Apple To The Core The Unmaking Of The Beatles:

Apple to the Core Peter McCabe, Robert D. Schonfeld, 1972 *The Cambridge Companion to the Beatles* Kenneth Womack, 2009-11-12 From Please Please Me to Abbey Road the fascinating story of the Fab Four's creation works and enduring musical legacy *The Beatles and the Historians* Erin Torkelson Weber, 2016-04-27 Hundreds of books have been written about The Beatles Over the last half century their story has been mythologized and de-mythologized and presented by biographers and journalists as history Yet many of these works do not strictly qualify as history and the story of how the Beatles mythology continues to be told has been largely ignored This book examines the band's historiography exploring the four major narratives that have developed over time The semi-whitewashed Fab Four account the acrimonious breakup era Lennon Remembers version the biased Shout narrative in the wake of John Lennon's murder and the current Mark Lewisohn orthodoxy Drawing on the most influential primary and secondary sources Beatles history is analyzed using historical methods **The Beatles Diary Volume 1: The Beatles Years** Barry Miles, 2009-10-27 An intimate day by day history of all four Beatles from childhood to the break up of the group All the concerts film TV and radio appearances interviews hushed up scandals the sex and the drugs the triumphs and quarrels and all the Beatles related births marriages and deaths Essential reading for anyone interested in rock's most influential phenomenon of all time **The Beatles: Paperback Writer** Mike Evans, 2014-07-01 The Beatles Paperback Writer is a unique volume containing over 40 years of interviews articles reviews and essays on subjects ranging from the Fab Four's Liverpudlian origins to their influence on the counterculture of the late 1960s and beyond to the post-Beatle paths followed by John Lennon Paul McCartney George Harrison and Ringo Starr This collection is a compelling and utterly essential guide to the Beatles story *The Beatles, Untold Tales* Howard A. DeWitt, 1985 Based on over 50 interviews this is a fine behind-the-scenes look at the lads from Liverpool **The Beatles**, Kazaaam! Splat! Ploof! Gordana Crnkovic, 2003-10-01 Observing European debates about EuroDisney McDonald's Hollywood films and television programs and other vehicles of alleged Americanization one might imagine that Europe was in serious risk of losing its distinct cultural identity in the melting pot of American pop culture The loaded charge of kitsch is a central aspect of the debate with Disney stories for example branded as simplified travesties of authentic European folk tales But the relationship between European and American popular cultures is vastly more complex Reciprocal and interactive it is a relationship in which the European-American partnership for example in cinematic ventures has become quite common And again artifacts which have a certain meaning and reception in America may have a completely different meaning and reception in Europe in effect behaving as different artifacts altogether And finally as this book shows American cultural influences have penetrated not only the popular realms of European television fashions fast food and rock music but also such domains as youth organizations literature UFO culture and religious faith The Beatles and Sixties Britain Marcus Collins, 2020-03-05 In this rigorous study Marcus Collins reconceives the Beatles social cultural

and political impact on sixties Britain Sgt. Pepper and the Beatles Olivier Julien, 2018-03-29 The first concept album in the history of popular music the soundtrack of the Summer of Love or Hippy Symphony No 1 Sgt Pepper s Lonely Hearts Club Band is first and foremost the album that gave rise to hopes of progress in pop music The Times 29 May 1967 Sgt Pepper and the Beatles commemorates the fortieth anniversary of this masterpiece of British psychedelia by addressing issues that will help put the record in perspective These issues include reception by rock critics and musicians the cover lyrics songwriting formal unity the influence of non European music and art music connections with psychedelia and more generally the sociocultural context of the 1960s production sound engineering and musicological significance The contributors are world renowned for their work on the Beatles they examine Sgt Pepper from the angle of disciplines such as musicology ethnomusicology history sociology literature social psychology and cultural theory Why Don't We Do it in the Road? John Astley, 2006 In *Why Don t We Do It In The Road* the author looks back to the 1960s and the global phenomenon surrounding four young men from Liverpool The names and the songs are well known but the why is more difficult to assess even with hindsight against the glare of the music industry s powerful myth making apparatus John Astley deploys his forensic skills as a sociologist to develop an original take on the kaleidoscopic landscape that gave birth to The Beatles phenomenon The reader is invited to take a peep back into the recent past at the post War years in England the trembling class structure of an exhausted society and the advent of global communications in the 1960s as the music industry and British culture is unmade and remade Put another way *Why Don t We Do It In The Road* is a question that has gone unanswered for four decades until now John Astley is a writer and lecturer and is a frequent contributor to journals conferences and radio talks As a sociologist of culture he is also the author of three volumes of collected essays *Liberation Domestication Culture Creativity and Professionalism Practice* John Astley is currently working on *Herbivores and Carnivores* a timely investigation into cultural values in contemporary society **The Guinness Encyclopedia of Popular Music: Tillotson, Johnny to Z.Z. Top** Colin Larkin, 1992 **Rock Music in American Popular Culture** Frank Hoffmann, B Lee Cooper, Wayne S Haney, 2013-01-11 How does rock music impact culture According to authors B Lee Cooper and Wayne S Haney it is central to the definition of society and has had a great impact on shaping American culture In *Rock Music in American Popular Culture* insightful essays and book reviews explore ways popular culture items can be used to explore American values This fascinating book is arranged alphabetically for quick and easy reference to specific topics but the book is equally enjoyable to read straight through The influence of rock era music is evident throughout the text demonstrating how various topics in the popular culture field are interconnected Students in popular culture survey courses and American studies classes will be fascinated by these unique explorations of how family businesses games nursery rhymes rock and roll legends and other musical ventures shed light on our society and how they have shaped American values over the years *And In the End* Ken McNab, 2020-08-18 Ken McNab s in depth look at The Beatles acrimonious final year is a detailed account of the breakup

featuring the perspectives of all four band members and their roles A must to add to the collection of Beatles fans And In the End is full of fascinating information available for the first time McNab reconstructs for the first time the seismic events of 1969 when The Beatles reached new highs of creativity and new lows of the internal strife that would destroy them Between the pressure of being filmed during rehearsals and writing sessions for the documentary Get Back their company Apple Corps facing bankruptcy Lennon s heroin use and musical disagreements the group was arguing more than ever before and their formerly close friendship began to disintegrate In the midst of this rancour however emerged the disharmony of Let It Be and the ragged genius of Abbey Road their incredible farewell love letter to the world

A Women's History of the Beatles Christine Feldman-Barrett, 2021-01-28 Winner of the 2022 Open Publication Prize by the International Association for the Study of Popular Music IASPM ANZ A Women s History of the Beatles is the first book to offer a detailed presentation of the band s social and cultural impact as understood through the experiences and lives of women Drawing on a mix of interviews archival research textual analysis and autoethnography this scholarly work depicts how the Beatles have profoundly shaped and enriched the lives of women while also reexamining key influential female figures within the group s history Organized topically based on key themes important to the Beatles story each chapter uncovers the varied and multifaceted relationships women have had with the band whether face to face and intimately or parasocially through mediated popular culture Set within a socio historical context that charts changing gender norms since the early 1960s these narratives consider how the Beatles have affected women s lives across three generations Providing a fresh perspective of a well known tale this is a cultural history that moves far beyond the screams of Beatlemania to offer a more comprehensive understanding of what the now iconic band has meant to women over the course of six decades

What Goes on Walter Everett, Tim Riley, 2019 In a stretch of just seven years the Beatles recorded hundreds of songs which tower above those of their worthy peers as both the product of cultural leadership and an artistic reflection of their turbulent age the 1960s Walter Everett and Tim Riley s What Goes On The Beatles Their Music and Their Time blends historical narrative musicology and music analysis to tell the full story of the Beatles and how they redefined pop music The book traces the Beatles development chronologically marking the band s involvement with world events such as the Vietnam War strides in overcoming racial segregation gender stereotyping student demonstrations and the generation gap It delves deeply into their body of work introducing the concepts of musical form instrumentation harmonic structure melodic patterns and rhythmic devices in a way that is accessible to musicians and non musicians alike Close readings of specific songs highlight the tensions between imagination and mechanics songwriting and technology and through the book s musical examples listeners will learn how to develop strategies for creating their own rich interpretations of the potential meanings behind their favorite songs Videos hosted on the book s companion website offer full definitions and performance demonstrations of all musical concepts discussed in the text and interactive listening guides illustrate track details in real time listening The unique multimedia

approach of What Goes On reveals just how great this music was in its own time and why it remains important today as a body of singular achievement **The Beatles** David M.
