Science Fiction Double Feature J. P. Telotte, Gerald Duchovnay, 2015-07-27. Critical discussion of cult cinema has often noted its tendency to straddle or ignore boundaries to pull together different sets of conventions, narrative formulas, or character types for the almost surreal pleasure to be found in their sudden juxtapositions or narrative combination. With its own boundary-blurring nature as both science and fiction, reality and fantasy, science fiction has played a key role in such cinematic cult formation. This volume examines that largely unexplored relationship, looking at how the sf film's own double nature neatly matches up with a persistent double vision common to the cult film. It does so by bringing together an international array of scholars to address key questions about the intersections of sf and cult cinema: how different genre elements, directors, and stars contribute to cult formation; what role fan activities, including con participation, play in cult development; and how the occulted or bad sf cult film works. The volume pursues these questions by addressing a variety of such sf cult works, including *Robot Monster* (1953), *Zardoz* (1974), *A Boy and His Dog* (1975), *Tetsuo*, *The Iron Man* (1989), *Space Truckers* (1996), *Ghost in the Shell 2* (2004), and *Iron Sky* (2012). What these essays afford is a revealing vision of both the sf aspects of much cult film activity and the cultish aspects of the whole sf genre.

**Joss Whedon's Big Damn Movie** Frederick Blichert, 2018-03-19. When Joss Whedon's television show *Firefly* (2002–2003) was cancelled, devoted fans cried foul and demanded more, which led to the 2005 feature film *Serenity*. Both the series and the film were celebrated for their melding of science fiction and western iconography, dystopian settings, underdog storylines, and clever, fast-paced dialogue. *Firefly* has garnered a great deal of scholarly attention; less so *Serenity*. This collection of new essays, the first focusing exclusively on the film, examines its depictions of race, ableism, social engineering, and systems of power, and its status as a crime film among other topics.
