William Mulholland And The Rise Of Los Angeles By Catherine Mulholland:

William Mulholland and the Rise of Los Angeles Catherine Mulholland, 2000-08-22 William Mulholland presided over the creation of a water system that forever changed the course of southern California's history. Mulholland, a self-taught engineer, was the chief architect of the Owens Valley Aqueduct, a project ranking in magnitude and daring with the Panama Canal that brought water to semi-arid Los Angeles from the lush Owens Valley. The story of Los Angeles's quest for water is both famous and notorious; it has been the subject of the classic yet historically distorted movie *Chinatown* as well as many other accounts. This first full-length biography of Mulholland challenges many of the prevailing versions of his life story and sheds new light on the history of Los Angeles and its relationship with its most prized resource, water. Catherine Mulholland, the engineer's granddaughter, provides insights into this story that family familiarity affords and adds to our historical understanding with extensive primary research in sources such as Mulholland's recently uncovered office files, newspapers, and Department of Water and Power archives. She scrutinizes Mulholland's life from his childhood in Ireland to his triumphant completion of the Owens Valley Aqueduct to the tragedy that ended his career. This vivid portrait of a rich chapter in the history of Los Angeles is enhanced with a generous selection of previously unpublished photographs. *Los Angeles Times* Best Nonfiction Book of 2000

William Mulholland and the Rise of Los Angeles, 2000 William Mulholland presided over the creation of a water system that forever changed the course of southern California's history. Mulholland, a self-taught engineer, was the chief architect of the Owens Valley Aqueduct, a project ranking in magnitude and daring with the Panama Canal that brought water to semi-arid Los Angeles from the lush Owens Valley. *The Great Thirst* Norris Hundley Jr., 2023-11-15 The story of the great thirst is brought up to date in this revised edition of Norris Hundley's outstanding history with additional photographs and incisive descriptions of the major water policy issues facing California now accelerating urbanization of farmland and open spaces, persisting despoliation of water supplies, and demands for equity in water allocation for an exploding population. People the world over confront these problems, and Hundley examines them with clarity and eloquence in the unruly laboratory of California. The obsession with water has shaped California to a remarkable extent, literally as well as politically and culturally. Hundley tells how aboriginal Americans and then early Spanish and Mexican immigrants contrived to use and share the available water, and how American settlers arriving in ever-increasing numbers after the Gold Rush transformed California into the home of the nation's preeminent water seekers. The desire to use, profit from, manipulate, and control water drives the people and events in this fascinating narrative until, by the end of the twentieth century, a large, colorful cast of characters and communities has wheeled and dealt, built, diverted, and connived its way to an entirely different statewide waterscape. The story of the great thirst is brought up to date in this revised edition of Norris Hundley's outstanding history with additional photographs and incisive descriptions of the major water policy issues facing California now accelerating urbanization.

recognized At the turn of the twentieth century the politics of connection revolved around initiatives to tie Los Angeles to other places both tangibly and metaphorically Elites built tangible connections to secure among other things the water that irrigated the citrus farms of Los Angeles the capital that propelled its businesses and the people who migrated from the Midwest to buy its houses To build metaphorical connections that located the city amid transcontinental and trans Pacific movements elites themselves often transcended nearby borders and pursued connections at will Los Angeles stood as a focal point for elite ambitions a place with a more ambivalent relationship to external connections The true story of Los Angeles s rise lies in the spectacular visions and rambunctious activism of a group of elite men dedicated to transforming a remote frontier town into a global metropolis

Land of Smoke and Mirrors Vincent Brook,2013-01-22 Unlike the more forthrightly mythic origins of other urban centers think Rome via Romulus and Remus or Mexico City via the god Huitzilopochtli Los Angeles emerged from a smoke and mirrors process that is simultaneously literal and figurative real and imagined material and metaphorical physical and textual Through penetrating analysis and personal engagement Vincent Brook uncovers the many portraits of this ever enticing ever ambivalent and increasingly multicultural megalopolis Divided into sections that probe Los Angeles s checkered history and reflect on Hollywood s own self reflections the book shows how the city despite considerable remaining challenges is finally blowing away some of the smoke of its not always proud past and rhetorically adjusting its rear view mirrors Part I is a review of the city s history through the early 1900s focusing on the seminal 1884 novel Ramona and its immediate effect but also exploring its ongoing impact through interviews with present day Tongva Indians attendance at the 88th annual Ramona pageant and analysis of its feature film adaptations Brook deals with Hollywood as geographical site film production center and frame of mind in Part II He charts the events leading up to Hollywood s emergence as the world s movie capital and explores subsequent developments of the film industry from its golden age through the so called New Hollywood citing such self reflexive films as Sunset Blvd Singin in the Rain and The Truman Show Part III considers LA noir a subset of film noir that emerged alongside the classical noir cycle in the 1940s and 1950s and continues today The city s status as a privileged noir site is analyzed in relation to its history and through discussions of such key LA noir novels and films as Double Indemnity Chinatown and Crash In Part IV Brook examines multicultural Los Angeles Using media texts as signposts he maps the history and contemporary situation of the city s major ethno racial and other minority groups looking at such films as Mi Familia Latinos Boyz N the Hood African Americans Charlotte Sometimes Asians Falling Down Whites and The Kids Are All Right LGBT
