American Psycho :

American Psycho Bret Easton Ellis, 2011 First ever hardcover edition of the classic horror novel **American Psycho**
Bret Easton Ellis, 2014-12-15 Bret Easton Ellis's *American Psycho* is one of the most controversial and talked about novels of all time. A multi-million copy bestseller hailed as a modern classic, it is a violent and outrageous black comedy about the darkest side of human nature. With an introduction by Irvine Welsh, author of *Trainspotting*, I like to dissect *Girls*. Did you know I'm utterly insane? Patrick Bateman has it all: good looks, youth, charm, a job on Wall Street, and reservations at every new restaurant in town. He is also a psychopath. A man addicted to his superficial perfect life, he pulls us into a dark underworld where the American Dream becomes a nightmare. Part of the Picador Collection, a series showcasing the best of modern literature. **Intimate Violence** Laura E. Tanner, 1994-11-22 Tanner deals with the central question of all narrative texts: how the reader is manipulated into empathy or distance by the text. This study is the sort that needs to be redone in every classroom and by every mature reader. Tanner offers provocative and useful discussions of rape and torture. Choice. This thoughtful and disturbing book raises serious questions about the consequences of reading representations of rape and torture. *American Literature*. In this incisive exploration of twentieth-century novels, art, and ads, Laura Tanner explains the mechanisms by which reader and viewer are implicated in violence. Equally effective as a challenge to textual assault is the grace and gentleness of Tanner's own prose. *Intimate Violence* signals the emergence of an astute and humane critical voice. Wendy Steiner. Through an examination of such notorious works as *The White Hotel* and *American Psycho*, Laura Tanner leads us in a disturbing exploration of the reader's complicity with fictional depictions of intimate violence. Bret Easton Ellis's *American Psycho* Julian Murphet, 2002-01-11 This is part of a new series of guides to contemporary novels. The aim of the series is to give readers accessible and informative introductions to some of the most popular, most acclaimed, and most influential novels of recent years, from *The Remains of the Day* to *White Teeth*. A team of contemporary fiction scholars from both sides of the Atlantic has been assembled to provide a thorough and readable analysis of each of the novels in question. *Bret Easton Ellis* Naomi Mandel, 2010-11-18 This collection of critical essays on the American novelist Bret Easton Ellis examines the novels of his mature period: *American Psycho* (1991), *Glamorama* (1999), and *Lunar Park* (2005). Taking as its starting point *American Psycho*'s seismic impact on contemporary literature and culture, the volume establishes Ellis's centrality to the scholarship and teaching of contemporary American literature in the U.S. and in Europe. Contributors examine the alchemy of acclaim and disdain that accrues to this controversial writer, provide an overview of growing critical material on Ellis, and review the literary and artistic significance of his recent work. Exploring key issues including violence, literature, reality, reading, identity, genre, and gender, the contributors together provide a critical re-evaluation of Ellis, exploring how he has impacted, challenged, and transformed contemporary literature in the U.S. and abroad. **Consuming and Consumed People. Violence in *American Psycho*** Florian Burkhardt, 2005-11-04 Seminar paper from the year 2005 in the subject

American Studies Culture and Applied Geography grade 2 0 University of Stuttgart language English abstract Bret Easton Ellis American psycho has been a highly controversial book Many critics condemned this novel before it had been published so Ellis even had to search for a new publishing company The indignation at American psycho had been so fierce it verged on hysteria and some interest groups feminist and religious groups for instance agitated against the author and his work¹ The main reason why critics reacted that outraged was the explicit and detailed description of violence in this book² In this paper I will discuss the appearance of violence in American psycho But first I want to create a picture of social phenomena in the USA of the 80 s as they are described in the novel in order to provide the setting the atmosphere in which the violence takes place This will help to give an opinion of this violence and to interpret it Then I will discuss how violence is presented in the text In the fourth

The Spaces of Violence James Giles, 2006-04-09 Probes the interrelationship of violence and space in 10 contemporary American novels James R Giles examines 10 novels for the unique ways they explore violence and space as interrelated phenomena These texts are Russell Banks s Affliction Cormac McCarthy s Outer Dark and Child of God Lewis Nordan s Wolf Whistle Dorothy Allison s Bastard Out of Carolina Don DeLillo s End Zone Denis Johnson s Angels Sherman Alexie s Indian Killer Robert Stone s Dog Soldiers and Bret Easton Ellis s American Psycho These stories take place in settings as diverse as small towns college campuses suburbs the brokerage houses and luxury apartments of Wall Street football stadiums Appalachian hills and America s no man s land of Greyhound bus stations and highways Violence Giles finds is mythological and ritual in many of these novels whereas it is treated as systemic and naturalistic in others Giles locates each of the novels he studies on a continuum from the mythological to the naturalistic and argues that they represent a fourthspace at the margins of physical social and psychological space a territory at the cultural borders of

the mainstream These textual spaces are so saturated with violence that they suggest little or no potential for change and affirmation and are as degraded as the physical social and mental spaces out of which they emerge A concluding chapter extends the focus of *The Spaces of Violence* to texts by Jane Smiley Toni Morrison Edwidge Danticat and Chuck Palahniuk who treat the destructive effects of violence on family structures

Monstrous Nature Robin L. Murray, Joseph K. Heumann, 2016 *Godzilla* a traditional natural monster and representation of cinema's subgenre of natural attack also provides a cautionary symbol of the dangerous consequences of mistreating the natural world monstrous nature on the attack Horror films such as *Godzilla* invite an exploration of the complexities of a monstrous nature that humanity both creates and embodies Robin L. Murray and Joseph K. Heumann demonstrate how the horror film and its offshoots can often be understood in relation to a monstrous nature that has evolved either deliberately or by accident and that generates fear in humanity as both character and audience This connection between fear and the natural world opens up possibilities for ecocritical readings often missing from research on monstrous nature the environment and the horror film Organized in relation to four recurring environmental themes in films that construct nature as a monster anthropomorphism human ecology evolution and gendered landscapes the authors apply

ecocritical perspectives to reveal the multiple ways nature is constructed as monstrous or in which the natural world itself constructs monsters This interdisciplinary approach to film studies fuses cultural theological and scientific critiques to explore when and why nature becomes monstrous *The Business of America* Graham Thompson, 2004-03-20 The Business of America examines the complex linking of business and nationhood in post war United States literature against the backdrop of changing concepts of the nation in the field of American Studies The first part of the book examines how white male literary culture has been largely hostile to business during this period and how it has represented transnational shifts in the nature of business as threats to supposedly American values like the individual the family or freedom The book charts the way that such an uneasiness towards business relies upon a discourse about America business and empire that is increasingly untenable in the post war world By way of comparison The Business of America looks at how literature by women and by writers from different racial ethnic and sexual groups often deals with business from the more localised angle of work Graham Thompson shows how this attention to work provides a less abstract and more oppositional approach to the connection between business and America Thinking about Psychopaths and Psychopathy Ellsworth A. Fersch, Ellsworth Lapham Fersch, 2006 This volume provides a clear and compelling introduction to a most significant topic Compiled by members of a Harvard seminar it directs attention to issues raised by the general public and by students of social science and criminal justice The frequently asked questions address psychopaths and psychopathy sociopathy and antisocial personality disorder psychological biological gender related and other theories of causation psychological and other treatments and their use and effectiveness media portrayals of and legal responses to psychopaths The case examples include conventional criminals thieves killers a head of state a member of organized crime a former college research subject and characters in works of fiction and of nonfiction nonconventional white collar corporate executives authors a professor a politician an imposter the corporation a video game and cults and their leaders The extensive bibliography directs students and the public interested in further material to the important world where psychology and law morality and public policy interact This brief and readable book is the first place to look for what most people want to know about psychopaths and psychopathy *The Changing Face of Evil in Film and Television* , 2007-01-01 The popular media of film and television surround us daily with images of evil images that have often gone critically unexamined In the belief that people in ever increasing numbers are turning to the media for their understanding of evil this lively and provocative collection of essays addresses the changing representation of evil in a broad spectrum of films and television programmes Written in refreshingly accessible and de jargonised prose the essays bring to bear a variety of philosophical and critical perspectives on works ranging from the cinema of famed director Alfred Hitchcock and the preternatural horror films Halloween and Friday the 13th to the understated documentary Human Remains and the television coverage of the immediate post 9 11 period The Changing Face of Evil in Film and Television is for anyone interested in the moving image representation of that pervasive yet highly

misunderstood thing we call evil *Citizen Critics* Rosa A. Eberly, 2000 The condition of our public discussions about literary and cultural works has much to say about the condition of our democracy and the author argues for more public discourse in classrooms newspapers magazines etc to reclaim a public voice on national artistic matters In this revealing study of the links among literature rhetoric and democracy Rosa A Eberly explores the public debate generated by amateur and professional readers about four controversial literary works two that were censored in the United States and two that created conflict because they were not censored In *Citizen Critics* Eberly compares the outrage sparked by the publication of James Joyce's *Ulysses* and Henry Miller's *Tropic of Cancer* with the relative quiescence that greeted the much more violent and sexually explicit content of Bret Easton Ellis's *American Psycho* and Andrea Dworkin's *Mercy Through* a close reading of letters to the editor reviews media coverage and court cases Eberly shows how literary critics and legal experts defused censorship debates by shifting the focus from content to aesthetics and from social values to publicity By asserting their authority to pass judgments thus denying the authority of citizen critics these professionals effectively removed the discussion from literary public spheres A passionate advocate for treating reading as a public and rhetorical enterprise rather than solely as a private one Eberly suggests the potential impact a work of literature may have on the social polity if it is brought into public forums for debate rather than removed to the exclusive rooms of literary criticism Eberly urges educators to use their classrooms as protopublic spaces in which students can learn to make the transition from private reader to public citizen

On the Turn Bárbara Arizti, Silvia Martínez-Falquina, 2009-05-05

The Ethics of Fiction in Contemporary Narrative in English is an attempt to listen to the various voices that participate in the current dialogue on the relationship between fiction and ethics. The editors' introduction investigates the current state of affairs on the return to ethics in critical and literary consideration and it opens up the way for the variety of approaches that follows. Participants include internationally recognized scholars like Andrew Gibson, Patricia Waugh or Native American fiction writer and poet Gordon Henry, winner of the American Book Award in 1995. All in all, contributors cover a significant geographical diversity and their approaches also vary from general theory to particular examples from traditional interpretations to post-deconstruction ethics. Authors analyze texts both mainstream and marginal, colonial and postcolonial; they examine the ethics of race, gender and sexuality, the ethics of self-positioning and orientation, the ethics of style, the ethics of reception, the ethics of mode and genre, the ethics of extreme situations of evil, disease and fascism. In its search for a better understanding of the global nationalistic world of today, *On the Turn* therefore moves beyond the scope of literary criticism into issues of wider, more urgent relevance. What should I do? What ought I to do? What may I do? What must I do? If anything, on the basis of reading when I have read a literary work, what does reading a literary work authorize or even command me to do? Writing an essay about the work would be one response. *On the Turn* is a wonderfully diverse, learned, challenging, provocative, even sometimes controversial collection of essays on the ethical dimensions of literature. This book is testimony to the continued, lively interest in the ethical turn in literary studies. The authors are for the most part concerned with ethical theory and with ethically charged situations in postmodern novels in English as they shape readers' values and judgments. Poetry and non-print media are however also discussed. J. Hillis Miller, UCI Distinguished Research Professor of Comparative Literature and English, University of California at Irvine. *The Ethics of Fiction* is an important and exciting volume that explores with energy and rigour the connections between ethics and literature. Relating literature to philosophy, neurobiology, politics, religion, deconstruction and psychoanalysis, the twenty-two contributors richly advance the ethical turn recently embraced by many critics. Works by authors such as Ian McEwan, A.S. Byatt, Charles Palliser, Hanif Kureishi, J.M. Coetzee, David Malouf, George Orwell, E.L. Doctorow, Flannery O'Connor, Toni Morrison and Paul Auster are presented in a new light and complex topics such as territoriality, the nature of love, Islamophobia and the politics of representation are tackled with imagination and intellectual integrity. This book is essential reading for anyone interested in the dialogue between ethics and literature. Avril Horner, Professor of English, Kingston University.
