foreign policy since the 19th century a trajectory founded by slavery and genocide of indigenous peoples and then imperially expanded non stop Malign happens to be a term currently very much in vogue across the Beltway but always to designate US competitors Russia and China Griffin consistently challenges Beltway gospel demonstrating that if the US had not entered WWI there may have been no WWII He unmasks the lies surrounding the true story of the Pearl Harbor attacks He asks If the US was really guided by God how could it choose to bomb Hiroshima and Nagasaki knowing that the atomic bombs were not necessary to end the war Griffin also shows how the Cold War was actually conceptualized several years before the 1950 National Security Council paper 68 NSC 68 He revisits the origins of irrational hatred of Iran the demonization of Cuba the lies surrounding the Vietnam debacle the false flags across Europe via Operation Gladio the destruction of Yugoslavia the decades long evisceration of Iraq and the ramifications of the Full Spectrum Dominance doctrine This sharp concise history of the American Empire ultimately demonstrates in Griffin s analysis the fraud of endorsing self praising American Exceptionalism A must read Pepe Escobar Asia Times Hong Kong **America on the Brink** David Ray Griffin, 2023-05-01

The American government through its media has convinced most Americans to support the Ukrainian government This books shows why this is a mistake The United States promised Mikhail Gorbachev that NATO would not expand one inch eastward and there had been ample warnings by George Kennan and others that moving NATO eastward especially moving into Georgia and Ukraine would cause problems for Russia In Ukraine prior to 2014 Ukrainian and Russian speakers were coexisting tolerably well But in 2013 and 2014 neocons in Obama s administration engineered a coup with help from neo Nazis turning Ukraine into a Russia hating nation The war in Ukraine began that year not in 2022 when Russia attacked in order to protect the Russian speaking regions under attack by the new coup government in Kiev Although this book is primarily about the war in Ukraine it also shows how in one sense the war in Ukraine is simply one more instance in the trajectory of American imperialism as illustrated by previous US interventions in Iran Guatemala Cuba Brazil Greece Dominican Republic Panama and Iraq In another sense this war reveals just how committed America is to maintaining a unipolar world order Because this war illustrates that America is willing to threaten nuclear holocaust it is almost as if people in the U S State Department and military believe that life is not worth living unless the US can control the world
