Hunting and the Ivory Tower Douglas Higbee, David Bruzina, 2018-05-11 Seventeen hunter scholars explore the hunting experience and question common negative stereotypes Despite the academy having a reputation for supporting broad and open inquiry in scholarship some academics have not extended this open minded support to colleagues personal pursuits A variety of scholars enjoy hunting which has been stereotyped by some as an activity of the unsophisticated In *Hunting and the Ivory Tower* Douglas Higbee and David Bruzina present essays by seventeen hunter scholars who explore the hunting experience and question negative assumptions about hunting made by intellectuals and academics who do not hunt Higbee and Bruzina suspect most academics understanding of hunting is based on brief television news reports of

hunter politicians and commercials for reality TV shows such as Duck Dynasty The editors contend that few scholars appreciate the complexities of hunting or give much thought to its ethical ecological and cultural ramifications Through this anthology they hope to start a conversation about both hunting and academia and how they relate The contributors to this anthology are academics from a variety of disciplines each with firsthand hunting experience Their essays vary in style and tone from the scholarly to the personal and represent the different ways in which scholars engage with their avocation The essays are grouped into three sections the first focuses on the often fraught relation between hunters and academic culture the second section offers personal accounts of hunting by academics and the third portrays hunting from an explicitly academic point of view whether in terms of value theory metaphysics or history Combined these essays render hunting as a culturally rich deeply personal and intellectually satisfying experience worthy of further discussion A foreword is provided by Robert DeMott the Edwin and Ruth Kennedy Distinguished Professor at Ohio University in Athens Ohio He is a teacher writer critic and internationally respected expert on novelist John Steinbeck *Steinbeck's Typewriter* Robert DeMott,2012-10-17 Steinbeck's Typewriter Essays on His Art collects several of DeMott's finest essays on Steinbeck that are so carefully revised as to warn other critics seeking their own collected essay volume of the difference between a genuinely lapidary compilation and a kitchen midden Illustrated with some rare photos this collection is especially notable John Ditsky Choice Steinbeck's Typewriter stands as the most in depth treatment of Steinbeck's aesthetics particularly in its exploration of the author's interior spaces and creative habits elements of Steinbeck's artistry which have not only been underestimated but woefully ignored Stephen George Steinbeck Review **Steinbeck's Imaginarium** Robert DeMott,2022-11-15 In Steinbeck's Imaginarium Robert DeMott delves into the imaginative creative and sometimes neglected aspects of John Steinbeck's writing DeMott positions Steinbeck as a prophetic voice for today as much as he was for the Depression era 1930s as the essays explore the often unknown or unacknowledged elements of Steinbeck's artistic career that deserve closer attention He writes about the determining scientific influences such as quantum physics and ecology in Cannery Row and considers Steinbeck's addiction to writing through the lens of the extensive obsessive full length journals that he kept while writing three of his best known novels The Grapes of Wrath The Wayward Bus and East of Eden DeMott insists that these monumental works of fiction all comprise important statements on his creative process and his theory of fiction writing DeMott further blends his personal experience as a lifelong angler with a reading of several neglected fishing episodes in Steinbeck's work Collectively the chapters illuminate John Steinbeck as a fully conscious self aware literate experimental novelist whose talents will continue to warrant study and admiration for years to come **In That Sweet Country** Harry Middleton,2016-07-05 A moving collection of fishing stories by one of America's legendary outdoor writers Throughout his career Harry Middleton contributed hundreds of stories essays and book reviews to some of the most respected periodicals including the New York Times Sports Illustrated Gray's Sporting Journal and Field Stream among others When he died in

1993 Middleton left behind a legacy rich with mountain streams wild trout and fishermen s dreams In *That Sweet Country* is a fresh exhilarating collection of a renowned fishing writer s previously published works A recognized name in outdoor writing Middleton brings us inspiring selections such as *An Angler s Lament* from *Southern Living* 1987 *Spring on the Miramichi* from *The Flyfisher* 1991 *A Haunting Obsession with Brown Trout* from the *New York Times* 1992 and many more Readers who love Middleton s work will cherish this compilation while novice fishermen will gain a view of the world as Middleton saw it There are so few left so few who believe the earth is enough Skyhorse Publishing is proud to publish a broad range of books for fishermen Our books for anglers include titles that focus on fly fishing bait fishing fly casting spin casting deep sea fishing and surf fishing Our books offer both practical advice on tackle techniques knots and more as well as lyrical prose on fishing for bass trout salmon crappie baitfish catfish and more While not every title we publish becomes a *New York Times* bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home **Field & Stream** ,1990-03 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations
