historical and cultural concern Canada's Waste Flows demonstrates that Canadians are misdirecting their attention to post consumer waste and their responsibility for minimizing it through recycling waste must be understood as a social justice issue and in particular as a symptom of ongoing settler colonialism Through a comparative study of waste management in southern and northern Canadian communities Myra Hird argues that we will only resolve our waste crisis through democratic engagement A critical and compelling book that will generate conversation and incite change Canada's Waste Flows uncovers how Canada's role as a global leader in waste production and export is key to changing Canada's waste future *Lemon-Aid Used Cars and Trucks 2011-2012* Phil Edmonston, 2011-04-25 A guide to buying a used car or minivan features information on the strengths and weaknesses of each model a safety summary recalls warranties and service tips
