Roberts,2025 *A Sea of Wealth* is a sweeping retelling of the Omani position in the Indian Ocean Here the reign of Oman's longest serving ruler Said bin Sultan offers a keyhole through which we can peer to see the entangled histories of Arabia and the Gulf South Asia and East Africa in the Omani Empire In centering this empire Nicholas P. Roberts argues that Arabs Africans and Asians living and working throughout its domains actively shaped the conditions of commercial engagement in the Western Indian Ocean They united the empire's domains into a single oceanic marketplace in which Europeans and Americans in the nineteenth century had to accede if they wished to succeed Drawing upon research in three languages and using primary and secondary sources from

four continents *A Sea of Wealth* is told as a vivid narrative full of colorful characters Ultimately Roberts reveals that the Omani Empire was a critical space in the emergence of modern global capitalism Provided by publisher *In My Mother's Footsteps* Mona Hajjar Halaby, 2021-08-05 Beautiful Poignant Phenomenal I cried and I smiled Truly a gem Goodreads reviewer A moving and heartbreaking journey of a daughter discovering her Palestinian roots and recovering her mother's beloved past Perfect for fans of *The Bookseller of Kabul* and *The Beekeeper of Aleppo* 1948 Jerusalem Zakia is forced to flee the only home she's ever known as war rips through the leafy streets and the bustling spice filled souqs Taking just one suitcase Zakia thinks she'll be able to return soon But within weeks she realises she won't be allowed back to her beloved homeland 2007 California Mona grew up with her mother Zakia's memories of Palestine imagining the muezzin's call for prayer and the medley of church bells her mother so vividly described to her So when Mona gets the opportunity to teach conflict resolution in Ramallah she also embarks on a personal pilgrimage to find her mother's home in militarized and occupied Jerusalem With cherished letters from her mother who writes to Mona regularly sharing her story of Jerusalem Mona dreams of one day being guided by her through the winding cobblestone alleys of the Old City Yet it is Mona who instead holds her mother's hand as they finally visit Jerusalem together After fifty nine years of exile her mother is returning to the place she once called home but can a lifetime of loss ever be healed Read what everyone is saying about *In My Mother's Footsteps* Will jerk those tears right out of your head Surely one of the best books of 2021 Goodreads reviewer Utterly heart breaking absorbing and tender Mona took me by the hand through the streets of Jerusalem and brought it to life in a way I've never seen before a timely and important story that will stay with you long after you finish the last page Christy Lefteri bestselling author of *The Beekeeper of Aleppo* What a powerful experience both heart breaking and joyous Thank you for inviting us to live your story Mona What a thrill to walk the streets of Jerusalem with you and your mother Pam Nicholls Powerful moving exceptionally evocative Goodreads reviewer Emotional and enlightening A must read Karen King Moving evocative and poignant a really insightful and touching book Resnas_readagram **Iraq** Andrew J. Flippert, 2023-03-20 Addressing major political developments in Iraq over the past century this book provides an up to date and accessible study of the country advancing a sympathetic yet balanced understanding of its critical role in the Middle East and North Africa MENA region and in global affairs The author introduces three concepts to aid in understanding Iraq's historical trajectory the pursuit of power the impact of state institutions and the transformation of social identities Using this analytical approach the book illuminates the unique political economic and social dimensions of Iraqi national life In addition to providing comparisons with several MENA countries and the Arab states the book evaluates Iraqi relations with external actors including the United States the European powers China and Russia Though conscious of Iraq's long and complex history special attention is paid to contemporary events ranging from Saddam Hussein's invasion of Kuwait in 1990 to the American led invasion in 2003 and more recent struggles with elections the Islamic State and democracy It is nevertheless argued that

despite its challenges Iraq's story remains hopeful moving forward in time Both wide ranging and closely focused the book is vital reading for students scholars and general audiences interested in Iraqi politics international relations and political economy *Dutch Reformed Orthodoxy and Islam* Felipe Boechat Asseruy Silva, 2025-03-10 However turbulent and virulent Christian Muslim Relations may have been throughout the centuries it does not mean that each side did not take the time to evaluate and appreciate each other's theological dogmas Felipe Boechat Asseruy Silva shows that although Christians were subjected to constant attacks and invasions by the Turks for multiple centuries they eventually Early Modern Period sought to refine their thinking about Islam and evaluate its theological tenets in a semi dispassionate form and to provide a large scale reply In the Medieval period in depth analysis of Islam from a purely theological philosophical point of view were rare Most publications frequently resorted to the use of offensive and inaccurate language which at times fomented a disagreement between the parties based not on real theological differences besides the obvious political differences but on imagined ones This volume shows that Post Reformation Reformed Orthodox theologians especially those from the Dutch Republic after having access to a long legacy of Christian Muslim written publications collected by Dutch Universities were able to build much more refined arguments and indeed present well informed apologetical theological and historical arguments against Islam The author also shows that the intense commerce between Christian and Islamic nations and the contemporary flourishing of orientalist studies in the Dutch Universities contributed to the formation of an intellectual arena that was willing to overlook past animosities and focus on the theological differences addressing them as such *The Modern Middle East* Emory C. Bogle, 1996 Examines the tumultuous history of the Middle East from 1800 to 1958 It integrates developments all over the region into a comprehensible narrative that enables readers to see the connection between significant historical events and the effects particular developments had upon one another It covers such areas as the Ottoman Empire the Russo Turkish War of 1877 the British occupation of Egypt Lebanon's religious diversity the beginning of the Turkish Nationalist Movement Palestine cultural unity under Islam Arab nationalism Iraq's rejection of Western affiliation Saudi Arabia's new wealth and prominence and the Ottoman Empire For Middle Eastern historians

Indirect Rule David A. Lake, 2024-02-15 Indirect Rule examines how states indirectly exercise authority over others and how this mode of rule affects domestic and international politics Indirect rule has long characterized interstate relationships and US foreign relations A key mechanism of international hierarchy indirect rule involves an allied group within a client state adopting policies preferred by a dominant state in exchange for the dominant state's support Drawing on the history of US involvement in the Caribbean and Central America Western Europe and the Arab Middle East David A Lake shows that indirect rule is more likely to occur when the specific assets at risk are large and governance costs are low Lake's conceptualization of indirect rule sharpens our understanding of how the United States came to occupy the pinnacle of world power Yet the consequences of indirect rule he documents including anti Americanism reveal its shortcomings As US efforts

at democracy promotion and other forms of intervention abroad face declining support at home Indirect Rule compels us to consider whether this method of rule ultimately advances US interests
