History of Romanian Technology and Industry Dorel Banabic, 2023-12-18 This volume showcases the valuable achievements of the Romanian technology and industry worldwide It started from the premise that the history of Romanian technique is scarcely known outside the borders of Romania The main Romanian contributions to the world's technological heritage are missing except for a few names in the field of aviation from the great encyclopedias and dictionaries published worldwide This is due among other reasons to the insufficient promotion in widely spoken languages of the history of Romanian technology The multidisciplinary approach of the volumes means that the field of technology had to be split into several branches The present volume includes the following industries: mining, metallurgy, oil, natural gas, machine building, agricultural machinery, military, textiles and construction Folk technology, the formation of the industrial system and mechanics are tackled in separate chapters For each field are engaged the collaboration of authors who have already published a history of their field Certain chapters were drafted with the aid of specialists who have played the part of policy makers in the elaboration of development strategies for Romania and who are familiar not only with the facts and the history of their field but also with the philosophy behind its development

Witchcraft in Romania Ioan Pop-Curșeu, Ștefana Pop-Curșeu, 2022-11-30 This book provides a history of witchcraft in the territories that compose contemporary Romania with a focus on the sixteenth to nineteenth centuries The first part presents aspects of earthly justice: religious and secular, analysing the codes of law, trials and verdicts and underlining the differences between Transylvania on one hand and Moldavia and Wallachia on the other The second part is concerned with divine justice, describing apocalyptic texts that talk about the pains of witches in hell but also the ensembles of religious painting where in vast compositions of the Last Judgment various punishments for the sin of witchcraft are imagined
