In this series Pastor Bohr deals with hot button issues in contemporary Adventism including lessons to be learned from the pantheistic crisis in the early 20th century the holy flesh fanaticism and the role of the spirit of prophecy in the remnant church Also he deals with the identity and function of the 24 Elders in the governance of heavenly society Steve Wohlberg presents a fascinating series on the righteousness by faith message at the Minneapolis general conference session of 1888 Dr Teske presents a series about our character our conscience and our choices explaining how everything that makes us what we are and determines our destiny takes place within the several billion neurons that make up our brains Learn how changes can take place in the circuits of the brain and how there is huge potential for change that exists within the mind **The Identity of the 24 Elders** John Frank McGahey,1954 **The 24 Elders and a Little Scroll Volume** Daniel C S,2020-02-12 In the late Spring of 2012 I had a three week supernatural experience with God As a result I have had a close relationship with God and hear His Voice daily and almost continually through each day since my experience When I say God

I mean the Creator God a three part Trinity Most closely defined by Christianity however not exclusively the Christian God He is the Creator of our DNA and the origin of all life upon the earth In the Autumn of 2014 God gave me the first part of the story that is contained within this first volume of The 24 Elders and a Little Scroll Also God gave me a reprimand to deliver for overly religious Christians and a reprimand concerning many edits and changes that were done to the Bible scriptures over a two millennium period In this volume I deliver the reprimand and then begin a long saga story about the origins of mankind and the agenda of the Creator God The story begins with a familiar setting and characters that most of us know but quickly changes into uncharted territory Biblical and other religious narratives of the origin of mankind are vague and brief This story brings true clarity to what really happened when God Created mankind Also bringing to light the identities of the 24 Elders that have become the High Council of God Many ancient secrets are revealed throughout the story including the original 24 letter paleo pictograph alphabet and the creation and meaning and background of each letter Also the numeric system is designed and incorporated into the paleo pictograph alphabet using all 24 paleo pictograph letters Combining the numbers with the pictographs gives greater meaning to each number assigned to each letter As another layer to the story the numbers are used very esoterically and even in a coded fashion throughout the entire book A primitive defining of the constellations and a primitive story is originated from the constellations within a single chapter of the book The origin of many ancient rituals are also explained in detail throughout the entire story In addition exact dates are given for events using the original ancient solar and lunar calendars that are created within the story The origin of the calendars being explained in great detail and star placements are discussed for seasons as a reference for historical dating The Four Royal Stars then also being originally defined in an according primitive fashion The book includes four appendix charts and an esoteric numeric and pictograph code list for the book The code list is to help the readers find and understand the esoteric numeric codes throughout the book but all codes are not listed This is the first volume in a series The second volume is already written and will be released shortly after this first volume The second volume continuing the story of the first volume with the same esoteric integrity This first volume is what I reference as the E dhamic volume The second volume soon to follow is what I reference as the He nochian volume I do expect that the books content may be controversial for many Bible believing Christians and other religious persons Some parts of the book may be sweet while other parts might be bitter I did not write the book from a scriptural or doctrinal perspective The Voice of the Lord was my guide and will be throughout all of the books that come in this series This story is God revealing Himself to us revealing His Heart to us through an ancient story A story that is also the truth A story about ancient times when God then began to talk to mankind A time when it was that all that was known was known through God and there was not yet any religion of any kind All religions come from one root truth This is that ancient truth that was given to us so very long ago I think we can understand it better now than then I hope you enjoy the read and Godspeed on your spiritual growth and perception Da
