Medical Perspectives on Human Trafficking in Adolescents Kanani E. Titchen,Elizabeth Miller,2020-07-01 Human trafficking is an increasingly large issue in medicine particularly for the adolescent population The pubertal and neurologic development of early and mid adolescence may serve as a foothold for trauma bonds and human trafficking To date there are few case studies of human trafficking in the medical literature More often these cases are missed and human trafficking patients are unlikely to disclose their victimization to their physicians for multiple reasons As a result physicians fail to ask key questions and fail to notice important red flags for human trafficking Research shows that this is primarily due to a lack of medical training and awareness and a resultant denial on the part of many physicians that victims of human trafficking present to their clinics or specialties div This book provides clinicians with a case based guide to scenarios they may encounter in their practice that involve human trafficking These cases include those involving sex trafficking and labor trafficking male and female and transgender victims victims from a range of racial ethnic geographic and socioeconomic backgrounds as well as presentations of adolescent and young adult victims to fields such as adolescent medicine general pediatrics neonatology rheumatology transplant medicine and obstetrics gynecology in addition to the stereotypical presentations to emergency departments Each case is followed by a discussion that highlights key aspects of human trafficking in adolescent and young adult patients These discussions also reference the growing body of research on human trafficking orient the reader to medico legal aspects of reporting human trafficking in the adolescent and young adult populations and feature useful questions exercises and resources to promote discussion among those medical professionals who interact with adolescent medicine and young adult patients Written by physicians legal advocates and lawyers *Medical Perspectives on Human Trafficking in Adolescents* is the definitive guide for all clinicians who care for adolescent patients It is also a useful resource for mental health professionals and social workers

PS - It's All About Love Kim Weiler,2017-01-17 Kim Weiler knows how hard it is to live with psoriasis Since the age of nineteen she s navigated the frustration depression anger and feelings of shame it can cause She knows what it s like to worry that people will discover your secret She understands the fear of judgement that comes with a painful visible autoimmune disorder Through her path to healing she has knowledge that she passionately shares with you about replacing all that doubt fear and self criticism with the greatest medicine of all Love If you ve picked up this book you ve already tried just about everything your doctor or dermatologist has to offer and chances are those treatments don t work reliably or they have undesirable side effects Kim helps you find patience and gratitude while teaching that your illness is your body communicating with you She shows you what loving yourself really means in the context of healing your skin It means changing the way you think about caring for yourself physically emotionally and mentally It means making a daily commitment to positive changes that might seem impossible at first including proper nutrition and other techniques that heal you from the inside out Her goal in writing this book and in her practice is to prevent you from trying everything out of desperation like she did and to help you find the self love needed to get you through each and every day As she says Today is the day to take control of your health to eat right think right love right and in return your skin will love you for this

Others' Milk Kristin J. Wilson,2018-08-27 Breastfeeding rarely conforms to the idealized Madonna and baby image seen in old artwork now re cast in celebrity breastfeeding photo spreads and pro breastfeeding ad campaigns The personal accounts in *Others Milk* illustrate just how messy and challenging and unpredictable it can be an uncomfortable reality in the contemporary context of high stakes motherhood in which successful breastfeeding proves one s maternal mettle Exceptional breastfeeders find creative ways to feed and care for their children such as by inducing lactation sharing milk or exclusively pumping They want to adhere to the societal ideal of giving them the best but sometimes have to face off with dogmatic authorities in order to do so Kristin J Wilson argues that while breastfeeding is never going to be the feasible choice for everyone it should be accessible to anyone Early's Physical Dysfunction Practice Skills for the Occupational Therapy

She Needs Nay Dawson, 2024-03-21 Many of us look as though we're fine And that's just how we prefer it especially if members of a church full of people doing fine Few of us want to stick out or be seen as disruptive So we're reluctant to volunteer concerns or difficulties The problem is then that leaders easily assume that all is well Which suits them fine They can carry on with their plans and strategies But how different this impression would be if they took time to find out what people honestly think Nay Dawson's book *SHE NEEDS* has done just this she has given women the space and safety to share their actual experiences of church life She never pushes a theological agenda nor does she claim to offer a programme for how to respond She merely wants us all to listen to what so many have felt This is not an easy book to read as a result But it is important As Mark Meynell Langham Partnership writes in his foreword I'm sad this book had to be written But I am equally sure that it did Many people men as well as women will be very grateful to Nay for this helpful and challenging book
