Stokes, 2005-08-17 In this exciting new contribution to the study of creativity psychologist artist and writer Dr Patricia Stokes delves into the minds of famous creative artists and discovers the surprising source leading to their creative breakthroughs From Picasso to Stravinsky Kundera and Chanel to Frank Lloyd Wright it is not boundary less creative freedom that inspires new ideas but self imposed well considered constraints Monet forced himself to repeatedly paint the way light broke on between and around his subjects contrasting color instead of light and dark and softening edges in the process His constraints catapulted the art world from representational to impressionist art Whatever your creative field be you an artist educator or psychologist who studies

creativity and problem solving Stokes shows you how to think clearly about your creative development and design the vital constraints that will take you to breakthrough **Consuming Modernity** Cheryl Krasnick Warsh, Dan Malleck, 2013-08-23 Positioning consumer culture in Canada within a wider international context Consuming Modernity explores the roots of modern Western mass culture between 1919 and 1945 when the female worker student and homemaker relied on new products to raise their standards of living and separate themselves from oppressive traditional attitudes Mass produced consumer products promised to free up women to pursue other interests shaped by marketing campaigns advertisements films and radio shows Concerns over fashion personal hygiene body image and health reflected these new expectations This volume is a fascinating look at how the forces of consumerism defined and redefined a generation **Reading Programs for Young Adults** Martha Seif Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs **Walford's Guide to Reference Material: Social and historical sciences, philosophy and religion** Albert John Walford, Marilyn Mullay, Priscilla Schlicke, Library Association, 1996 This new edition of Volume II last published in 1994 has been extensively expanded and revised in all areas Fully updated the new edition includes major changes and covers a span of topics from archaeology through medieval history to statistics It includes philosophy psychology religion social sciences geography biology and history All areas have been completely updated with additional material in economics business and management **Socionomics** Mikko Ketovuori, 2024-03-28 Socionomics How Social Mood Shapes Society explores the main principles and applications of socionomic theory as elaborated by Robert Prechter Socionomic theory posits that an omnipresent social mood shifting constantly in a wave form through all aspects of society is responsible for the aggregate tenor and character of all social economic and cultural trends from fluctuations in the stock market to the popularity of particular genres of music at a given time The social mood as an endogenous and collective force has its roots in the herding instinct often identified amongst crowds Individuals typically make rational decisions when acting alone and in the context of certainty but in groups and in context of uncertainty mood based mimetic behavior can affect all the participants As social mood often goes unnoticed people tend to give their collective feelings labels to rationalize them thus constituting public opinion Therefore

whilst public opinion as presented in the media is usually seen as rational it is in fact based on the social mood context that often determines how people think feel and behave As the internet and social media have become ubiquitous in our daily lives these rationalizations are spreading faster and faster than ever before and creating a pseudo reality which can corrupt the collective perception of what is real and what is not This stimulating and thought provoking book will be of great interest to academics practitioners and policymakers with an interest in the humanities and social sciences particularly sociology and economics

*Femininity in Flight* Kathleen Barry,2007-02-28 Considers flight attendants as cultural icons looking at the history of the occupation and how attendants redeployed the glamorization used to sell air travel to campaign for professional respect higher wages and women s rights

*Clean* ,2008-07-24 Why do we still have nits What exactly are purity rules And why have baths scarcely changed in 200 years The long history of personal hygiene and purity is a fascinating subject that reveals how closely we are linked to our deeper past In this pioneering book Virginia Smith covers the global history of human body care from the Neolithic to the present using first hand accounts and sources From pre historic grooming rituals to New Age medicine from ascetics to cosmetics Smith looks at how different cultures have interpreted and striven for personal cleanliness and shows how throughout history this striving for purity has brought great social benefits as well as great tragedies It is probably safe to say that no one who reads this book will look at his or her body or bathroom in quite the same way again

*Mood Matters* John L. Casti,2010-06-25 Mood Matters makes the radical assertion that all social events ranging from fashions in music and art to the rise and fall of civilizations are biased by the attitudes a society holds toward the future When the social mood is positive and people look forward to the future events of an entirely different character tend to occur than when society is pessimistic The book presents many examples from every walk of life in support of this argument In addition methods are given to actually measure the social mood and to project it into the future in order to forecast what s likely or not over varying periods of time Casti s writing is a pleasure to read and its contents an eye opener They the chapters tell an engrossing story and the mystery heightens as it goes it s chatty and knowing Greg Benford Physicist and science fiction writer author of Timescape and Deep Time I am struck by how thought provoking it all is I am sure that your book will draw a lot of attention Tor Norretranders Science writer author of The Generous Man and The User Illusion
