**Companion to the Literature of Berlin** Andrew Webber,2017-03-09 This book provides an informative overview of literary developments in Berlin since 1750 with more detailed readings of exemplary key texts     City of Song Michael A. Figueroa,2022 Modern Jerusalem a city central to Jewish Muslim and Christian religious imaginaries and the political epicenter of the Israeli Palestinian crisis is to put it mildly a highly contested space More surprising perhaps is that its musical landscape not only reflects these rifts but also helped to define them as the ancient city transitioned to modernity during the twentieth century In City of Song Music and the Making of Modern Jerusalem author Michael A Figueroa argues that musical renderings of Jerusalem have been critical to the formation of Israeli political consciousness The book demonstrates how Israeli songwriters helped to shape their public s territorial imagination creating images of a city at once heavenly and earthly that dwells in longing that must not be forgotten that compels one to bereave the dead that represents the fulfilment of prophecy and that is the site of immense cultural diversity The dynamic history of its representation in lyrics and music helps dispel any notion that the Israeli Palestinian crisis is timeless intractable and based on static essential identities while there are continuities across historical divides radical change constantly transpires City of Song combines analyses of musical meaning political discourse and public performance over the long twentieth century 1880s 2010 to reveal

how the Israeli Palestinian crisis territorial fixation on Jerusalem has been constructed historically contingent and subject to artistic intervention in modernity Through a musical history of Jerusalem Figueroa introduces a novel humanities centered approach to one of the world s most contested cities and one of the defining cultural and political questions of our era
