Classes of History, Biography, Geography, and Travel Boston Public Library,1892 **Risk in Children's Adventure**

Literature Elly McCausland,2024-05-31 Risk in Children s Adventure Literature examines the way in which adults discuss the reading and entertainment habits of children and with it the assumption that adventure is a timeless and stable constant whose meaning and value is self evident A closer enquiry into British and American adventure texts for children over the past 150 years reveals a host of complexities occluded by the term and the ways in which adults invoke adventure as a means of attempting to get to grips with the nebulous figure of the child Writing about adventure also necessitates writing about risk and this book argues that adults have historically used adventure to conceptualise the relationship between children and risk the risks children themselves pose to society the risks that threaten their development and how they can be trained to

manage risk in socially normative and desirable ways Tracing this tendency back to its development and consolidation in Victorian imperial romance and forward through various adventure texts and media to the present day this book probes and investigates the truisms and assumptions that underlie our generalisations about children's love for adventure and how they have evolved since the mid nineteenth century

African Adventures : The Kalahari And Surrounds [video Cassette]. , 1999? **African Adventures and Misadventures** William York, 2003-01-01 Bill York who recently passed away once said Most guiding for big game is pretty unadventuresome work However when there is excitement it comes in spades and Bill York had his share of unusual encounters From his early days in Kenya when he and a companion trekked alone through the desert of the NFD and had to fend off marauding lions that ate his caravan ponies to encountering a Mau Mau terrorist who took potshots at his victims with a stolen elephant gun York gives an entertaining account of his life York was there when the RAF bombed the rain forest to rid Kenya of the dreaded Mau Mau and he explains how the bombing went awry very few Mau Mau were killed but plenty of wounded and dangerously short tempered buffalo were left to wreck havoc in the countryside He gives an insider's view to the funny and outrageous behavior of some of his famous acquaintances Eric Rundgren Ken Dawson Frank Broadbent and Iodine Ionides PH Eric Rundgren for example was so interested in getting himself good elephant tusks that he would scout out the best tuskers for himself and guide his clients to less desirable trophies There are stories about how York found a cache of rhino and elephant ivory that J A Hunter had stashed before his

death and how John Boyes managed to exasperate British authorities with his dastardly deeds There is an entire chapter on hunting giant forest hogs because Bill York spent a lot of time in their habitat and there are encounters and adventures with crop raiding elephant and ghost buffalo that could be seen but not killed Then there is the story of a client who was so huge that York was not sure he could get the man a single trophy As with York s previous book the pages are loaded with interesting anecdotes fascinating tales and well written prose that give insight into East Africa and its more famous characters
