*Python beyond Python* Paul N. Reinsch, B. Lynn Whitfield, Robert G. Weiner, 2017-07-14 This collection of original interdisciplinary essays addresses the work of Monty Python members beyond the comedy show films and live performances These men are prolific creators in a variety of artistic realms beyond the confines of the comedy troupe Their work as individuals before and after coming together as Monty Python demonstrates a restless curiosity about culture that embraces absurdity but seldom becomes cynical Python members collectively and individually create unique approaches to theatre film video games comic books business training videos and more Python *Beyond Python* increases our understanding of this often neglected work and the meanings of Monty Python      Telling Lies in Modern American Autobiography Timothy Dow Adams, 2017-10-10 All autobiographers are unreliable narrators Yet what a writer chooses to misrepresent is as telling perhaps even more so as what really happened Timothy Adams believes that autobiography is an attempt to reconcile one's life with one's self and he argues in this book that autobiography should not be taken as historically accurate but as metaphorically authentic Adams focuses on five modern American writers whose autobiographies are particularly complex because of apparent lies that permeate them In examining their stories Adams shows that lying in autobiography especially literary autobiography is not simply inevitable Rather it is often a deliberate highly strategic decision on the author's part Throughout his analysis Adams's standard is not literal accuracy but personal authenticity He attempts to resolve some of the paradoxes of recent autobiographical theory by looking at the classic question of design and truth in autobiography from the underside with a focus on lying rather than truth Originally published in 1990 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value      *American Women's Autobiography* Margo Culley, 1992 Focus on the works of Harriet Jacobs Elizabeth Cady Stanton Gertrude Stein Mary McCarthy Maxine Hong Kingston and others

**The Phenomenology of Autobiography** Arnaud Schmitt, 2017-05-08 Taking a fresh look at the state of autobiography as a genre *The Phenomenology of Autobiography Making it Real* takes a deep dive into the experience of the reader Dr Schmitt argues that current trends in the field of life writing have taken the focus away from the text and the initial purpose

of autobiography as a means for the author to communicate with a reader and narrate an experience The study puts autobiography back into a communicational context and putting forth the notion that one of the reasons why life writing can so often be aesthetically unsatisfactory or difficult to distinguish from novels is because it should not be considered as a literary genre but as a modality with radically different rules and means of evaluation In other words not only is autobiography radically different from fiction due to its referentiality but first and foremost it should be read differently

Artists and Their Autobiographies from Today to the Renaissance and Back Charles Reeve, 2022-11-25 Reading life writing that runs from Tracey Emin Faith Ringgold and Judy Chicago to Marie Bashkirtseff Benvenuto Cellini and beyond Artists and Their Autobiographies from Today to the Renaissance and Back investigates the intriguing doubled truths of artists' autobiographies truth in life and truth in art authorial truth's and the truth of their art as they saw it However this book focuses specifically on the truth of sincerity which here following classic discussions by Reindert Dhondt Philippe Lejeune and Lionel Trilling appears as a truth to self that floats free from facts to link avowal and feeling From there this volume merges autobiography studies with a history of ideas approach to art to trace sincerity's constancy and variability across times and cultures Through this pre disciplinary dialogue this book shows that recent and historical artists' autobiographies differ in how not if they intertwine sincerity in life and art Along the way this volume leverages the foregrounding of sincerity caused by this doubling to explore such key issues of autobiography studies as autobiography's relation to fiction serial autobiography as told to narrative and what happens when liars claim to tell all

century this hybrid and metamorphic genre is found everywhere in English letters in prose and poetry by men and women of all classes As such it resists attempts to provide a coherent historical account or establish a neat theoretical paradigm The contributors to Romantic Autobiography in England embrace the challenge focusing not only on major writers such as William Wordsworth De Quincey and Mary Shelley but on more recent additions to the canon such as Mary Robinson Dorothy Wordsworth and Mary Hays There are also essays on the scandalous Memoirs of Mrs Billington and on Joseph Severn s autobiographical scripting of himself as the friend of Keats The result is an exploratory and provisional mapping of the field provocative rather than exhaustive intended to inspire future scholarship and teaching
