really happened to this once great icon of American business **How Places Make Us** Japonica Brown-Saracino,2018
Maybe we've had enough of studies of gay men and urban centers tracing out the similarities from one place to the next Japonica Brown Saracino bucks the trend giving us the first in depth study of lesbians and bisexual queer women more generally showing how four contrasting communal cultures have shaped their identity Individual lesbian residents shape the culture of sexual identity they embrace based at the same time on the prevailing culture in the city they inhabit And the consequence is that the same woman will develop a different version of lesbian identity depending on which of the four cities she moves into Those cities are Ithaca New York San Luis Obispo California Greenfield Massachusetts and Portland Maine She identifies them in the book a rare move for ethnographers thus insuring a coast to coast readership with lots of debate This book advances in almost equal measure sexuality and gender studies theories of identity theories of place and urban sociology Each city has its own loose bundles or connections between residents whether it's the taste based ties in Ithaca or the ties in San Luis Obispo that cut across demographics or the conversations about identity that prevail in Portland or the emphasis Greenfield on other dimensions of the self e.g. profession politics or life stage such as motherhood Along the way Brown Saracino poses a set of questions from urban sociology about migration residential choice and community change processes that students of cities rarely apply to sexual minority populations *Unmasked* Andy Ngo,2021-02-02 In this national bestseller a journalist who's been attacked by Antifa writes a deeply researched and reported account of the group's history and tactics When Andy Ngo was attacked in the streets by Antifa in the summer of 2019 most people assumed it was an isolated incident But those who'd been following Ngo's reporting in outlets like the New York Post and Quillette knew that the attack was only the latest in a long line of crimes perpetrated by Antifa In *Unmasked* Andy Ngo tells the story of this violent extremist movement from the very beginning He includes interviews with former followers of the group people who've been attacked by them and incorporates stories from his own life This book contains a trove of documents obtained by the author published for the first time ever **Retail Market Study 2015** Marc-Christian Riebe ,2015-02-02 The Retail Market Study 2015 of The Location Group is the one and only study of its kind worldwide The focus of the Retail Bible are the 150 of the most notable international cities of the fashion and retail world and more than 3 000 store openings on 1 670 pages Over 1 300 retailers 800 shopping streets and 500 shopping centers were analyzed The study reached more than 250 000 readers worldwide so far [Black Mark](#) Paul Spencer,2024-05-23 He couldn't save his reputation his marriage or his career but he's dead set on saving a friend framed for murder Divorced disbarred and broke That's where former defense attorney Mick Ward found himself after a drug fueled collapse and now all he wants is a quiet life But when he discovers a body on his friend Elliott's property Mick has to get involved Because the body belongs to a rival from Elliott's criminal past and someone's planted a gun in his house Currently a Black Lives Matter activist running for Portland's city council Elliott suspects he's been targeted by vengeful cops But the worst is yet to come and with Mick unable to practice law he'll have to work around
