Top 4 sectors attracting PE Infrastructure Deals in Africa, 2011-2016

Infrastructure Growth Drivers

The investment potential of African infrastructure is being increasingly recognised, as is evident by the development of PE activity in this sector. The significant demand for public and private infrastructure investment within Africa spans areas such as power, water supply and sanitation, information and communication technologies.

What is driving this demand? In 2017, the World Bank estimated Africa's urban population to stand at 472 million people, forecasting it to double over the next 25 years. Infrastructure investment is vital to translating this rapid urbanisation into sustainable economic development. Indeed, the World Bank has stated that US\$93bn will be required annually to 2020 to close Africa's infrastructure gap. PE investors have the opportunity to play a significant role in providing finance to reduce Africa's infrastructure deficit.

"On a forward looking basis, African infrastructure projects are offering attractive premiums to those in developed markets, relative to the perceived risks and most certainly relative to the real risks."

Jurie Swart, African Infrastructure Investment Managers

Private Equity Infrastructure Deals

Between 2011 and 2016, West and South Africa attracted 50% of the total number of PE infrastructure deals, while multi-region deals accounted for the greatest share of deal value (55%). PE investments in infrastructure projects in Africa include Amandi Energy (ARM - Harith Infrastructure Investment Ltd & other investors, 2016), Sindila Micro-Hydro (Metier Sustainable Capital Practice, 2016), IHS Towers (Investec Asset Management, 2015), ENEO (Actis, 2014), Gas Train (African Capital Alliance, 2014), IHS Towers (Emerging Capital Partners & other investors, 2014), Helios Towers Africa (Helios Investment Partners & other investors, 2014), Seven Energy International (FBN Capital, 2012).

Private Equity Infrastructure Exits

Several funds have also successfully exited investments in the infrastructure sector. Companies that have been exited by PE investors in recent years include Bakwena Platinum Corridor Concessionaire (African Infrastructure Investment Managers, 2016), HTN Towers (Helios Investment Partners, 2016), Globelinq Africa (Actis, 2015), MTN Côte d'Ivoire (Emerging Capital Partners, 2013), and MTN Nigeria (African Capital Alliance, 2012).
