Hofmeyr, 2012 [Access to Success and Social Mobility through Higher Education](#) Stuart Billingham, 2018-08-23 This collection of essays illuminates the benefits drawbacks challenges and opportunities of the push to widen access to success and social mobility through university and other post secondary education experiences in the UK and internationally

The Responsive University and the Crisis in South Africa, 2021-05-31 Around the world higher education is faced with a fundamental question what is the basis for our claim of societal legitimacy In this book the authors go beyond the classical response regarding teaching research and community engagement Instead the editor puts forward the proposition that the answer lies in responsiveness the extent to which universities respond or fail to respond to societal challenges Moreover because of its intractable legacy issues and crisis of inequality the question regarding the societal legitimacy of universities is particularly clearly manifested in South Africa one of the most unequal countries in the world The Responsive University brings together contributions on the issue of responsiveness from a number of international university leaders half of them specifically addressing the South African situation within the context of the international situation as presented by the other authors In the global discussion about the role of universities in society this book provides a conceptual framework for a way forward

Fees Must Fall Susan Booysen, 2016-10-01 This book explores the student discontent a year after the start of the 2015 South African FeesMustFall revolt FeesMustFall the student revolt that began in October 2015 was an uprising against lack of access to and financial exclusion from higher education in South Africa More broadly it radically questioned the socio political dispensation resulting from the 1994 social pact between big business the ruling elite and the liberation movement The 2015 revolt links to national and international youth struggles of the recent past and is informed by black consciousness politics and social movements of the international left Yet its objectives are more complex than those of earlier struggles The student movement has challenged the hierarchical top down leadership system of university management and it s double speak of professing to act in workers and students interests yet entrenching a regressive system for control and governance University managements while on one level amenable to change have also co opted students into their ranks to create co responsibility for the highly bureaucratised university financial aid that stands in the way of their social revolution This book maps the contours of student discontent a year after the start of the FeesMustFall revolt Student voices dissect colonialism improper compromises by the founders of democratic South Africa feminism worker rights and meaningful education In depth assessments by prominent scholars reflect on the complexities of student activism its impact on national and university governance and offer provocative analyses of the power of the revolt

Student Financing of Higher Education Donald Heller, Claire

Callender,2013-06-07 The financing of higher education is undergoing great change in many countries around the world In recent years many countries are moving from a system where the costs of funding higher education are shouldered primarily by taxpayers through government subsidies to one where students pay a larger share of the costs There are a number of factors driving these trends including A push for massification of higher education in the recognition that additional revenue streams are required above and beyond those funds available from governments in order to achieve higher participation rates Macroeconomic factors which lead to constraints on overall government revenues Political factors which manifest in demands for funding of over services thus restricting the funding available for higher tertiary education A concern that the returns to higher education accrue primarily to the individual rather than to society and thus students should bear more of the burden of paying for it This volume will help to contribute to an understanding of how these trends occur in various countries and regions around the world and the impact they have on higher education institutions students and society as a whole With contributions for the UK USA South Africa and China this vital new book gives a truly global picture of the rapidly changing situation

Social Justice and Education in the 21st Century Willie Pearson Jr.,Vijay Reddy,2021-04-10 The world is not an equal place There are high and low income countries and high and low income households For each group there are differential educational opportunities leading to differential educational outcomes and differential labor market opportunities This pattern often reproduces the privileges and inequalities of groups in a society This book explores this differentiation in education from a social justice lens Comparing the United States and South Africa this book analyzes each country s developmental thinking on education from human capital and human rights approaches in both primary and higher education The enclosed contributions draw from different disciplines including legal studies sociology psychology computer science and public policy

Breaking a Rainbow, Building a Nation Rekgotsofetse Chikane,2018-10-01 Breaking a Rainbow Building a Nation is a first hand account of the university protests that gripped South Africa between 2015 and 2017 widely better known as the FeesMustFall Chikane outlines the nature of student politics in the country before during and after the emergence of MustFall politics exploring the political dynamics that informed and drove the student protests and the effect that these MustFall movements have had on the nature of youth politics in the country Chikane looks at how the current nature of youth politics is different from previous youth upheavals that have defined South Africa specifically due to the fact that the protests were being led by so called coconuts who are part of the black elite Breaking a Rainbow Building a Nation poses the provocative question can coconuts be trusted with the revolution

Transforming Universities in South Africa ,2020-08-31 The idea of transformation in higher education underpins all policy documents academic literature and on going debates in South Africa Transforming Universities in South Africa Pathways to Higher Education Reform responds to the pressing need to comprehensively review the post apartheid experience and assess where South Africa s higher education stands across the continent and globally particularly within the country s efforts to overcome decades of

socio economic imbalances It addresses the question of whether South Africa s transformation strategy from apartheid to democracy was simply a symbolic new flag raising and new anthem singing exercise reflecting a transition akin to those limited decolonization projects elsewhere in the world or whether something more fundamental was possible and was achieved with political and policy implications for other countries in Africa and globally This volume s ultimate purpose is to provide a basis for imagining new futures in which South Africa higher education in the context of Africa and the global world takes centre stage

Responsibility of Higher Education Systems ,2020-06-29 The evolving societal political and economic landscape has led to increased demands on higher education institutions to make their contribution and benefits to society more visible and in many cases with fewer public resources This book contributes to the understanding of the responsibilities of Higher Education and the challenges posed to the production and circulation of knowledge It raises questions about the role of higher education in society its responsibility towards students and staff and regarding its intended impact The book brings together a range of topical papers and a diversity of perspectives scientific investigations of reputed scholars critical evidence based papers of third space professionals and policymakers perspectives on the daily practice and management of higher education institutions and systems The variety of both content and contributors elevates the richness of the book and its relevance for a large audience Contributors are Victor M H Borden Lex Borghans Bruno Broucker Hamish Coates Gwilym Croucher Lisa Davidson Mark Engberg Philipp Friedrich Martina Gaisch Solomon Gebreyohans Gebru Ton Kallenberg Kathi A Ketcheson Lu Liu Alfredo Marra Clare Milsom Kenneth Moore Roberto Moscati Marjolein Muskens Daniela N meyer Attila Pausits Svetlana Shenderova Wafa Singh Chuanyi Wang Denyse Webbstock Gregory Wolniak and Jiale Yang See inside the book

The Rise of the Radical Right in the Global South Rosana Pinheiro-Machado,Tatiana Vargas-Maia,2023-05-31 The Rise of the Radical Right in the Global South is the first academic study adopting an interdisciplinary and international perspective to offer a comprehensive and groundbreaking framework for understanding the emergence and consolidation of different radical right movements in Global South countries in the twenty first century From deforestation and the anti vaccine movement in Bolsonaro s Brazil to the massacre of religious minorities in Modi s India the rise of the radical right in the Global South is in the news every day Not long ago some of these countries were globally celebrated as emerging economies that consolidated

vibrant democracies Nonetheless they never overcame structural problems including economic inequality social violence cultural conservatism and political authoritarianism Featuring case studies from Brazil India the Philippines and South Africa and more generally from Africa and Latin America this book analyses future scenarios and current alternatives to this political movement to the radical right It proposes a shift of focus in examining such a trend adopting a view from the Global South conventional theoretical tools developed around the experience in Global North countries are not enough The authors show that the radical right in the Global South should be analysed through specific lenses considering national historical patterns of political and economic development and instability They also warn that researching these countries may differ from contexts where democratic institutions are more reliable This does not mean abandoning a transnational understanding of the radical right rather it calls for the opposite the chapters examine how the radical right is invented adapted modified and resisted in specific regions of the globe This volume will be of interest to all those researching the radical right and the politics of development and the Global South

Going to University Case, Jennifer, Marshall, Delia, 2018-02-09 Around the world more young people than ever before are attending university Student numbers in South Africa have doubled since democracy and for many families higher education is a route to a better future for their children But alongside the overwhelming demand for higher education questions about its purposes have intensified Deliberations about the curriculum culture and costing of public higher education abound from student activists academics parents civil society and policy makers We know from macro research that South African graduates generally have good employment prospects But little is known at a detailed level about how young people actually make use of their university experiences to craft their life courses And even less is known about what happens to those who drop out This accessible book brings together the rich life stories of 73 young people six years after they began their university studies It traces how going to university influences not only their employment options but also nurtures the agency needed to chart their own way and to engage critically with the world around them The book offers deep insights into the ways in which public higher education is both a private and public good and it provides significant conclusions pertinent to anyone who works in and cares about universities
