Assessment of Older Adults with Diminished Capacity, 2008 [Handbook of Gender and Sexuality in Psychological Assessment](#) Virginia Brabender, Joni L. Mihura, 2016-02-05 Handbook of Gender and Sexuality in Psychological Assessment brings together two interrelated realms: psychological assessment with gender and sexuality. This handbook aids in expanding the psychological assessors knowledge and skill when considering how gender and sexuality shapes the client's and the assessor's experiences. Throughout the six sections, gender and sexuality are discussed in their relation to different psychological methods of assessment, various psychological disorders, special considerations for children, adolescents, and older adults, important training and ethical considerations, as well as several in depth case discussions.

Capacity Assessment and the Law Kelly Purser, 2017-05-22

This book discusses theoretical issues standards and professional considerations arising when legal and health practitioners undertake legal capacity assessments in the context of wills enduring powers of attorney and advance health directives The potential loss of cognition can erode autonomy as individuals lose the ability to make their own legally recognised decisions This is an inescapable problem with significant legal social health and policy repercussions This work synthesises and critically analyses the existing literature including some of the best assessment models and guiding principles internationally to generate a new methodology and understanding of what capacity assessment best practice means This includes the impact of assessments on individual autonomy the ideal method building upon respect for both autonomy as well as fundamental human rights The triggers to assess capacity who to involve in the assessment process as well as how to conduct that assessment process are discussed The crucial relationship between the legal and health professionals involved in assessments including growing concerns around practitioner liability is also explored This analysis is undertaken through the innovative use of a therapeutic jurisprudence lens the effect of which is to contribute new knowledge to this complex field
