become a cultural phenomenon enmeshed in ongoing debates about the health of American civil society But observations about online communities often concentrate on ascertaining the true nature of community and democracy typically rehearsing familiar communitarian and liberal perspectives This book seeks to understand the technology on its own terms focusing on how the technological and organizational configurations of online communities frame our contemporary beliefs and assumptions about community and the individual It analyzes key structural features of thirty award winning online community websites to show that while the values of individual autonomy egalitarianism and freedom of speech dominate the discursive content of these communities the practical realities of online life are clearly marked by exclusivity and the demands of commercialization and corporate surveillance Promises of social empowerment are framed within consumer and therapeutic frameworks that undermine their democratic efficacy As a result online communities fail to revolutionize the civic landscape because they create cultures of membership that epitomize the commodification of community and public life altogether

Pacific Exposures Melissa Miles, Robin Gerster, 2018-12-19 Photography has been a key means by which Australians have sought to define their relationships with Japan From the fascination with all things Japanese in the late nineteenth century through the era of White Australia the bitter enmity of the Pacific War the path to reconciliation in the post war period and the culturally complicated bilateralism of today Australians have used their cameras to express a divided sense of conflict and kinship with a country that has by turns fascinated and infuriated The remarkable photographs collected and discussed here for the first time shed new light on the history of Australia's engagement with its most important regional

partner Pacific Exposures argues that photographs tell an important story of cultural production response and reaction not only about how Australians have pictured Japan over the decades but how they see their own place in the Asia Pacific Pacific Exposures presents the first study of the photographic exchanges between Australia and Japan its photographers personalities motivations anxieties and tensions based on a diverse range of archival materials interviews and well chosen photographs Dr Luke Gartlan University of St Andrews Pacific Exposures will become a key text on Australia s interactions with Japan and the way that photographs can inform cross cultural relations through their production consumption and circulation Prof Kate Darian Smith University of Tasmania      **May 3-5, 7-12, 14, 1951** United States.
