patriotism was nonetheless deeply compromised by his not having served in World War II Prats reveals how historical and cultural anxieties emerge in well known Vietnam movies in which characters inspired by the heroes of the Second World War are denied the heroic legacy of their fathers American war movies in Prats s analysis were forever altered by the loss in Vietnam Even movies like American Sniper that exalt war heroes are marked as much by the failure of the heroic tropes of old Hollywood war movies as by the tragic turn of actual historical events Tracing what Prats calls the anxiety of legacy through the films of the World War II and post Vietnam War periods this book offers a new way of looking at both the Hollywood war movie and the profound cultural shifts it reflects and refracts
