Americas Dates With Destiny:

America's God and Country William J. Federer, William Joseph Federer, 1994 An Invaluable resource highlighting america's noble heritage profound quotes from founding fathers presidents statesmen scientists constitutions court decisions for use in speeches papers debates essays

Redeeming America Michael Lienesch, 2014-04-15 This balanced and comprehensive study of Christian conservative thinking focuses on the 1980s when the New Christian Right appeared suddenly as an influential force on the American political scene only to fade from the spotlight toward the end of the decade In *Redeeming America* Michael Lienesch identifies a cyclical redemptive pattern in the New Christian Right's approach to politics and he argues that the movement is certain to emerge again Lienesch explores in detail the writings of a wide range of Christian conservatives including Jerry Falwell Pat Robertson Phyllis Schlafly and Tim and Beverly LaHaye in order to illuminate the beliefs and ideas on which the movement is based Depicting the thinking of these writers as a set of concentric circles beginning with the self and moving outward to include the family the economy the polity and the world Lienesch finds shared themes as well as contradictions and tensions He also uncovers a complex but persistent pattern of thought that inspires periodic attempts to redeem America alternating with more inward looking intervals of personal piety

America's Dates with Destiny Pat Robertson, 1986 Includes material on the Great Awakening Declaration of Independence Constitution Statue of Liberty American Civil Liberties Union abortion and Ronald Reagan

American Minute William J. Federer, 2003-05 This is an interesting and inspiring collection of history vignettes one for each day of the year Well known national holidays and achievements are recalled in detail as well as facts of courage sacrifice and captivating American trivia

Chosen Nation Braden P. Anderson, 2012-01-05 Christian teaching and modern sensibilities both eschew nationalism as an extreme fanatical form of patriotism an excessive or disordered form of an otherwise healthy and proper national identity But what if the problem of nationalism is something much more fundamental What if nationalism is actually the process leading to national identity in the first place And what happens when this process entails selectively appropriating and reinterpreting the Christian tradition for the sake of the envisioned nation This book takes up these questions within the context of American Christian nationalism Here the process of interweaving the Christian narrative with American history and myth is examined in depth through a thorough engagement with scholarship on nationalism and within a framework shaped by contemporary theopolitical studies and the biblical narrative The study aims to discern how the Christian Scriptures and theological tradition have been used by Christians themselves to further what amounts to an alternative gospel In so doing this book charts a path for the church to evaluate itself honestly in light of Christ's lordship repent and learn to tell its story more truly

American Gnosis Arthur Versluis, 2023-10-20 Drawing from the early Christian heretical category of Gnosticism *American Gnosis* explores the emergence of new forms of Gnostic religion throughout the Americas Arthur Versluis explores the concept of Gnosis and examines neo gnostic elements in contemporary American culture

Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history [Religious Ideology in American Politics](#) Nicole Guétin, 2014-01-10 The connections between religion and political discourse in the arena of American politics are profound and longstanding By looking at the writings of American thinkers from colonial times to the present this work argues for the consistency and permanence of the American religious vision as it relates to political life Ideas including Manifest Destiny America as God's Country and Americans as God's People are explored within this framework as is how these ideals of American exceptionalism and the City on the Hill have survived and mutated into the current U S political climate Instructors considering this book for use in a course may request an examination copy here **The Oxford Encyclopedia of American Military and Diplomatic History** Timothy J. Lynch, 2013 Entries written by renowned diplomatic and military historians as well as key scholars in international relations Provides assessments and analyses of key episodes issues and actors in the military and diplomatic history of the United States Based on the award winning Oxford Companion to United States History Comprehensive collection of entries that span the founding of the U S to its present state Offers a wide range of perspectives to provide an encompassing context of the United States military and diplomatic legacies Expansive bibliographies and suggested readings for each article to aid in research The Oxford Encyclopedia of American Military and Diplomatic History a two volume set will offer both assessment and analysis of the key episodes issues and actors in the military and diplomatic history of the United States At a time of war in which ongoing efforts to recalibrate American diplomacy are as imperative as they are perilous the Oxford Encyclopedia will present itself as the first recourse for scholars wishing to deepen their understanding of the crucial features of the historical and contemporary foreign policy landscape and its perennially martial components Entries will be written by the top diplomatic and military historians and key scholars of international relations from within the American academy supplemented as is appropriate for an encyclopedia of diplomacy with entries from foreign based academics in the United Kingdom and elsewhere The crucial importance of the subject is reflected in the popularity of university courses dedicated to diplomatic and military history and the enduring appeal of international relations IR as a political science discipline drawing on both The Oxford Encyclopedia will be a basic reference tool across both disciplines a potentially very significant market Readership University level undergraduate and graduate students in

History Destiny's Playground Mike J. Holland,2021-07-29 He works by day for Smokey which really is a rip But after work he parties be it whiskey beer or trip When he s drunk he staggers you ve never seen the sight But look at Mokey crooked and you ve got yourself a fight We ve never seen him sober we ve never seen him straight But when he s feeling lucky a fifth bottle is his date He s never had a license he s nutsey when he drives The cops say Red haired wacko he s gonna take some lives The American Conqueror Pasquale De Marco,2025-07-15 In the annals of American history few names shine as brightly as Samuel Edwards the intrepid explorer whose pioneering spirit and unwavering determination transformed the nation s destiny The American Conqueror a captivating journey through Edwards extraordinary life and legacy unveils the man behind the legend Edwards story begins in a humble frontier town where his insatiable curiosity and thirst for adventure set him on a path towards greatness As he embarks on groundbreaking expeditions he unveils the hidden treasures of a continent brimming with untapped potential His unwavering dedication to exploration expands the physical boundaries of the nation and forever alters its cultural identity Edwards tales of adventure courage and resilience ignite the imagination of Americans from all walks of life His heroic feats inspire them to embrace the spirit of exploration and to seek out new frontiers both physical and metaphorical He becomes a symbol of the indomitable human spirit the pursuit of knowledge and the unwavering belief in the transformative power of discovery Beyond his accomplishments as an explorer Edwards emerges as a passionate advocate for the preservation of the American wilderness He recognizes the profound beauty and ecological significance of the lands he traverses and tirelessly campaigns for their protection His unwavering commitment to conservation lays the groundwork for the establishment of national parks and other protected areas ensuring that future generations can experience the splendor of the natural world The American Conqueror is not merely a biography it is an exploration of the American spirit a celebration of the boundless possibilities that lie within the human heart Edwards life and legacy serve as a reminder that one individual can have a profound impact on the world around them His story inspires us to dream big to explore the unknown and to make our own mark on history In this meticulously researched and engagingly written book Pasquale De Marco brings Samuel Edwards remarkable journey to life Through vivid storytelling and insightful analysis Pasquale De Marco reveals the man behind the legend shedding new light on one of America s most iconic figures If you like this book write a review American Narcissism Wilber W. Caldwell,2006 Nationalism is unique in America Our notions of superiority spring from visions of chosen ness mission and high destiny frontier self sufficiency and the triumph of the immigrant experience Where is the line between benign patriotism and malignant nationalism individual liberty and mass tyranny *Manifest Destiny's Underworld* Robert E. May,2003-04-03 This fascinating study sheds new light on antebellum America s notorious filibusters the freebooters and adventurers who organized or participated in armed invasions of nations with whom the United States was formally at peace Offering the first full scale analysis of the filibustering movement Robert May relates the often tragic stories of illegal expeditions into Cuba Mexico Ecuador Nicaragua and other Latin American

countries and details surprising numbers of aborted plots as well May investigates why thousands of men joined filibustering expeditions how they were financed and why the U S government had little success in curtailing them Surveying antebellum popular media he shows how the filibustering phenomenon infiltrated the American psyche in newspapers theater music advertising and literature Condemned abroad as pirates frequently in language strikingly similar to modern American denunciations of foreign terrorists the filibusters were often celebrated at home as heroes who epitomized the spirit of Manifest Destiny May concludes by exploring the national consequences of filibustering arguing that the practice inflicted lasting damage on U S relations with foreign countries and contributed to the North South division over slavery that culminated in the Civil War

Love and Longing in the American Imagination Pasquale De Marco, 2025-08-08 In Love and Longing in the American Imagination we embark on a captivating journey through the rich tapestry of American literature exploring the enduring themes of love and longing that have shaped the nation's identity From the earliest Puritan settlers to the modern digital age American writers have delved into the complexities of love and longing in their works reflecting the hopes dreams and struggles of a diverse and ever changing society This book offers a comprehensive examination of how love and longing have been expressed and interpreted across different eras and genres in American literature We delve into the works of iconic American authors from Nathaniel Hawthorne and Herman Melville to F Scott Fitzgerald and Toni Morrison exploring how they have captured the essence of love and longing in their stories and novels Through the lens of literature we gain a deeper understanding of the American character and the unique challenges and opportunities that have shaped the nation's identity We see how love and longing have inspired writers to create some of the most enduring and beloved works of American literature capturing the nation's spirit and aspirations This book explores the many ways in which love and longing have manifested in American literature We examine how love has been depicted as a source of joy heartbreak and redemption We also explore the longing for home for a better life and for a more just and equitable society Love and Longing in the American Imagination is an essential read for anyone interested in American literature history or culture It offers a fresh perspective on the nation's literary heritage and provides a deeper understanding of the American experience If you like this book write a review

American Trinity Larry Len Peterson, 2017-09-11 American Trinity is for everyone who loves the American West and wants to learn more about the good the bad and the ugly It is a sprawling story with a scholarly approach in method but accessible in manner In this innovative examination Dr Larry Len Peterson explores the origins development and consequences of hatred and racism from the time modern humans left Africa 100 000 years ago to the forced placement of Indian children on off reservation schools far from home in the late 1800s Along the way dozens of notable individuals and cultures are profiled Many historical events turned on the lives of legendary Americans like the Father of the West Thomas Jefferson and the Son of the West George Armstrong Custer two strange companions who shared an unshakable sense of their own skills as their interpretation of truths motivated them in the winning of the West Dr

Peterson reveals how anti Indian sentiments were always only obliquely about them They were victims but not the cause The Indian was a symbol not a real person The politics of hate and racism directed toward them was also experienced in prior centuries by Jews enslaved Africans and other Christians Hatred and racism when taken into the public domain are singularly difficult to justify which is why Europeans and Americans have always sought vindication from the highest sources of authority in their cultures In the Middle Ages it was religion supplemented later by the philosophy of the Enlightenment In nineteenth century Europe and America religion and philosophy were joined by science and medicine to support Manifest Destiny scientific racism and social Darwinism all of which had profound consequences on Native Americans and the Spirit of the West Presenting research in anthropology archaeology biology history law medicine religion philosophy and psychology Dr Peterson provides the latest observations that delineate why the Native American s life was destroyed American Trinity is a stunning portrait a view at once unique panoramic and intimate It is a fascinating book that will make you think about the differences between belief and knowledge about the self skepticism of science and medicine and about what aspects of the world we take on faith
