We've learned language acquisition in school isn't linear and rote but rather dynamic, meaningful, and collaborative. Multilingual learners thrive through the production of oral and written language. Dr. Nancy Akhavan: Are you ready to teach multilingual learners with instruction that reflects current English Language Development (ELD) standards? Language acquisition expert Dr. Nancy Akhavan provides a flexible resource that delivers what students need most: experiences that teach language skills through intellectually engaging texts, tasks, and lively communication with peers. **Cinnamon Scheufele**, Executive Director, Curriculum and Instruction, Lindsay Unified School District, Lindsay, CA **Book Review 2** As a teacher educator, this curriculum is exactly what I wished I had to give my early career teachers who needed structure, scaffolding, and support in fine-tuning their instruction. The unit design, with the foundations, paves the way, leads the way, and assesses, serves as the foundation upon which each lesson rests. The lessons are laser

focused to standards and learning outcomes and the assessment perfectly aligns I enthusiastically support this curriculum which has the potential to promote significant changes in the literacy trajectories for students and districts Molly Ness VP Academic Content Learning Ally      Circular - Office of Education United States.
