Holocaust Impiety in Jewish American Literature Joost Krijnen, 2016-05-02 The Holocaust is often said to be unrepresentable Yet since the 1990s a new generation of Jewish American writers have been returning to this history again and again insisting on engaging with it in highly playful comic and impious ways Focusing on the fiction of Michael Chabon Jonathan Safran Foer Nicole Krauss and Nathan Englander this book suggests that this literature cannot simply be dismissed as insensitive or improper It argues that these Jewish American authors engage with the Holocaust in ways that renew and

ensure its significance for contemporary generations These ways moreover are intricately connected to efforts of finding new means of expressing Jewish American identity and of moving beyond the increasingly apparent problems of postmodernism

Genre Bending Jeremy Rosen, 2025-12-09 Detective horror fantasy romance science fiction spy thrillers westerns zombie novels In recent decades acclaimed and ambitious writers of literary fiction have increasingly gravitated to popular fiction genres In this comprehensive account Jeremy Rosen describes literary fiction's embrace of genre fiction's conceits as genre bending and argues that while literary writers adopt genres for a wide variety of purposes what they share is a revitalized attitude toward genre a recognition that while genres can be used in formulaic ways they can also be adapted and transformed endlessly Rosen reads across the outpouring of fiction of the last several decades by writers like Margaret Atwood Michael Chabon Jennifer Egan Louise Erdrich Kazuo Ishiguro Chang-rae Lee David Mitchell Cormac McCarthy Ian McEwan Haruki Murakami and Colson Whitehead He finds that literary writers' embrace of popular genres is the product of several seemingly contradictory forces including their attempt to extend a modernist inspired project of formal experiment to pursue high cultural prestige and to preserve the distinctiveness of the literary which they perceive to be under threat while also embracing the role of providing pleasure to readers Examining what today's most critically acclaimed and widely read literary writers have done with the genres of genre fiction *Genre Bending* reveals the values practices and forms as well as the tensions that constitute literary fiction today [Encyclopedia of Jewish-American Literature](#) Gloria L. Armed Jews in the Americas Raanan Rein, David M.K. Sheinin, 2021-07-05 A Jewish weapons manufacturer during the American Civil War a Jewish Canadian chair of the Metropolitan Toronto Police Board and Jewish Argentine guerrilla fighters these are some of the individuals discussed in this first of its kind volume It brings together some of the best new works on armed Jews in the Americas Links between Jews and their ties to weapons are addressed through multiple cultural political social and ideological contexts thus breaking down longstanding stilted myths in many societies about Jews and weaponry

Anti-Semitism and Jewish self-defense Jewish volunteers in the Spanish Civil War and in the 1948 Arab-Israeli war and Jewish American gangsters as ethnic heroes form part of the little researched topic of Jews and arms in the Americas *Ideological Battlegrounds – Constructions of Us and Them Before and After 9/11 Volume 1* Joanna Witkowska, Uwe Zagratzki, 2014-10-16

The effects of 9/11 ramify through a network of conduits and pathways including the examples of expressive culture this volume explores and the registration of those effects will likewise be felt in an array of documents and texts The cultural literary and mass mediated effects of 9/11 encompass the globe and the chapters in this volume assume a transnational and international range of vantage points The topics examined include the representation of Islam and Muslims in a number of texts and genres the political and psychological dilemmas faced by characters in a number of literary works and the refraction of current psycho-cultural political tensions in forms of expressive culture in which the effects of 9/11 are felt in other than explicit ways Was 9/11 a moment that punctuated and disrupted the movement of history or as one of the authors suggests did it act as a catalyst to escalate existing stereotypes The chapters investigate not just different genres and cultural forms but distinct modes of intersection between the political the cultural and the psychological One achievement of this volume is to show how 9/11's effects at times insinuate themselves in discourse through nuance and subtlety and at other times frontally assault texts and images In the words of one article modern Dutch post-9/11 novels directly participate in current cultural and political discourses By the same token these cultural and political discourses participate in novels films TV shows and the effects of 9/11 proliferate and concentrate in this exchange This volume draws timely attention to the multiple forms of this complex interaction Dr Patrick Hagopian University of Lancaster

Sacred Body Roberta Stermann Sabbath, 2023-05-30 Sacred Body Readings in Jewish Literary Illumination provides fresh and insightful interpretations of Jewish texts narratives and cultural practices that show how these artifacts unhinge the sacred from the divine and focus instead on the everyday sacred of a dynamic earthly existence that emphasizes the body celebrates life affirming decisions actions and relationships and avoids abstraction metaphysics and apocalypticism Roberta Sabbath argues that a diverse array of Jewish artifacts from sacred scripture to contemporary novels and ballet performance articulate a tradition that has existed for millennia in mythic proto-historic legalistic mystical philosophical and aesthetic expressions of Jewishness The author refers to this tradition as Jewish literary illumination and she deftly demonstrates how it illuminates the most salient message of Judaism that earthly existence and the body are also the site of the spiritual and the sacred

Race and Utopian Desire in American Literature and Society Patricia Ventura, Edward K. Chan, 2019-10-12 Bringing together a variety of scholarly voices this book argues for the necessity of understanding the important role literature plays in crystallizing the ideologies of the oppressed while exploring the necessarily racialized character of utopian thought in American culture and society Utopia in everyday usage designates an idealized fantasy place but within the interdisciplinary field of utopian studies the term often describes the worldviews of non-dominant groups when they challenge the ruling order

In a time when white supremacy is reasserting itself in the US and around the world there is a growing need to understand the vital relationship between race and utopia as a resource for resistance Utopian literature opens up that relationship by envisioning and negotiating the prospect of a better future while acknowledging the brutal past The collection fills a critical gap in both literary studies which has largely ignored the issue of race and utopia and utopian studies which has said too little about race
