Fiction Castration Story:

Screen Stories Carl R. Plantinga, 2018 The way we communicate with each other is vital to preserving the cultural ecology or wellbeing of a place and time Do we listen to each other Do we ask the right questions Do we speak about each other with respect or disdain The stories that we convey on screens or what author Carl Plantinga calls screen stories are one powerful and pervasive means by which we communicate with each other Screen Stories Emotion and the Ethics of Engagement argues that film and media studies needs to move toward an approach to ethics that is more appropriate for mass consumer culture and the lives of its citizens Primarily concerned with the relationship between media and viewers this book considers ethical criticism and the emotional power of screen stories that makes such criticism necessary The content we consume from television shows and movies to advertisements can significantly affect our welfare on a personal and societal level and thus this content is subject to praise and celebration or questioning and even condemnation The types of screen stories that circulate contribute to the cultural ecology of a time and place through shared attention they influence what individuals think and feel Plantinga develops a theory of the power of screen stories to affect both individuals and cultures asserting that we can better respond ethically to such media if we understand the sources of its influence on us

Telling Stories Steven Cohan, Linda M. Shires, 2002-01-04 Telling Stories overturns traditional definitions of narrative by arguing that any story whether a Bette Davis film a jeans ad a Jane Austen novel or a Cathy comic must be related to larger cultural networks The authors show how meanings and subjectivity do not exist in isolation but are manufactured by the narratives our culture reads and watches every day They call for a critical practice that through the fracturing of texts can alter the grounds of knowledge and interpretation This timely study will interest critics of narrative and culture as well as students wanting to extend post Saussurean theories to popular and canonical cultures and to the dynamics of story telling itself Castration Gary Taylor, 2002-09-11 Castration is a lively history of the meaning function and act of castration from its place in the early church to its secular reinvention in the Renaissance as a spiritualized form of masculinity in its 20th century position at the core of psychoanalysis *The Girl with the Golden Eyes and Other Stories* Honoré de Balzac, 2012-11-08 The three short fictions in this unique collection Sarrasine The Unknown Masterpiece and The Girl with the Golden Eyes deal with the relationship between artistic ideals and sexual desires They show Balzac's mastery of the seductions of storytelling and are among the 19th century's richest explorations of life and art **Stories, Theories and Things** Christine Brooke-Rose, 1991-01-25 The novelist and critic Christine Brooke Rose investigates those difficult border zones between the invented and the real in fiction **Secrets of Crime Fiction Classics** Stephen Knight, 2014-11-19 Starting with William Godwin's Caleb Williams and Charles Brockden Brown's Edgar Huntly this book covers in detail the great works of detective fiction Poe's Dupin stories Conan Doyle's The Adventures of Sherlock Holmes Christie's The Murder of Roger Ackroyd Sayers Strong Poison Chandler's The Big Sleep and Simenon's The Yellow Dog Lesser known but important early works are also discussed including Wilkie Collins The Woman in White Emile Gaboriau's M Lecoq Anna Katharine Green's The Leavenworth Case and Fergus Hume's The Mystery of a Hansom Cab More recent titles show increasing variety in the mystery genre with Patricia Highsmith's criminal focused The Talented Mr Ripley and Chester Himes African American detectives in Cotton Comes to Harlem Diversity develops further in Sara Paretsky's tough woman detective V I Warshawski in Indemnity Only Umberto Eco's medievalist and postmodern The Name of the Rose and the forensic feminism of Patricia Cornwell's Postmortem Notably the best modern crime fiction has been primarily international Manuel Vasquez Montalban's Catalan Summer Seas Ian Rankin's Edinburgh set The Naming of the Dead Sweden's Stieg Larsson's The Girl with a Dragon Tattoo and Vikram Chandra's Mumbai based Sacred Games Instructors considering this book for use in a course may request an examination copy here *Fiction after the Fatwa* Madelena Gonzalez, 2021-11-22 Fiction after the Fatwa Salman Rushdie and the Charm of Catastrophe proposes for the first time an examination of what Rushdie has achieved as a writer since the

fourteenth of February 1989 the date of the fatwa This study argues that his constant questioning of fictional form and the language used to articulate it have opened up new opportunities and further possibilities for writing in the late twentieth and early twenty first centuries Through close readings and intensive textual analysis arranged chronologically Fiction after the Fatwa provides a thought provoking reflection on the writer s achievements over the last thirteen years Aimed principally at academics and students but also of interest to the general reader it engages with the specific nature of the post fatwa fiction as it moves from the fairy tale world of Haroun and the Sea of Stories to the heartbreaking post realism of Fury **Edgar**

Allan Poe's the Tell-tale Heart and Other Stories Harold Bloom, Sterling Professor of Humanities Harold Bloom, 2014-05-14 Presents a collection of critical essays on Poe s novel The tell tale heart arranged chronologically in the order of their original publication *Queer Stories of Europe* Jānis Ozoliņš, Kārlis Vērdiņš, 2016-12-14 This is the first volume on the studies of queer identities in Europe to adopt a strong focus on the history of the Baltic region among other countries in Central and East Europe It unites work by researchers of different European countries that deals with various representations of the queer culture over a period of more than one hundred years A significant part of the book is dedicated to belletristics with the contributors offering readings of it with knowledge about ideas circulating in public discourse that have been influential for new discoveries in history art history culture studies communication studies theology and narratology among other fields *The Acorn Stories* Duane Simolke, 2003-09 A lush tangle of small town life branches out in this engrossing collection of short stories Kirkus Discoveries Each of Simolke s stories lets us look into the lives of some of the most interesting characters I have ever read about Amos Lassen Literary Pride The ability to depict such a wide cross section of humanity including details of each character s breadth of knowledge and experience takes a talented insightful author and Duane Simolke is such a writer E Conley Betty s Books A well crafted collection of short stories L L Lee author of Taxing Tallula It was a real pleasure to read about the fictional town of Acorn Texas and get to meet all the different and varied people that Mr Simolke so eloquently fleshed out Mark Kendrick author of Desert Sons Visit the West Texas town of Acorn Enjoy the German festival a high school football game homemade apple pie from the Turner Street Caf and the cool shade of a hundred year old oak tree Meet dedicated teachers unusual artists shrewd business owners closeted gays and concerned neighbors See how lives become intertwined in moments of humor or tragedy Just be careful because in Acorn the sky is always falling From romantic comedy to razor sharp satire to moments of quiet reflection Duane Simolke s award winning tales transform a fictional West Texas town into a tapestry of human experiences **Fantastic Short Stories by Women Authors from Spain and Latin America** Patricia Garcia, Teresa López-Pellisa, 2019-08-15 It includes introductions to the life and work of female authors who are not very well known in the Anglophone world due to the lack of translations of their works This critical work with a feminist focus will provide a helpful framework for undergraduate and postgraduate students in the UK and US A wide ranging bibliography will be of great assistance to those looking to pursue research on the

fantastic or on any of the specific writers and texts This book is endorsed by the British Academy as part of the project Gender and the Fantastic in Hispanic Studies and by an established international network namely the Grupo de Estudios sobre lo Fantástico based in the Universidad Autónoma de Barcelona *Wonder Tales in the Fiction of A. S. Byatt* Alexandra Cheira, 2023-01-19 This volume provides sustained critical attention on Byatt's wonder tales both the stand alone tales and those which are embedded in the wider frame of a novel or novella In this light it examines Byatt's claim that her wonder tales are modern literary stories and they do play quite consciously with a postmodern creation and recreation of old forms through a revisitation of the wonder tale in a productive dialogue with tradition as an expanded recognition of this fertile creative critical dialogue with regards to the significance of the wonder tale in Byatt's fictional work The book evinces a fresh variety of conceptions and approaches to Byatt's wonder tales some spanning several tales and others focussing on a specific wonder tale all thoroughly observant of the nature and workings of the relationship between story or novel and genre or tale and theoretically informed by innovative critical approaches Writing the Survivor Robin E. Field, 2020-07-15 Writing the Survivor The Rape Novel in Late Twentieth Century American Fiction identifies a new genre of American fiction the rape novel that recenters narratives of sexual violence on the survivors of violence and abuse rather than the perpetrators The rape novel arose during the women's liberation movement as women writers collectively challenged the traditional erasure of female subjectivity and agency found in earlier representations of sexual violence in American fiction The rape novel not only foregrounds survivors and their stories in a textual centering that affirms their dignity and self worth but also develops new narratological strategies for portraying violent disturbing subject matter In bringing together many key women's texts of the last decades of the 20th century the rape novel demonstrates the centrality of sexual assault to women's fiction of this era The rape novels of the 21st century continue the political activism inherent in the genre educating readers offering community to survivors and encouraging social activism as the stories of male survivors are increasingly told A radical reconsideration of late twentieth century American novels Writing the Survivor underscores the importance of women's activism upon the novel's form and content and reveals the portrayal of rape as rape to be an interethnic imperative *The Devil and Other Stories* Leo Tolstoy, 2003-07-10 It is impossible to explain why Yevgeny chose Liza Annenskaya as it is always impossible to explain why a man chooses this and not that woman This collection of eleven stories spans virtually the whole of Tolstoy's creative life While each is unique in form as a group they are representative of his style and touch on the central themes that surface in War and Peace and Anna Karenina Stories as different as The Snowstorm Lucerne The Diary of a Madman and The Devil are grounded in autobiographical experience They deal with journeys of self discovery and the moral and religious questioning that characterizes Tolstoy's works of criticism and philosophy Strider and Father Sergy as well as reflecting Tolstoy's own experiences also reveal profound psychological insights These stories range over much of the Russian world of the nineteenth century from the nobility to the peasantry the military to the clergy from merchants and

cobblers to a horse and a tree Together they present a fascinating picture of Tolstoy s skill and artistry ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Thomas Hardy's Short Stories Juliette Berning Schaefer,Siobhan Craft Brownson,2016-11-18 Thomas Hardy penned nearly fifty short stories but in spite of this impressive

number his contributions to the genre have been relatively understudied Bringing together an international group of scholars this is the first edited collection devoted solely to Hardy s works of short fiction The contributors take up topics related to their publication in periodicals gender and community relationships and narrative techniques Taken together the essays show that Hardy s short stories are important not only for what they tell us about Hardy as a writer who straddles the divide between the traditionalist and the modernist but also for how they reflect and inform the period in which he wrote *Lovers and Beloveds* Gary Richards,2007-05-01 A challenge to traditional criticism this engaging study demonstrates that issues of sexuality and same sex desire in particular were of central importance in the literary production of the Southern Renaissance Especially during the end of that period approximately the 1940s and 1950s the national literary establishment tacitly designated the South as an allowable setting for fictionalized deviancy thus permitting southern writers tremendous freedom to explore sexual otherness In *Lovers and Beloveds* Gary Richards draws on contemporary theories of sexuality in reading the fiction of six writers of the era who accepted that potentially pejorative characterization as an opportunity Truman Capote William Goyen Harper Lee Carson McCullers Lillian Smith and Richard Wright Richards skillfully juxtaposes forgotten texts by those writers with canonical works to identify the complex narratives of same sex desire In their novels and stories the authors consistently reimagine gender roles centralize homoeroticism and probe its relationship with class race biological sex and southern identity This is the first book to assess the significance of same sex desire in a broad range of southern texts making a crucial contribution to the study of both literature and sexuality
