The Gates of Europe Serhii Plokhy, 2017-05-30 A New York Times bestseller this definitive history of Ukraine is an exemplary account of Europe's least known large country Wall Street Journal As Ukraine is embroiled in an ongoing struggle with Russia to preserve its territorial integrity and political independence celebrated historian Serhii Plokhy explains that today's crisis is a case of history repeating itself the Ukrainian conflict is only the latest in a long history of turmoil over Ukraine's sovereignty Situated between Central Europe Russia and the Middle East Ukraine has been shaped by empires that exploited the nation as a strategic gateway between East and West from the Romans and Ottomans to the Third Reich and the Soviet Union In *The Gates of Europe* Plokhy examines Ukraine's search for its identity through the lives of major Ukrainian historical figures from its heroes to its conquerors This revised edition includes new material that brings this definitive history up to the present As Ukraine once again finds itself at the center of global attention Plokhy brings its history to vivid life as he connects the nation's past with its present and future

Ukraine and Russia Serhii Plokhy, 2008-04-05 The question of where Russian history ends and Ukrainian history begins has not yet

received a satisfactory answer Generations of historians referred to Kyiv the capital of Ukraine as the starting point of the Muscovite dynasty the Russian state and ultimately the Russian nation However the history of Kyiv and that of the Scythians of the Northern Black Sea region have also been claimed by Ukrainian historians and are now regarded as integral parts of the history of Ukraine If these are actually the beginnings of Ukrainian history when does Russian history start In Ukraine and Russia Serhii Plokhy discusses many questions fundamental to the formation of modern Russian and Ukrainian historical identity He investigates the critical role of history in the development of modern national identities and offers historical and cultural insight into the current state of relations between the two nations Plokhy shows how history has been constructed used and misused in order to justify the existence of imperial and modern national projects and how those projects have influenced the interpretation of history in Russia and Ukraine This book makes important assertions not only about the conflicts and negotiations inherent to opposing historiographic traditions but about ways of overcoming the limitations imposed by those traditions **A History of Ukraine** ,1971 **Russia is the blood enemy of Ukraine. The true history of Ukraine and Russia from the 2nd century BC. not distorted by Russian propaganda.** Nashchubskiy,2024-04-13

This historical book reveals the secrets of the past casting light on the dark corners of the relationship between Ukraine and Russia It unfolds a large scale picture of an age old relationship shedding light on the tragic events and indescribable feats of both nations As we travel through time we will discover that the history of these two peoples is intertwined with threads of complex events dating back to ancient times Each page of the book reveals not only the fascinating drama of historical vicissitudes but also pronounced features of national character that shape the fate of peoples This deep dive into the past opens eyes to the true causes of much of Ukraine s suffering revealing complex knots of political and cultural influences from Russia But at the same time it offers a new perspective on the relationship between these peoples calling for understanding and healing of historical wounds This historical book is a ruthless expose of Russia as the root of all Ukraine s ills I will tear the covers off the centuries old lies and manipulations of the Kremlin I will prove that every historical tragedy in Ukraine has roots in Russian influence From ancient times to modern times we will look at the shocking truth hidden from us and see the real face of Russia as the main aggressor and oppressor of Ukraine This is a guide to the true history of the two peoples which will convince you to rethink the shared history of these countries **A History of Ukraine** Oleksandr Paliĭ,2018

A History of Ukraine Mykhailo Antonovych,Ukrains'ka vil'na akademii nauk,1966 **Ukraine** Orest Subtelny,Canadian Institute of Ukrainian Studies,1994 In 1988 Orest Subtelny s Ukraine was published to international acclaim as the definitive history of what was at the time a state within the USSR With this new edition of Ukraine A History Subtelny revises the story up to the spring of 2000 **Carols of Birds, Bells, and Sacred Hymns from Ukraine** Marika C. Kuzma,2024-08-30 Ukraine s abundant heritage of singing includes thousands of carols This anthology introduces an ancient culture that is nevertheless new to world audiences In this book the carols become a prism through which all of

Ukraine's history, culture, and vibrant spirit are brought to light. It includes the internationally celebrated Carol of the Bells in its original version as a winter song of gratitude and resilience and it covers sacred and secular pieces for the Christmas to New Year's season from early chant to elaborate new choral fantasies. Transliterations and translations make the carols accessible to a broad audience. Along with music scores, it shares the stories behind each carol, historical context, biographies of composers, explanations of winter rituals. Written during Russia's war on Ukraine, the book is also journalistic. These carols often carry gripping narratives of a unique choral activism that has helped Ukraine its language and its people to survive.

Two Conceptions of the History of Ukraine and Russia Natalii Polons'ka-Vasylenko, 1968 *The History of Ukraine* Paul Kubicek, 2023-06-30 The Russia-Ukraine war that began in 2022 turned the world's attention on Ukraine, the second largest country in Europe and one of the leading global exporters of wheat and other valuable commodities. Though some Russian leaders have long denied and continue to reject Ukrainian sovereignty, this book presents a comprehensive picture of Ukraine that is both intertwined with and distinct from Russian history. From its days as Kyivan Rus and its inclusion in the Russian Empire to the fall of the Soviet Union, the Euromaidan demonstrations, and the outbreak of war with Russia, Ukraine, as this book demonstrates, has developed its own identity, territory, and culture. With an up-to-date timeline of events, short biographies of contemporary and historical figures, and a useful annotated bibliography, this book unpacks the historical claims and issues relevant to the conflict with Russia and provides an accessible introduction to Ukraine and its peoples.

Kohut, Bohdan Y. Nebesio, Myroslav Yurkevich, 2013-07-11 Although present day Ukraine has only been in existence for something over two decades its recorded history reaches much further back for more than a thousand years to Kyivan Rus Over that time it has usually been under control of invaders like the Turks and Tatars or neighbors like Russia and Poland and indeed it was part of the Soviet Union until it gained its independence in 1991 Today it is drawn between its huge neighbor to the east and the European Union and is still struggling to choose its own path although it remains uncertain of which way to turn Nonetheless as one of the largest European states with considerable economic potential it is not a place that can be readily overlooked The problem is or at least was where to find information on this huge modern Ukraine and since 2005 the answer has been the Historical Dictionary of Ukraine in its first edition and now even more so with this second edition It now boasts a dictionary section of about 725 entries these covering the thousand years of history but particularly the recent past and focusing on significant persons places and events political parties and institutions as well as more broadly international relations the economy society and culture The chronology permits readers to follow this history and the introduction is there to make sense of it It also features the most extensive and up to date bibliography of English language writing on Ukraine
