**Extreme Ownership** Instaread, 2015-11-18 Extreme Ownership by Jocko Willink and Leif Babin Key Takeaways Analysis Review Preview Extreme Ownership by Jocko Willink and Leif Babin is a guide to applying leadership principles of the United States Navy's Sea Air and Land Teams SEALs to business At the center of the strategies that Willink and Babin illustrate is taking complete responsibility for everything in which all leaders are involved PLEASE NOTE This is key takeaways and analysis of the book and NOT the original book Inside this Instaread of Extreme Ownership Overview of the book Important People Key Takeaways Analysis of Key Takeaways **Don't Fear DEATH!** Michael Wort PhD, 2023-12-05 My book Don't Fear Death is my autobiography describing my memories of my earliest childhood on the Isle of Wight in southern England during WWII followed by moving to London and growing up there My schooling is described at various primary schools followed by secondary schooling at Woolverstone Suffolk at a boys boarding school on the banks of the River Orwell My university training in London is described together with my geological work in Turkey as a student and as a graduate in Ghana Papua New Guinea and the Solomon Islands I then describe my return to UK for further studies firstly for an M Sc in Metallurgy and later for a PhD in Mineral Technology It also mentions the tragic death of my father just after I had finished my first degree The book also describes my later formal immigration to Australia as a Ten pound Pommie and my subsequent interstate moves around Australia as I moved from job to job as my career as a mineral processing engineer developed The latter half of the book is taken up by describing my experiences with occult arts like clairvoyancy the Ouija board and my meeting with the amazing clairvoyant Alan Pilkington It was through him that I joined a Sai Baba group and eventually went to India to visit this spiritual master at Puttaparthi where I witnessed some amazing manifestations along with the rest my group But even more amazing is that this spiritual journey was accurately predicted by a clairvoyant trance channeling duo several years before it actually happened My book finishes with a discussion about reincarnation and the very compelling evidence that attests to its reality **Mission Unaccomplished** Alan Nadel, 2025-10-07 An analysis of how post 9 11 war movies changed from following soldiers on specific missions to chronicling war as a day to day occupation In 2003 the United States began a war in Iraq without a mission Instead of fighting to restore peace the traditional objective of warfare servicemembers faced

the grim reality that there was no goal Lacking even certainty as to who was the enemy soldiers discovered that their task was simply to survive Mission Unaccomplished explores how Hollywood grasped the experience of Iraq from the perspective of US soldiers reinventing the war film in the process Historically films such as Saving Private Ryan valorized the goals of war by chronicling missions that unambiguously contribute to the defeat of the enemy and the restoration of peace But in The Hurt Locker American Sniper Green Zone and other recent dramas soldiers just try to outlast the chaos Dramatizing the aimlessness of the war events occur in random order and soldiers have no sense of how their actions contribute to victory or peace Looking to recent WWII movies such as Dunkirk and Hacksaw Ridge which use this same cinematic vocabulary to position soldiering as merely a deadly job to be endured Alan Nadel argues that the disillusionment of Iraq has influenced cinema broadly inspiring a newly critical war film genre
